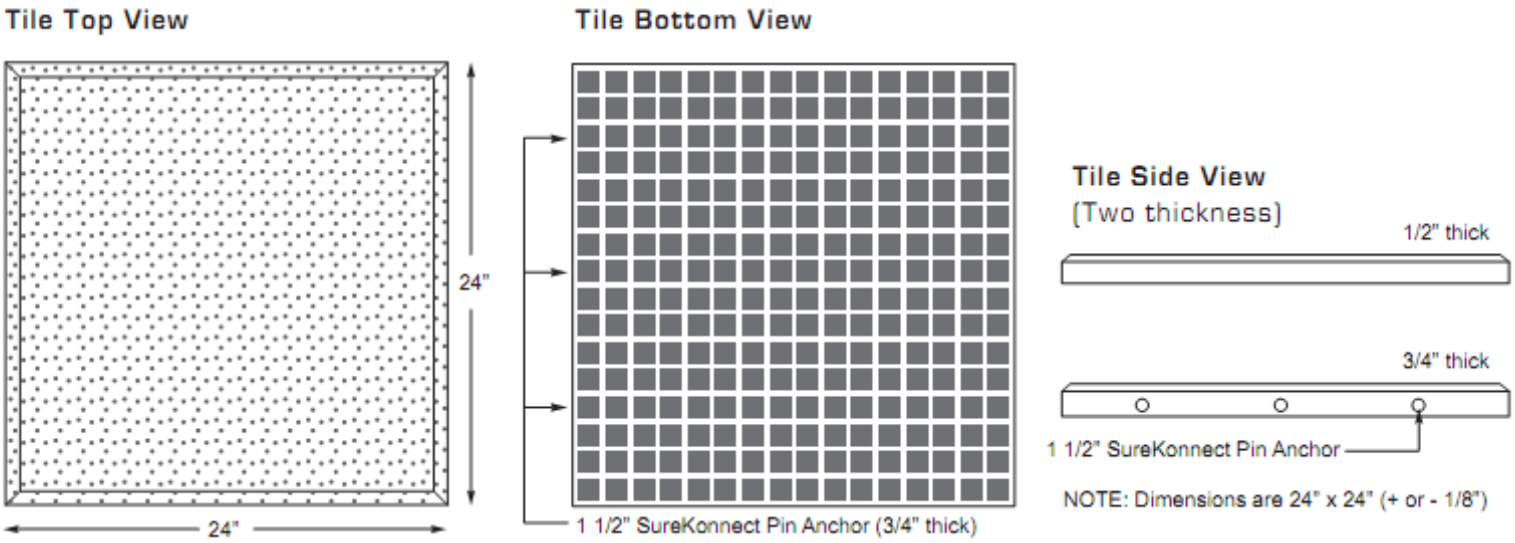
More choice, better quality – The EMC edge

Our architectural tiles transform hard floors and surfaces into attractive, slip-resistant, comfortable areas – perfect for daycare centers, churches, shopping malls, utility areas, walkways, garages, and around swimming pools.

"Once again thank you so much for the phenomenal response. It is a pleasure to work with a company as committed as EMC to servicing the customers".

Emily Bristow, SoftPlay

Tech Data



Physical Properties

Test Description	ASTM	Result
Flame Spread	E108	Class A
Flammability	E648	Class II
Flammability	2859	Pass
Toxicity	2075	Lead Free
Slip Resistance	F1677	Dry 0.63, Wet .052
Skid Resistance	E303	Dry 96, Wet 47
Tensile Strength	D412	1175.3 psi
Wear Resistance	D3884	1.64% Loss/3000c
UV Resistances	QPanel QUV	<3.0/4032 ksqm

Finish Options

Paver Tiles are available in Flat Top or Brick Top patterns in 11 standard colors. (Brick Top only available in 3/4")
