13. Findings:

- a) Pursuant to Public Resources Code §50001 (b), this solid waste facility is a material recovery facility and transfer station which is not designed to, and which is not a condition of its permit, recover for reuse or recycling at least 5 percent of the total volume of materials received by the facility, and therefore is not required to comply with the requirements of Public Resources Code §50001. The facility is identified in the City of San Diego Non Disposal Facility Element (September 2008).
- b) This permit is consistent with standards adopted by CalRecycle, pursuant to PRC §44010.
- c) The LEA has determined that the design and operation of the facility is in compliance with the State Minimum Standards for Solid Waste Handling and Disposal, based on a review of the January 2014 Transfer Processing Report (TPR) and an inspection of the facility conducted on March 11, 2014.
- d) The LEA has reviewed and considered the information contained in the Negative Declaration (SCH# 2003071067) dated August 25, 2003, prepared by the City of San Diego and adopted by the Hearing Officer of the City of San Diego on August 27, 2003, and finds that there are no significant unmitigatable environmental effects arising out of the issuance of this Solid Waste Facility Permit. A Notice of Determination was posted by the San Diego County Clerk on September 8, 2003.
