Pursuant to Assembly Bill 1497, CalRecycle, acting as the Enforcement Agency (EA) for San Luis Obispo County, will be holding this public information meeting regarding a proposed revised SWFP for Cold Canyon Landfill, Inc. CalRecycle received the application for a revised SWFP on April 20, 2015, and accepted it as complete and correct for filing on May 20, 2015. Currently, this facility operates under a Full SWFP.

The proposed changes require the facility to revise the SWFP. The proposed changes in the design and operation include, but are not limited to, the following:

- Increase total permitted area from 121 acres to 209 acres.
- Increase disposal area from 88 acres to 121 acres.
- Increase total capacity from 10,900,000 cubic yards to 23,900,000 cubic yards.
- Increase peak daily tonnage from 1,200 tons per day (tpd) to 1,650 tpd.
- Increase final elevation from 490 feet mean sea level (msl) to 500 feet msl.
- Expand and relocate the resource recovery park.
- Relocate the facility entrance and scales.
- Change operation hours from 7:00 a.m. to 4:30 p.m. 7 days a week to 7:00 a.m. to 5:00 p.m. 7 days a week.
- Add the Materials Recovery Facility to the SWFP with a limit of 400 tpd.
- Update estimated closure date from 2012 to 2064.
- Update the property owner address.

(OVER)

The public information meeting is for interested parties to learn about the proposed permit revision and provide comments on the EA's proposed action. The decision to issue or deny the SWFP revision will be made by the EA within 120 days of the date the application was accepted for filing. If you would like to comment on this project you may do so at the meeting, or you may send your written comments to Mr. Snider at the contact information provided above.

For information on the appeals process Pursuant to Public Resources Code §44307 to challenge the EA's issuance or denial of the SWFP, you may contact Mr. Patrick Snider at the contact information provided above.
