

AGENDA

ELECTRONIC WASTE STAKEHOLDER WORKSHOP – CRT GLASS AND THE CEW RECYCLING PROGRAM

Wednesday, February 1, 2012

10:00 a.m. – 12:00 p.m.

Sierra Hearing Room Cal/EPA Headquarters Building
1001 I Street, Sacramento

The primary purpose of this workshop is to allow stakeholder and regulators to identify opportunities to improve the covered electronic waste (CEW) recycling payment system in light of rapidly changing CRT glass market conditions and regulatory frameworks. It is intended to be an *informal* exchange of ideas rather than a formal presentation of regulatory proposals. Although DTSC will not have finalized its CRT rule changes by the time of this workshop, it is clear that the CEW recycling payment system will need to accommodate a wider range of CRT glass dispositions and documentation in the near future.

Leave the necktie behind, roll up your sleeves, and bring your best thinking on this pressing matter.
