17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 14, California Code of Regulations.
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel and the EA at all times.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the EA.
- d. The maximum permitted daily tonnage for this facility is 400 tons per day shall not receive more than this amount without a revision of this permit.
- e. This permit is subject to review by the EA and may be temporarily suspended or revoked at any time by the EA for sufficient cause, in accordance with Division 30 of the Public Resource Code, Part 4, Chapter 4, Article 2, Sections 44305 et seq. and associated regulations..
- f. The EA reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
- g. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of a TPR amendment, to the EA at least 180 days in advance of the change.
- h. A copy of this permit shall be maintained at the facility.
- i. A copy of the Transfer Processing Report (TPR) shall be maintained at the facility.
- j. Composting is prohibited at the facility. Processed and unprocessed green material can be stored no longer than 48 hours unless a longer storage time is approved by the LEA.
- k. Solid Waste in the form of residual materials from recycling activities cannot be stored onsite for more than 48 hours. Any incidental MSW must be deposited and stored inside the transfer station building.
- l. All recyclable materials shall be stored within the designated areas in a neat and orderly manner so as not to generate litter, harbor vectors, or create a nuisance. Recyclable materials can be stored for up to 120 days unless LEA determines that the storage of these materials is causing a potential health and safety hazard.
