

SOLID WASTE FACILITY PERMIT

Facility Number:

14-AA-0006

1. Name and Street Address of Facility:

Shoshone Landfill
One mile east of Shoshone
Shoshone, CA 92384

2. Name and Mailing Address of Operator:

Inyo County Integrated Waste Mgmt.
163 May St.
Bishop, CA 93514

3. Name and Mailing Address of Owner:

Inyo County Integrated Waste Mgmt.
163 May St.
Bishop, CA 93514

4. Specifications:

- a. Permitted Operations:** Solid Waste Disposal Site Transformation Facility
 Transfer/Processing Facility (MRF) Other: _____
 Composting Facility (Green Material)

b. Permitted Hours of Operation: (Receipt of Refuse/Waste) Closed to public. Open to Inyo County Road Dept. 8am-5pm, M-F
 (Ancillary Operations/Facility Operating Hours) _____

c. Permitted Maximum Tonnage: 1 Tons per Day

d. Permitted Traffic Volume: 1 Vehicles per Day

e. Key Design Parameters (Detailed parameters are shown on site plans bearing EA and CalRecycle validations):

	Total	Disposal	Transfer/Processing	Composting	Transformation
Permitted Area (in acres)	50.15	5.4			
Design Capacity (cu. yds)		120,937			
Max. Elevation (Ft. MSL)		1670			
Max. Depth (Ft. MSL)		1630			
Estimated Closure Year		September 2068			

Upon a significant change in design or operation from that described herein, this permit is subject to revocation or suspension. The attached permit findings and conditions are integral parts of this permit and supersede the conditions of any previously issued solid waste facility permit.

5. Approval:

Approving Officer Signature

6. Enforcement Agency Name and Address:

Inyo County Department of Environmental Health Services
PO Box 427
Independence, CA 93526

7. Date Received by CalRecycle:

FEB 14 2014

8. CalRecycle Concurrence Date:

9. Permit Issued Date:

10. Permit Review Due Date:

March 28, 2015

11. Owner/Operator Transfer Date:

March 13, 2012

SOLID WASTE FACILITY PERMIT

Facility Number:

14-AA-0006

12. Legal Description of Facility:

The legal description of this facility is contained in appendix A of the Report of Disposal Site Information dated June 2013.

13. Findings:

- a. This permit is consistent with the Inyo County Integrated Waste Management Plan, which was approved by the CalRecycle on 02/1999. The location of the facility is identified in the Countywide Siting Element, pursuant to Public Resources Code (PRC), Section 50001(a).
- b. This permit is consistent with the standards adopted by the CalRecycle, pursuant to PRC 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency, pursuant to PRC 44009.
- d. The Shoshone Fire Department has determined that the facility is in conformance with applicable fire standards, pursuant to PRC, 44151.
- e. A Negative Declaration was filed with the State Clearinghouse (SCH #1999051031) and certified by the Inyo County Department of Environmental Health on 5/10/1999. The ND describes and supports the design and operation, which will be authorized by the issuance of this permit. A Notice of Determination was filed with the State Clearinghouse on 3/24/2000.

14. Prohibitions:

The permittee is prohibited from accepting the following wastes:

Hazardous, radioactive, medical (as defined in Chapter 6.1, Division 20 of the Health and Safety Code), liquid, designated, or other wastes requiring special treatment or handling, except as identified in the Report of Facility Information and approved amendments thereto and as approved by the enforcement agency and other federal, state, and local agencies.

15. The following documents describe and/or restrict the operation of this facility:

	Date		Date
Report of Disposal Site Information Amendments	6/2013	Preliminary Closure and Postclosure Maintenance Plan	6/2013
Waste Discharge Requirements Order No. 6-95-71, 6-95-17A1	06/08/95 09/05/96	Closure Financial Assurance Documentation	6/2013
Operating Liability Certification	6/2013	Negative Declaration (SCH # 1999051031)	5/10/1999

SOLID WASTE FACILITY PERMIT

Facility Number:

14-AA-0006

16. Self-Monitoring:

The owner/operator shall submit the results of all self-monitoring programs to the Enforcement Agency within 30 days of the end of the reporting period (*for example, 1st quarter = January – March, the report is due by April 30, etc.. Information required on an annual basis shall be submitted with the 4th quarter monitoring report, unless otherwise stated.*)

Program	Reporting Frequency
a. A log of special occurrences shall be maintained. The log shall contain but not be limited to: fire, explosion, discharges, significant incidents of personnel injury, accidents, weather events, and unusual or sudden settlement. Days without incidents shall be noted in the log with an appropriate negative entry.	Quarterly*
b. Maintain daily tonnage, vehicles, and volume records of solid waste received by type, and salvaged/recovered materials leaving the site by type. Days without receipt of wastes shall be noted in the log with an appropriate negative entry.	Quarterly*
c. Maintain a summary of gas monitoring results.	Quarterly*
d. Water quality control of contaminants-monitoring, reporting, remediation and related programs including: Waste Discharge Requirements, clean up and abatement orders/work plans/ remediation schedules.	(Per RWQCB)
e. Review the current RDSI and submit amendments to the RDSI as necessary including: topographic maps showing all filled areas of the facility; total volume of waste capacity consumed as a result of waste disposal for the preceding year (yds ³); remaining landfill capacity (yds ³); and the most current list of personnel responsible for the operation of this facility which includes emergency phone numbers.	Annual
*indicates that the report is available for LEA review at the operator's Administrative Offices by the 15 th of the following month.	

SOLID WASTE FACILITY PERMIT

Facility Number:

14-AA-0006

17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 14 and Title 27, California Code of Regulations. The operator shall inspect the site at a frequency sufficient to ensure compliance with all State Minimum Standards applicable to this facility.
- b. This permit does not release the operator from its responsibility under any existing laws, ordinances, regulations, or statutes of other government agencies.
- c. Copies of all LEA/CalRecycle regulatory inspection reports and enforcement actions shall be maintained at the Integrated Waste Management office. Such reports must be readily available to facility personnel, LEA staff and other appropriate regulatory personnel.
- d. The disposal of solid waste shall be limited to the area(s) described in section III.A.3c in the June 2013 RDSI and as shown in the "Fill Sequencing and Excavation Plan" in Appendix D of the June 2013 RDSI.
- e. Additional information concerning the design/operation of the facility shall be furnished upon request of the LEA and other regulatory agencies.
- f. The terms and conditions of this permit may change as a result of applicable statutes of regulation revisions.
- g. The LEA reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
- h. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of an RFI amendment, to the LEA at least 180 days in advance of the change.
- i. A copy of this permit shall be maintained at the operator's Administrative Offices.
- j. The gas monitoring program shall be incorporated and maintained in the most current and approved RDSI.
- k. The operator shall provide adequate on-site and off-site litter control as needed to maintain the site.
- l. Dead animals shall be completely covered as soon as possible and at a minimum, at the end of the working day that animals are received with 6 inches of soil. Compaction follows after decomposition.
