

SOLID WASTE FACILITY PERMIT

1. Facility Permit Number: **19-AA-1108** 019A

2. Name & Street Address of Facility:
 West Coast Recycling
 DBA Mission Recycling
 1341 E. Mission Blvd.
 Pomona, CA 91766

3. Name & Mailing Address of Operator:
 West Coast Recycling
 DBA Mission Recycling
 1341 E. Mission Blvd.
 Pomona, CA 91766

4. Name & Mailing Address of Owner:
 West Coast Recycling
 DBA Mission Recycling
 1341 E. Mission Blvd.
 Pomona, CA 91766

5. Specifications:

PROPOSED

a. Permitted Operations:

- Solid Waste Disposal Facility
- Transfer/Processing Facility (MRF)
- Materials Recovery Facility
- Composting Facility (Green Material)
- Transformation Facility
- Other: _____

b. Permitted Hours of Operation:

Receipt/Processing/Transfer of materials/Public Hours 8:00 am – 5:00 pm Monday - Friday
 8:00 am – 12:00 pm Saturday

c. Permitted Tons per Operating Day: Total: 200 Tons/Day

Non-hazardous – Refuse N/A Tons/Day
 Non-hazardous – Sludge N/A Tons/Day
 Non-hazardous - Separated or Commingled Recyclables 200 Tons/Day
 Non-hazardous – Inert N/A Tons/Day

d. Permitted Traffic Volume: Total: N/A Vehicles/Day

Incoming Waste Materials N/A Vehicles/Day
 Outgoing Waste Materials (for disposal) N/A Vehicles/Day
 Outgoing Materials from the materials recovery operations N/A Vehicles/Day

e. Key Design Parameters (detailed parameters are shown on site plans):

	Total	Disposal	Transfer/Processing/MRF	Transformation	Maintenance/Administration
Permitted Area (acres)	2.5 a	N/A	2.5 a	N/A	N/A
Design Capacity	200 Tons/Day	N/A	200 Tons/Day	N/A	N/A
Max. Elevation (ft. MSL)		N/A			
Max. Depth (ft. BGS)		N/A			
Estimated Closure Date		N/A			

Upon a significant change in design or operation from that described herein, this permit is subject to revocation or suspension. The attached findings and conditions are integral parts of this permit and supersede the conditions of any previously issued solid waste facility permit.

SOLID WASTE FACILITY PERMIT

Facility Name: West Coast Recycling DBA Mission Recycling

SWFP No. 19-AA-1108

Page 2 of 5

12. Legal Description of Facility: Assessor's APN-8326-013-001 Pomona Tract S 2.5 ACS of W 5 ACS OF SE ¼ EX OF LOT BLK 203 Map Grid: Page 95 Grid A3 641-C2 Old Map-Grid (CA only): Page 8326 Grid 013.

PROPOSED**13. Findings:**

- a. This permit is consistent with the Los Angeles County Countywide Integrated Waste Management Plan, which was approved by the Department of Resources Recycling and Recovery (CalRecycle), formally the California Integrated Waste Management Board (CIWMB) on June 23, 1999. The location of the facility is identified in the City of Pomona Nondisposal Facility Element, pursuant to Public Resources Code (PRC), Section 50001(a)(2).
- b. This permit is consistent with the standards adopted by CalRecycle pursuant to PRC, Section 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the Local Enforcement Agency (LEA), pursuant to PRC, Section 44009.
- d. The local fire protection agency, the County of Los Angeles County Fire Department, has determined that the facility is in conformance with applicable standards, pursuant to PRC, Section 44151.
- e. Resolution No. 3719 of the Planning Commission of the City of Pomona, County of Los Angeles, approved a request for an exemption declaration from an Environmental Impact Report. Approved and Passed on May 14, 1975.
- f. Based on the Transfer Processing Report dated May 2008, the LEA is satisfied that this facility will provide measures to adequately control noise levels, gas/odor nuisances, traffic congestion, litter nuisances, and vectors such that there will be no significant impacts as a result of the facility's continued operation.

14. Prohibitions

The permittee is prohibited from accepting the following wastes:

- Hazardous, radioactive, medical (as defined in Title 22, California Code of Regulations, Section 117600-118360 of the Health and Safety Code), liquid, designated, or other wastes requiring special treatment or handling, except as identified in the Transfer/Processing Report and approved amendments thereto and as approved by the LEA and other federal, state, and local agencies.
- Sewage sludge.

15. The following documents also describe the operation of this facility:

Document	Date	Document	Date
Transfer/Processing Report	May 28, 2010	Los Angeles County CUPA Permit No. AR00035238	March 19, 2010
Conditional Use Permit No. 07-009	May 14, 1975	Weighmaster License No. 010568	Nov 1, 2009
Certified Processor No. RC11402	Expires Jan 31, 2011		
Certified Drop-off or Collection Program Cert. No. CP0837	Expires Feb 28, 2011

PROPOSED

16. Self-Monitoring:

Results of all self-monitoring programs as described in the Transfer/Processing Report will be reported as follows:

Program:	Reporting Frequency:	Agency Reported To:
<p>The types and quantities of non-hazardous wastes, including separated or commingled recyclables, received <u>each day</u>. The operator shall maintain these records on the facility's premises for a minimum of three year. These records shall be made available to any LEA personnel on request.</p>	<p>Monthly (Due 15 days following the end of each reporting period)</p>	<p>LEA</p>
<p>The types and quantities of hazardous wastes, medical wastes, or otherwise prohibited wastes found in the waste stream and the disposition of these wastes.</p>		
<p>All incidents of unlawful disposal of prohibited materials and the operator's actions taken. Indicate those incidents which occurred as a result of the random load checking program. Incidents, as used here, means that the hauler or producer of the prohibited materials is known.</p>		
<p>Reports of all special/unusual occurrences and the operator's actions taken to correct these occurrences.</p>		
<p>The number of vehicles using the facility per day and per week. The transfer and collection vehicles must be totaled separately.</p>		
<p>Copies of all written complaints regarding this facility and the operator's actions taken to resolve these complaints. (Notification to the LEA <u>within one day</u> following the complaint is still required.)</p>		
<p>Record of receipt of a Notice of Violation from any regulatory agency. In addition, the operator shall notify the LEA <u>at once</u> following receipt of a Notice of Violation or upon receipt of notification of complaints regarding the facility, which have been received by other agencies.</p>		
<p>The quantities of waste transferred each day to each of the disposal sites indicated on Transfer Station Monthly Waste Disposal Monitoring Form (Attachment A) and Solid Waste Disposal Fee Form (Attachment C)</p>		
<p>Completed copies of the following Monitoring and Reporting Form are required by, and may be amended by, the Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force: Solid Waste Characterization Data (Attachment B)</p>	<p>Quarterly (Due the 15th of January, April, July, and October)</p>	<p>(1) Los Angeles County Department of Public Works, Environmental Programs Division (2) LEA</p>

PROPOSED

17. LEA Conditions:

A. Standard Requirements:

1. This facility shall comply with all applicable State Minimum Standards for Solid Waste Handling and Disposal in Division 7 of Title 14 of the California Code of Regulations.
2. This facility shall comply with all mitigation measures specified in any certified environmental documents that are within the authority of the LEA and are contained in a mitigation monitoring and reporting program pursuant to Public Resources Code (PRC), Section 21081.6.
3. Additional information concerning the design and operation of this facility shall be furnished on request of LEA personnel.
4. A copy of this permit and current TPR, as amended, shall be maintained at the facility so as to be available at all times to facility personnel and the LEA.
5. Notification to the LEA on the same day for any written complaints received or any complaint called into the facility and any record of receipt of a violation from any regulatory agency.
6. This permit is subject to review by the LEA and may be suspended, revoked or revised at any time for sufficient cause.
7. The LEA reserves the right to suspend or modify waste receiving operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
8. The operator shall notify the LEA, in writing, of any proposed changes in the routine facility operation or changes in facility design during the planning stages. In no case shall the operator undertake any changes unless the operator first submits to the LEA a notice of said changes at least 180 days before said changes are undertaken. Any significant change as determined by the LEA would require a revision of this permit.
9. The operator and/or owner shall notify the LEA of any plans to encumber, sell, transfer, or convey the operation or ownership to a new operator or owner, at least 45 days prior to the anticipated transfer, by written certification, including information deemed sufficient by the CalRecycle and the LEA. If the facility will not be operated in compliance with the terms and conditions of this permit, the new owner shall be required to file an application for a revision of this permit.
10. The operator shall maintain a log of special/unusual occurrences. The log shall include, but is not limited to fires, explosions, discharges of hazardous wastes, significant accidents and injuries, and property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The operator shall maintain this log at the facility so as to be available at all times to site personnel and to LEA personnel. Any entries made in this log must be reported to the LEA at once. Call the duty officer, County of Los Angeles, Department of Public Health, Solid Waste Management Program at (626) 430-5540.

B. Particular Requirements:

1. The operator shall install and maintain a sign at the entrance indicating that no hazardous or liquid wastes are accepted and that all incoming loads must be fully tarped.
2. No polluted surface waters shall leave this site, except as permitted by a National Pollutant Discharge Elimination System permit issued in accordance with the Federal Clean Water Act and the California Water Code.
3. Operational controls shall be established to preclude the receipt and disposal of volatile organic chemicals or other types of prohibited wastes:
 - a. The operator shall install and maintain an operational, calibrated radiation detector at the scales to detect radioactive materials, at all times, during the hours of receipt of solid waste.
 - b. Incidents of receipt of suspected radioactive materials, or warnings from the radiation detector, shall be reported immediately to the County of Los Angeles, Department of Public Health, Radiation Management Program at (213) 351-2718 and the LEA.
 - c. The operator shall comply with the approved Hazardous Waste Screening Program as described in the current Transfer/Processing Report. Any changes in this program must be approved by the LEA prior to implementation.

- PROPOSED**
- (1) At least once per operating day a random load check shall be conducted. The operator shall inspect all waste vehicle loads if there is any reason to believe the loads may contain prohibited wastes. In all other cases, the operator shall select waste vehicles for inspection on a random basis.
 - (2) The LEA may increase the required number of incoming waste load inspections if it has reason to believe that the number currently required is inadequate to ensure compliance with the regulations and protection of the public health and safety and the environment.
 - (3) At all times when facility operations are underway, an attendant or attendants shall be present to supervise the loading and unloading of the solid waste and other materials. All working disposal areas shall be under continual visual inspection by facility personnel, such as spotters, equipment operators, and supervisors. Facility personnel performing duties required by the Waste Load Checking Program shall be trained. The training must include, but is not limited to, how to recognize hazardous waste and other prohibited waste, the proper method of containment, and the reporting requirements of this program. Station personnel are to be retrained on an annual basis and updated as needed. New employees are to be trained prior to work assignments.
 - (4) Incidents of unlawful disposal of prohibited materials shall be reported to the LEA monthly as described in the monitoring section of this permit. In addition, the following agencies shall be notified at once of any incidents of illegal hazardous materials disposal:
 - (a) Duty officer, Los Angeles County Fire Department, Health Hazardous Materials Division at (323) 890-4317.
 - (b) Environmental Crimes Division, Los Angeles County District Attorney at (213) 974-6824.
 - (c) California Highway Patrol at (213) 736-2971.
 - (d) Any hazardous materials thus found shall be set aside in a secure area to await proper disposition following notification of the producer (if known) and the appropriate governmental agencies.
4. The maximum storage period for recyclables shall be as described in the approved TPR. All stored materials must be contained and stored as described in the approved TPR. The LEA reserves the right to reduce the duration of storage if storage presents a health hazard or becomes a public nuisance.
 5. The LEA reserves the right to require the operator to provide more stringent dust and odor control measures, if the proposed dust and odor control measures proves inadequate or ineffective.
 6. The tipping floor and sorting area shall be cleaned periodically throughout the day every day.
 7. The operator shall comply with the operating procedure for the removal of all waste is shipped out of the facility as described in the approved TPR. The LEA reserves the right to require the operator to provide more stringent procedures for waste removal if the duration for waste removal presents a health hazard or becomes a public nuisance.
 8. The operator shall conduct all waste processing and separation activities within enclosed buildings.
