NOTICE

To: Private and Public Operators of Curbside, Drop-off or Collection, Community Service, and Recycling Center Programs

Subject: Statewide Commingled Rate Study Public Workshop

The Department of Resources Recycling and Recovery (CalRecycle) will hold a workshop in Sacramento on Aug. 17, 2012, on the methodology used to conduct the statewide commingled rate study.

Pursuant to Public Resources Code Section 14549.5, CalRecycle will, through this workshop, consult with private and public operators of curbside, drop-off or collection, community service, recycling center, and reverse vending machine programs regarding the size of the statewide sample, appropriate sampling methodologies, and alternatives to exclusive reliance on a statewide commingled rate. The study methodology used by CalRecycle will be presented in detail and participants' comments and questions will be addressed.

Anyone interested in reviewing the methodology used by CalRecycle to determine the statewide average commingled rates, refund values, and/or number of containers per pound, is encouraged to attend the workshop. Participants are also encouraged to present alternative methodologies at this workshop. The workshop will be held at the location shown below, on the date and time indicated:

Friday, Aug. 17, 2012
1:00 – 4:00 p.m.
Coastal Hearing Room, 2nd Floor
Joe Serna Jr. CAL/EPA Building
1001 "I" Street, Sacramento, CA

Please note that the workshop will begin at the time indicated and will only continue the full three hours as necessary. Attendees requiring more information after the conclusion of the workshop should contact CalRecycle staff listed below.

In the event that you are unable to attend the workshop and would like to send in methodological suggestions or would like to receive copies of the workshop materials, please direct your suggestions and/or requests, in advance, via email to amy.seyfried@calrecycle.ca.gov or via U.S. mail to the address listed below.
