

Number 01-03

## CERTIFICATE OF COMPLETION

Unified Agency Review of Hazardous Materials Release Sites  
California Health and Safety Code §§25260-25268

The Department of Resources Recycling and Recovery (CalRecycle), formerly the California Integrated Waste Management Board, was designated as the Administering Agency by the Site Designation Committee after a request by Doan Investments (the Responsible Party) to oversee the Site Investigation and Remedial Action at the Grass Valley Burn Dump, Nevada County (the Hazardous Materials Release Site). See Resolution No. 01-03, attached as Exhibit A to this Certificate.

In accordance with Health and Safety Code §25264, the Administering Agency, after appropriate consultation with other agencies, determines and/or certifies that:

1. The Site Investigation and Remedial Action at the Site has been satisfactorily completed and a permanent remedy has been accomplished [§25264(b)]. The actions taken were to consolidate and cap the Site.
2. Applicable Remedial Action standards and objectives were achieved [§25264(b)].
3. The Responsible Party has complied with the requirements of all state and local laws, ordinances, regulations, and standards that are applicable to the Site Investigation and Remedial Action [§25264(c)].
4. This Certificate of Completion is subject to conditions specified in Exhibit B attached. Postclosure maintenance as described in the Postclosure Maintenance Plan must be performed.

No agency may take action against the Responsible Party with respect to the hazardous materials release at the site except as specified in Health and Safety Code §25264(c)(1) through (6).

Issued this 16th day of December 2013 by the  
Department of Resources Recycling and Recovery
