5. Approval:

Approving Officer Signature

Susan Markie, Chief
Permitting & Assistance Branch
Waste Permitting, Compliance & Mitigation Division
Department of Resources Recycling and Recovery (CalRecycle)

6. Enforcement Agency Name and Address:

Department of Resources Recycling and Recovery (CalRecycle)
1001 I Street
P.O. Box 4025
Sacramento, CA 95812

Waste Tire Hotline: (866) 896-0600

7. Date Application Received:

September 25, 2011

8. Date Application Accepted:

October 5, 2011

9. Permit Issued Date:

December 14, 2012

10. Permit Application Renewal Due Date:

December 14, 2016

11. Permit Expiration Date:

December 14, 2017

WASTE TIRE FACILITY PERMIT

Facility/Permit Number:

TPID # 1613306

12. Legal Description of Facility:

Assessor's Parcel Number (APN): 015-164-270

13. Findings:

- a. This permit is consistent with the standards adopted by the California Department of Resources Recycling and Recovery (CalRecycle) as required by Title 14, California Code of Regulations (CCR), Division 7, Chapter 6.
- b. The design and operation of the facility is consistent with the Waste Tire Storage and Disposal Standards applicable to a minor waste tire facility, pursuant to §42830 et. seq. and implementing regulations found in 14 CCR, Division 7, Chapter 3.
- c. The facility site is located in a mixed industrial zone in accordance with and consistent with South San Francisco Municipal Code and local zoning designation. It is determined that the project as submitted is categorically exempt pursuant to 14 CCR, §15301, Existing Facilities.
- d. This permit does not release the permittee from their responsibility under any other existing laws, ordinances, regulations or statutes of other government agencies.
- e. Unit 9 of 214 Shaw Road is shared by the permittee and a separate and distinct entity, B.A.Y. Tires, Inc. B.A.Y. Tires, Inc., only sells used passenger tires; permittee sells only used truck tires but its primary business purpose is baling and shipping waste tires.

15. Conditions – Site Specific

- a. The permittee shall store no more than 4,999 waste tires on site, in accordance with conditions b, and d, below, at any given time. A waste tire includes repairable tires, scrap tires, baled tires, altered tires, and those within containers, but does not include crumb rubber (less than or equal to 1/4 inch in size) or a properly stored used tire.
- b. Waste tires shall be stored only in the designated areas shown in the site plan on the final page of this permit. The maximum sizes of the storage locations shall be as follows: the tire storage area labeled "Scrap Tires" is 25 ft. x 30 ft. x 6 ft; the tire storage area labeled "Used Truck Tires" is 25 ft. x 30 ft. x 6ft. Tires may also be stored in cargo containers on trucks that are parked at or near the loading dock or in bales in the areas shown for bale storage in the building. Baled tires may only be stored in the area designated for baled tires, within the boundary of the area designated for scrap tires, or in cargo containers on trucks that are parked at or near the loading dock. Any used truck tires within the area designated for used truck tires, and any used tires within the area designated used tires for resale, must be stored in compliance with the definition of used tire as set forth in PRC section 42806.5(c), or said tires will be deemed waste tires and shall count toward permittee's total waste tire count.
- c. The permittee shall cause a permanent demarcation or delineation to identify the physical boundary between Global Waste Management and B.A.Y. Tires, Inc.

WASTE TIRE FACILITY PERMIT

Facility/Permit Number:

TPID # 1613306

- d. All waste tires within the structure of Unit 9 of 214 Shaw Road, and all waste tires stored by the permittee in cargo containers or loosely at or near the loading dock, in the parking lot surrounding the entirety of 214 Shaw Road, or the abutting streets shall be counted toward the permittee's total waste tire count.
- e. The permittee shall grant CalRecycle inspectors, Tire Enforcement Grantees, or any agents or representatives thereof, access to any and all of permittee's cargo containers located at or near the loading dock, in the parking lot surrounding the entirety of 214 Shaw Road, or the abutting streets, at the request of the inspector or agent for the purpose of counting waste tires located with said cargo containers.

16. Conditions - General

- a) The design and operation of this facility shall comply with the applicable Waste Tire Storage and Disposal Standards contained in 14 CCR, Division 7, Chapter 3. The permittee shall also comply with the permitting requirements in 14 CCR, Division 7, Chapter 6.
- b) In the event of a fire or other emergency that may have potential significant off-site effects, the permittee shall notify CalRecycle within 24 hours by calling the Waste Tire Hotline at (866) 896-0600.
- c) Upon presentation of proper credentials, the Enforcement Agency, CalRecycle staff, or other authorized agent of CalRecycle, shall be allowed to enter the permitted facility during normal operating hours to examine and copy books, papers, records, or memorandum, to take photographs of the tire storage area, and to conduct inspections and investigations pertaining to the facility. CalRecycle staff, designated contractors and representatives shall also have access to the facility to investigate, remediate, or stabilize the facility, if such activities are deemed necessary to protect the public health, safety and the environment.
- d) The permittee shall maintain a copy of the Fire Authority approval at the facility. The permittee shall maintain a copy of the Emergency Response Plan at the facility. At the time of permit issuance, the permittee shall forward a copy of the Emergency Response Plan to the local fire authority. The Emergency Response Plan shall be revised as necessary to reflect any changes in the operations of the waste tire facility or requirements of the local fire authority. Such revisions to the Emergency Response Plan will not be effective until CalRecycle concurs with the revisions. All emergency phone numbers shall be updated immediately. The local fire authority and CalRecycle shall be notified of any changes to the plan within 30 days of implementing the revision.
- e) The permittee shall maintain copies of all waste & used tire manifests documenting tire movement in and out of the facility for a minimum of 3 years.
- f) The permit-related Tire Program Identification Card (TPID) shall be posted in a visible location at the facility. The permit shall be available on-site and all facility personnel shall be familiar with the terms, conditions, operation plan and emergency response plan for this facility.
- g) Other local permits or approvals referenced in this permit shall be maintained in force during the term of this permit. In the event the permittee intends to modify any permit or approval from another government program, during the term of this permit, the permittee shall notify CalRecycle in writing within at least 30 days prior to the change and include copies of any renewed or modified permits or approvals from these agencies. In the event any permit or approval from another government program is suspended or revoked, or expires during the term of this permit, the permittee shall notify CalRecycle in writing within 5 working days of the suspension, revocation or expiration, and include copies of the pertinent documents with the notification.
- h) The permittee shall notify CalRecycle in writing of each administrative change no later than seven (7) business days after the change is effective. Administrative changes shall include, but not be limited to changes to any information in the application that does not apply to the design or operation of the facility.
- i) If the owner or operator of this facility plans to sell, encumber, or transfer or convey the ownership or operation of the facility or land to a new owner or operator, or who plans to change their address, then the permittee shall notify CalRecycle 30 days prior to the date of the planned transaction. The new owner or operator shall submit information to CalRecycle as prescribed in 14 CCR §18428.

WASTE TIRE FACILITY PERMIT

Facility/Permit Number:

TPID # 1613306

- j) This permit does not release the permittee from their responsibility under any other existing laws, ordinances, regulations, or statutes of other government agencies.
- k) The terms and conditions of this permit may change as a result of a revision of CalRecycle's statutes or regulations.

Conditions – General (Continued)

- l) The permittee shall report to CalRecycle the receipt of 10 or more waste or used tires from unregistered haulers in a manner that is consistent with Title 14 CCR §18461.
- m) The permittee shall maintain a copy of the Operation Plan at the facility. All site conditions, equipment, and precautions outlined in the Operation Plan shall remain in force during the term of this permit. In no case shall the permittee implement any change of permit conditions herein without first seeking approval from CalRecycle by submitting a written notice of the proposed change to the Enforcement Agency at least 90 days in advance of the change. Such revisions to the Waste Tire Facility Operation Plan will not be effective until CalRecycle concurs with the revisions.
- n) CalRecycle staff reserves the right to suspend or modify waste tire receiving and/or storage operations when deemed necessary due to an emergency, a potential health hazard or the creation of a public nuisance, to protect the public health and safety, protect and rehabilitate or enhance the environment, or to mitigate adverse environmental impacts.
- o) The permittee shall only give, contract, or arrange with California registered used and waste tire haulers to transport waste tires or tire pieces (greater than 1/4") away from the facility, unless the hauler is exempt as specified in PRC §42954, or CalRecycle has granted written approval to the permittee or the hauler.
- p) The permittee shall only give, contract, or arrange for the removal of Tire Derived Product (TDP) from the facility after first obtaining an exemption letter from CalRecycle, and providing a copy of that letter to the hauler (14 CCR §18451). In the absence of a letter, the permittee shall ensure that all loads of TDP removed comply with all manifesting requirements.
- q) Waste tires used in on-site construction projects or any other beneficial reuse must be pre-approved as required by Title 14 CCR §17346(f).
- r) This permit has been issued to the operator for the waste tire facility located at 214 Shaw Road, Unit #9, South San Francisco, CA 94080 and is not transferable to any other location (PRC §42808).
- s) The permittee shall maintain a record of the total number of waste tires received, stored on-site, and removed, measured once each month, and as requested, provide a quarterly report containing that information in a manner prescribed by CalRecycle.
- t) Prior to initiating closure of this facility, the permittee shall notify and obtain written approval from CalRecycle of the proposed final destination sites, where the tires are planned to be taken (14 CCR §§18440 & 18441).
