Notes: 1995: Daiper services, food donation. 1996: Daiper services, food donation. 1998: City began encouraging local food handling concerns to donate their excess food.

Notes: 1995: Including waste wood chipping. For mid term planning, a model procurement policy for the City was selected to be drafted. The policy will provide guidelines for potential users to adapt to their own situation and circumstances. 1996: Including waste wood chipping. For mid term planning, a model procurement policy for the City was selected to be drafted. The policy will provide guidelines for potential users to adapt to their own situation and circumstances.
1999: The City purchases post consummer contents paper, encourages use of reusable cups and buys compost for landscaping.

Notes: 1996: Curbside recycling collection was expanded in 1996.
1999: The residential curbside program was upgraded through the use of automated collection methods. Greenwaste and recyclables are collected weekly in 64 gallon containers. Rubbish is collected in 96 gallon containers also on a weekly basis.

Notes: 1996: drop off at Palos Verdes Landfill.
1999: City residents use the Palos Verdes Landfill to drop off a variety of items including OCC, scrap metal and non-CRV containers.

Notes: 1999: The Palos Verdes Landfill is one of two sites that City residents use. The site accepts CRV and non CRV items, such as glass, newspaper, OCC, metal cans, and scrap metal. It is partially operated by the LA County Sanitation District.

Notes: 1996: Office paper recycling at City Hall.
1999: City co-sponsors program that helps permitted hauler provide on-site pick-up service to businesses. The City secured a hauler to handle manure pick-up from stables and delivery to composting facilities.

Notes: 1995: This is "manure disposal ban." However, the city found out that most of the manure are recycled.
1999: To reforce program, the City worked with a consultant to locate sites throughout the South Bay that would accept manure for composting.

Notes: composting rebates, recycling awards, beautification grants

Notes: 1995: The City has enacted building code modifications limiting vegetative planting and requiring consideration of design modifications which might benefit composting. 1996: The City has enacted building code modifications limiting vegetative planting adn requiring consideration of design modifications which might benefit composting.

Notes: 1995: Salvage at the transfer station (not in the City)

Notes: The City provides ADC to area landfills through its green waste diversion programs, but it does not use ADC within the City.

Notes: 1995: Palos Verdes Recycling Center has been used as drop off. Got grant money for feasibility study for new facility in Redondo Beach. 1996: Currently it is a feasibility study phase. The City will utilize the permanent HHW facility located in the City of Redondo Beach. 1997: The City may utilize the Redondo Beach facility.

Notes: 1995: Peninsula HHW Round Up sponsored by UNOCAL was dropped. However, a periodic collection has been implemented using the Palos Verdes Recycling Center and the City Hall. 1996: Peninsula HHW Round Up sponsored by UNOCAL was dropped. However, a periodic collection has been implemented using the Palos Verdes Recycling Center and the City Hall. 1997: Utilize regional round ups hosted in RPV and other regional cities.

Notes: 1997: To be dropped, not feasible
