Subject: Issuance of Registration Permit for Sun Dry Products, Inc.
Facility No. 50-AA-0028, Stanislaus County

Dear Mr. Davis, *Jim,*

On November 28, 2011 the Department of Resources Recycling and Recovery (CalRecycle), acting as the Local Enforcement Agency (EA) for Stanislaus County, received a registration permit application for the subject facility. The registration permit application was accepted as complete on December 19, 2011.

Pursuant to Title 14, California Code of Regulations (14 CCR), Section 18104.7, registration permits are required to be reviewed at least once every five years and re-issued if the operator has filed a certification of "no change" or a new application reflecting the change is submitted. The operator certified in the application package that no changes have occurred. CalRecycle staff have determined after review of the subject permit that no changes have occurred that would warrant a change in the permitting tier. The new registration permit is attached. Please note the new five year permit review date will be December 20, 2016.

If you have any questions, please contact Joy Isaacson at 916-341-6772 or joy.isaacson@calrecycle.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark de Bie".
