To create zero waste

To be supplied 100%
by renewable energy

To sell products that
sustain people and
the environment

Grade

A₁

B

A

Catalyze a Market-Based Strategy to Optimize the System

- **Demand:**
 1. Grow Markets by Increasing Recycled Plastic
- **Supply:**
 2. Increase product recyclability to increase available plastic and clean the stream
 3. Partner with cities / industry to increase recycling and supply of plastic
