

CalRecycle / Division of Recycling
Beverage Container Recycling and Litter Reduction Program
 Program Reform - Focus Group Workshop #7
 Requested Actions and Parking Lot Items

PARKING LOT ITEMS		Assigned	Note
Workshop # 7 – October 31, 2012 – Parking Lot Items			
FGW7.PL: 1) Today we have the opportunity to produce food grade material from recyclables. This could address current materials that do not have viable markets for recycling material into new products. It needs to be post-consumer material and it will require legislation.			
END			

REQUESTED ACTION ITEMS		Assigned	Note
Workshop # 7 – October 31, 2012 – Requested Action Items			
FGW7.AI: 1) Need the sales data, cost of recycling, size of the market, and scrap value for container & beverage types that the Department is considering.			
IV.A: 1,2,5,6: 2) What percentage of products that are specifically excluded from the program have their containers landfilled and not recycled?			
IV.A: 1,2,5,6: 3) What percentage of recycled beverage containers are containers from products specifically excluded from the program? How much non-CRV containers are in all recycled beverage containers?
