January 7, 2014

Mr. Brad Goodrow  
North SLO County Recycling, Inc.  
3360 La Cruz Way  
Templeton, CA 93465

Subject: Issuance of Registration Permit for North SLO County Recycling  
Facility No. 40-AA-0040, San Luis Obispo County

Dear Mr. Goodrow:

On December 16, 2013, the Department of Resources Recycling and Recovery (CalRecycle), serving as the Enforcement Agency (EA) for San Luis Obispo County, received your registration permit application for the subject facility to change the existing chipping and grinding operation to a medium volume transfer/processing facility, which will allow the facility to receive of up to 99 tons per day of green material and green material commingled with food material.

The registration permit application was deemed complete and correct and accepted for filing on January 2, 2014. Enclosed is the registration permit and accepted application for the facility, issued on January 7, 2014. A copy of the Registration Permit shall be maintained at the facility's office. Any change in design or operation at the facility is subject to review by the EA before implementation.

Additionally, please be advised that nothing in Title 14, California Code of Regulations, Article 6.0 et seq. shall be construed as relieving the owner, operator, or designee from complying with any other local, state, and federal permits, licenses, or other requirements.

Thank you for your cooperation throughout the permitting process. If you have any questions, please contact Patrick Snider at 916-324-3753 or [Patrick.snider@calrecycle.ca.gov](mailto:Patrick.snider@calrecycle.ca.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "S Markie".

Susan Markie, Chief  
Permitting & Assistance Branch  
Waste Permitting, Compliance & Mitigation Division
