## 15. Conditions: (continued)

- d. The permittee shall maintain a copy of the Fire Authority approval at the facility. The permittee shall maintain copies of all waste & used tire manifests documenting tire movement in and out of the facility for a minimum of 3 years. The permittee shall maintain a copy the Operation Plan and the Emergency Response Plan at the facility. At the time of permit issuance, the permittee shall forward a copy of the Emergency Response Plan to the local fire authority. The Emergency Response Plan shall be revised as necessary to reflect any changes in the operations of the waste tire facility or requirements of the local fire authority. Such revisions to the operation plan or emergency response plan will not be effective until CalRecycle concurs with the revisions. All emergency phone numbers shall be updated immediately.
- e. A copy of this permit shall be posted in a visible location at the facility.
- f. Local fire authority permits or other approvals referenced in this permit shall be maintained in force during the term of this permit. In the event the permittee intends to modify any permit or approval from another government program, including but not limited to Air Resources Board, State Water Control Board, or CalRecycle programs, during the term of this permit, the permittee shall notify CalRecycle in writing within at least 30 days prior to the change and include copies of any renewed or modified permits or approvals from these agencies. In the event any permit or approval from another government program is suspended or revoked, or expires during the term of this permit, the permittee shall notify CalRecycle in writing within 5 working days of the suspension, revocation or expiration, and include copies of the pertinent documents with the notification.
- g. This permit does not release the permittee from their responsibility under any other existing laws, ordinances, regulations, or statutes of other government agencies.
- h. The terms and conditions of this permit may change as a result of a revision of CalRecycle's statutes or regulations.
- i. The permittee must report to CalRecycle the receipt of 10 or more waste or used tires from unregistered haulers in a manner that is consistent with Title 14 CCR §18461.
- j. All site conditions, equipment, and precautions outlined in the Waste Tire Facility Operation Plan shall remain in force. In no case shall the permittee implement any change of permit conditions herein without first seeking approval from CalRecycle by submitting a written notice of the proposed change to the Enforcement Agency at least 90 days in advance of the change.
- k. CalRecycle staff reserves the right to suspend or modify waste tire receiving and/or storage operations when deemed necessary due to an emergency, a potential health hazard or the creation of a public nuisance, to protect the public health and safety, protect and rehabilitate or enhance the environment, or to mitigate adverse environmental impacts.
- l. Violation of any term or condition of this permit or the Waste Tire Storage and Disposal Standards may result in enforcement action(s) which include but are not limited to the following: issuance of orders (clean up and abatement or cease and desist); penalties (civil, administrative, criminal); and permit revocation or suspension.
- m. The permittee shall manifest all Tire Derived Product (TDP) loads, other than crumb rubber, or obtain written approval from CalRecycle prior to allowing the transport of TDP, as defined by PRC sections §42805.7 and §42950(i), pursuant to Title 14 CCR §18451. Requests for such approval shall include proof of sale. Failure to obtain approval of the transport of the product may result in enforcement action.
- n. Altered tire materials greater than ¼" in size stored on-site are considered waste tires and will count toward the Maximum Permitted Capacity declared on page one of this permit.
- o. The beneficial reuse of waste tires in on-site construction projects must be pre-approved as required by Title 14 CCR §17346(f).
- p. The permittee shall only give, contract, or arrange with California registered used and waste tire haulers to transport waste tires or tire pieces (greater than 1/4") away from the facility, unless the hauler is exempt as specified in PRC §42954, or CalRecycle has granted written approval to the permittee or the hauler.
- q. Waste tires shall be stored as shown in the site plan on page 5 of this permit. Tire pile number 1 is 22 ft. x 25 ft. x 5 ft. with no more than 300 tires. Tire pile number 2 is 22 ft. x 25 ft. x 5ft. with no more than 300 tires. Tire pile number 3 is 20 ft. x 30 ft. x 5 ft. with no more than 300 tires. Tire piles lettered A-H are each no more than 50 ft. x 20 ft. x 6 ft. in dimension and contain no

more than 500 tires pile for a total of no more than 4,000 tires. At no time may the total waste tires on site exceed 4,999 passenger tire equivalents.

- r. This permit has been issued to the operator for the waste tire facility located at 1453 South 7<sup>th</sup> Street Modesto, California and is not transferable to any other location (PRC §42808).
- s. The permittee shall maintain a record of the total number of waste tires on-site measured once each month, and provide a quarterly report to CalRecycle containing that information in either electronic or written format.
- t. Prior to initiating closure of this facility, the permittee shall notify and obtain written approval from CalRecycle of the proposed final destination sites, where the tires are planned to be taken (14 CCR §§18440 & 18441).
- u. The permittee will maintain all emergency equipment in working order, including the following, by inspecting this equipment monthly: on-site fire hoses and racks, forklifts and fire extinguishers.
- v. The permittee must maintain and make available to the Enforcement Agency, CalRecycle staff, or other authorized agents of CalRecycle, an Equipment Downtime Log. The log should include occurrences that affect the normal day-to-day processing of incoming or outgoing tires.
