NOTICE

Pending Public Meeting Approval on August 21, 2012

TO: Curbside, Dropoff or Collection, and Community Service Programs

SUBJECT: Suspension of the Individual Commingled Rate Survey Program (ICRS)
& Two-Year ICRS Rates

Because of severe reductions in department staffing over the last several years, CalRecycle is suspending the Individual Commingled Rate Survey (ICRS) program beginning with the 2014 survey year (October 2012 through September 2013).

Current participants may complete their ICRS surveys for the 2013 survey year.

In consideration of current hard economic conditions, and to minimize negative financial impacts to current ICRS participants, CalRecycle has authorized a two-year rate for current participants who have earned an Individual Commingle Rate for the 2013 calendar year. This means that the ICRS rates authorized by CalRecycle for the 2013 calendar year will be effective through December 31, 2014.

As part of the program suspension, no ICRS material surveys will be conducted by ICRS participants and no audits surveys will be conducted by CalRecycle staff for the 2014 survey year (October 2012 through September 2013).

This suspension will allow CalRecycle to review and assess the ICRS program and determine how to best proceed with the program in the future.

For further information regarding the ICRS program, please contact Michael Vanderburg at (916) 327-2769 or via email at lcrcData@calrecycle.ca.gov.
