March 25, 2013

City of Maywood
4319 E Slauson Ave
Maywood CA 90270

Dear Andre Dupret:

We are writing regarding the status of CalRecycle's review of whether the City of Maywood is in compliance with meeting AB 939 requirements. Public Resources Code (PRC) Section 41825 specifies a schedule for this review and requires CalRecycle to make a finding of whether each jurisdiction was in compliance with PRC Section 41780 during the review period. The 2007-2011 Jurisdiction Review, which is being finalized, is CalRecycle's independent evaluation of each jurisdiction's progress in implementing its Source Reduction and Recycling Element (SRRE) and Household Hazardous Waste Element (HHWE) programs and in meeting the AB 939 diversion requirement. As a result of this review, CalRecycle may find that:

- 1) a jurisdiction is meeting the requirements of AB 939 because:
 - a. it has adequately implemented its diversion programs and has achieved the diversion requirement; or
 - b. while it has not achieved the diversion requirement, it has made a good faith effort to implement diversion programs; or
- 2) a jurisdiction has failed to adequately implement its SRRE and/or HHWE and the process should commence to consider whether issuance of a compliance order would be appropriate. Jurisdictions that fail to satisfy the conditions of a compliance order may be subject to a fine of up to \$10,000 per day.

As a result of the 2007-2011 Jurisdiction Review for the City of Maywood, management has determined that an independent review of the City's diversion programs is necessary. This review will be handled by CalRecycle's Jurisdiction and Product Compliance Unit (JPCU). As discussed, the following programs have been identified for further review:

- Residential recycling program, including quality control, and education/outreach efforts;
- Commercial recycling program, including education and outreach activities;
- Environmentally preferable procurement efforts; and,
- Construction and demolition debris recycling program, including monitoring and education.

JPCU will conduct an independent assessment and may determine that there are additional programs that need further evaluation. JPCU will then determine whether to recommend that CalRecycle issue an Order of Compliance, as provided by PRC Section 41825.

Staff from JPCU will contact you to discuss its independent review process. If you have any concerns regarding this letter, please do not hesitate to contact Ms. Kathleen Marsh, JPCU Supervisor, at (916) 341-6475 or Kathy.Marsh@CalRecycle.ca.gov

Sincerely,

Howard Levenson, Program Director, Materials Management and Local Assistance Division

Cara Morgan, Chief, Local Assistance and Market Development Branch

Jennifer Wallin, Section Manager, South Section
