11:00 am to Noon **Follow-up to June 13 workshop on NSF-140**

On June 13, CalRecycle and Department of General Services held a workshop to receive comments on potential recommendations for revision to the NSF-140 standard from our interested stakeholders. Unfortunately, due to technical difficulties, some of our stakeholders were unable to participate fully in the workshop. In the interest of those stakeholders who were unable to comment, CalRecycle is providing this time for their comments.
