

SOLID WASTE FACILITY PERMIT

Facility Number:

33-AA-0007

1. Name and Street Address of Facility:

Lamb Canyon Sanitary Landfill
16411 State Highway 79
Beaumont CA 92223

2. Name and Mailing Address of Operator:

Riverside County Department of Waste Resources
14310 Frederick Street
Moreno Valley CA 92553

3. Name and Mailing Address of Owner:

Riverside County Department of Waste Resources
14310 Frederick Street
Moreno Valley CA 92223

4. Specifications:

a. Permitted Operations: Solid Waste Disposal Site

b. Permitted Hours of Operation: Receipt of Refuse/Waste: 4:00 a.m. – 9:00 p.m. Monday - Sunday
Ancillary Operations/Maintenance Operating Hours: 24 hours, 7 days per week;
Facility Closed on the following: New Year's Day; Memorial Day; Independence Day;
Sunday Prior to Labor Day; Labor Day; Thanksgiving Day; Christmas Day

c. Permitted Maximum Tonnage: 5000 Tons per Day
Beneficial Reuse: 500 Tons per Day

d. Permitted Traffic Volume: 913 Vehicles per Day

e. Key Design Parameters (Detailed parameters are shown on site plans bearing EA and CalRecycle validations):

	Total	Disposal	Transfer/Processing	Composting	Transformation
Permitted Area (in acres)	580.5	144.6			
Design Capacity (cu.yds)		38,935,653			
Max. Elevation (Ft. MSL)		2460			
Max. Depth (Ft. BGS)		350			
Estimated Closure Year		2029			

Upon a significant change in design or operation from that described herein, this permit is subject to revocation or suspension. The attached permit findings and conditions are integral parts of this permit and supersede the conditions of any previously issued solid waste facility permit.

5. Approval:

Steve Van Stockum, Director
Riverside County Department of Environmental Health

6. Enforcement Agency Name and Address:

Riverside County Department of Environmental Health
3880 Lemon St, Ste. 200
Riverside CA, 92501

7. Date Received by CalRecycle:

April 22, 2016

8. CalRecycle Concurrence Date:

9. Permit Issued Date:

10. Permit Review Due Date:

11. Owner/Operator Transfer Date:

SOLID WASTE FACILITY PERMIT

Facility Number:

33-AA-0007

12. Legal Description of Facility:

Approximately three acres in S1/2 of SE ¼ of Section 20 approximately 77 acres in NE ¼ of Section 30 the S ½ of SW ¼ of Section 21, the W ½ of Section 28, the W ½ of NE ¼ of Section 28, and all of Section 29; Township 3 South, Range 1 West, San Bernardino Base and Meridian. Latitude and Longitude: 33.87 N, -117.12 W. Lamb Canyon Joint Technical Document No. 18 Report of Disposal Site Information; June 2014 with update February 2015

13. Findings:

- a. This permit is consistent with the Riverside County Integrated Waste Management Plan, which was approved by CalRecycle (CalRecycle) and amended on September 23, 1998. The location of the facility is identified in the Countywide Siting Element (pages 4-20 & 21), pursuant to Public Resources Code (PRC), Section (§) 50001(a).
- b. This permit is consistent with the standards adopted by CalRecycle, pursuant to PRC 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency, pursuant to PRC 44009.
- d. The Riverside Fire Department has determined that the facility is in conformance with applicable fire standards, pursuant to PRC, 44151.
- e. Addendum No.1, Lamb Canyon Landfill Solid Waste Facility Permit Revision, Mitigated Negative Declaration for Environmental Assessment No. 39652. The filing of Notice of Determination is in compliance with Section 15075 of the California Environmental Quantity Act, CEQA Guidelines (California Code of Regulations, Title 14, Chapter 3).

14. Prohibitions:

The permittee is prohibited from accepting the following wastes:

Hazardous, radioactive, medical (as defined in Chapter 6.1, Division 20 of the Health and Safety Code), liquid, designated, or other wastes requiring special treatment or handling, except as identified in the Joint Technical Document and approved amendments thereto and as approved by the enforcement agency.

The permittee is additionally prohibited from the following activities:

- a. Disposal of waste beyond the maximum daily tonnage
- b. Acceptance of any material after the proposed grade is met
- c. Burning of wastes
- d. Scavenging

Solid Waste Facility Permit

Facility Number:

33-AA-0007

16. Self Monitoring:

The owner/operator shall submit the results of all self-monitoring programs within 30 days of the end of the reporting period to the Enforcement Agency: For reports due monthly the report is due on the 10th day of the month or on the first working day thereafter. For reports due quarterly the report is due by the end of the 30 day of the following month. Information required on an annual basis shall be submitted within 45 days of the end of the reporting period.

Program	Reporting Frequency
a. The types and quantities (in tons) of waste, including separated or commingled recyclables, entering the facility per day.	Monthly
b. The number and types of vehicles using the facility per day.	Monthly
c. Results of the hazardous waste load checking program, including the quantities and types of hazardous wastes, medical wastes or otherwise prohibited wastes found in the waste stream and the disposition of these materials.	Monthly
d. Copies of all written complaints regarding this facility and the operator's actions taken to resolve these complaints.	Monthly
e. Results of the landfill gas monitoring program.	Quarterly
f. Wet weather preparedness report/winter operations plan.	Annually
g. Fill sequencing plan for the forthcoming year.	Annually
h. Remaining site capacity.	Annually
i. Maintain Daily records of beneficial reuse for ADC.	Monthly

SOLID WASTE FACILITY PERMIT

Facility Number:

33-AA-0007

17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 27 California Code of Regulations.
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel and the EA at all times.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the EA.
- d. The maximum permitted daily tonnage for this facility is 5000 tons per day, and shall not receive more than this amount without a revision of this permit. Up to 500 tons per day may be used for beneficial reuse.
- e. A copy of this permit and the current JTD shall be maintained at the facility and kept available for review.
- f. This facility is permitted to accept the following wastes as described in the JTD: agricultural, non-hazardous asbestos containing wastes, ash, construction and demolition, contaminated soil (subject to approval process), dead animals, industrial (subject to approval process), inert, non-hazardous high moisture content wastes, mixed/municipal solid waste, non-hazardous sewage sludge, special waste as allowable under all applicable permits and (i.e., non-hazardous bottom ash, triple rinsed and punctured empty pesticide containers), treated wood waste, registered vehicles and CRT lead lined glass.
- g. This facility may accept tires for recycling. Single tires comingled in waste stream, and not readily removable from the waste stream, are allowed to be buried.
- h. This facility may accept scrap metals, white goods/appliances, and E-waste and universal waste for recycling, sharps and household hazardous waste collection for recycling.
- i. This site shall maintain a formal hazardous waste monitoring program as stated in the JTD. The operator shall provide an employee training program to address the recognition, and proper response to hazardous material incidents.
- j. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of a JTD amendment, to the EA at least 180 days in advance of the change.
- k. This permit is subject to review by the EA and may be temporarily suspended or revoked at any time by the EA for sufficient cause, in accordance with Division 30 of the Public Resource Code, Part 4, Chapter 4, Article 2, Sections 44305 et seq and associated regulations.
- l. The operator shall utilize specific safety procedures and implement health and safety measures as described in the JTD.
