Request Date: April 28, 2015

Decision Subject: Issuance of a New Minor Waste Tire Facility Permit for Green World, LLC,
TPID No. 1806651

Action By: May 20, 2015

Summary of Request: This is a request that the Branch Chief approve the issuance of a New Minor Waste Tire Facility Permit (WTFP) for Green World, LLC, TPID No. 1806651, in Lancaster (Los Angeles County). Staff's findings and recommendations are provided relative to the proposed action.

Staff received an application for a New Minor WTFP on October 28, 2014. The application was accepted as complete on November 21, 2014, and amendments to correct discrepancies and provide updated and additional required information in the application package were received on February 25, February 26, and April 17, 2015. The required action date was not extended, as allowed by Title 14, California Code of Regulations (14 CCR), Section 18424 (b) because the changes to the application package were minor and did not significantly alter the nature of the application. Based upon the acceptance of the application, CalRecycle is required to act by May 20, 2015.

Recommendation: Based on our review of the submitted permit application package, staff recommends issuance of the New Minor WTFP. The applicant has met all the necessary application requirements outlined in 14 CCR Section 18431 pertaining to the issuance of a New Minor WTFP. The documents and analysis on which staff's findings are based are permanently maintained by the Waste Permitting, Compliance, and Mitigation Division.

Branch Chief Action: On the basis of the information, analysis and findings in the staff report attached to this Request for Action and staff recommendation, I hereby issue the New Minor Waste Tire Facility Permit for Green World, LLC, TPID No. 1806651.
