
Photo Report City of Clearlake December 13, 2012

A) Residential Curbside Diversion Program

Photo 1: Staff observed about 90 percent set out rate for residential recycling carts.

1

Photo 2: Staff observed minimal contamination of curbside recycling.

2

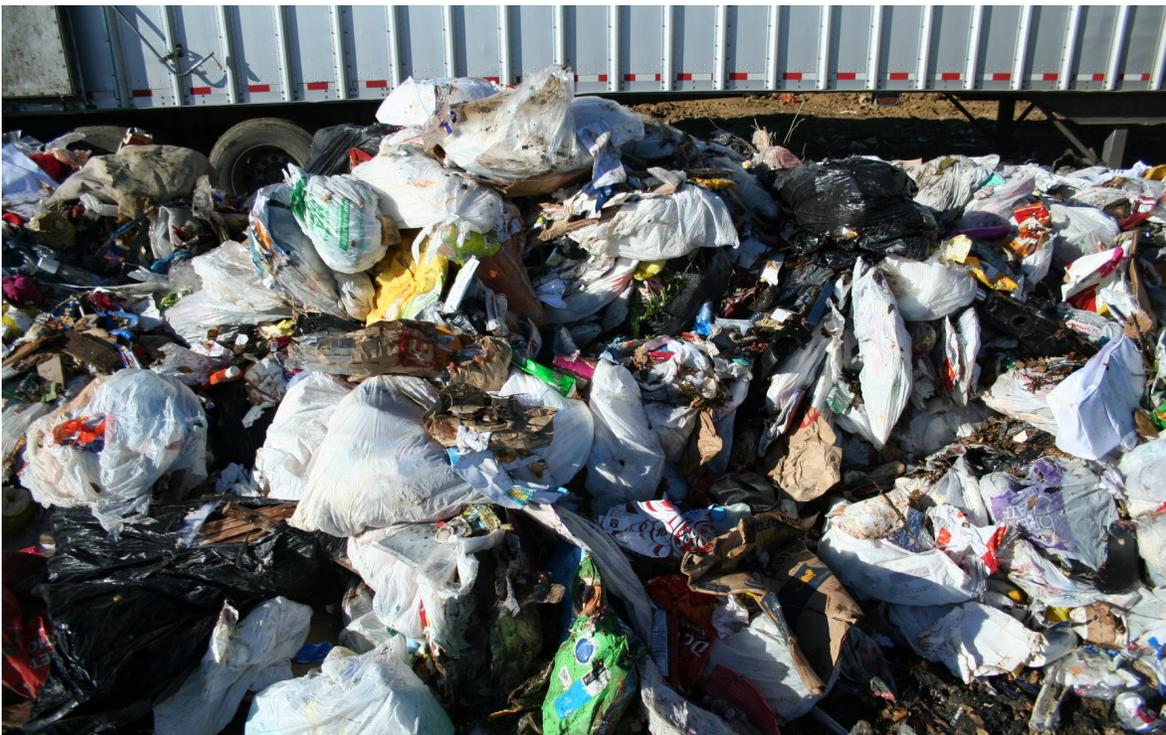

B) Residential Trash Loads at Landfill

Photo 1-2: Staff observed several trash loads at the landfill. Some smaller commercial businesses are serviced with residential routes. Loads had significantly less contamination than pre-Compliance Order issuance.

1

2

C) Commercial Diversion Program

Photo 1-2: Commercial recycling bins observed had minimal contamination.
