RE: Request To Withdraw Proposed Modified Solid Waste Facility Permit For Kirby Canyon Recycling And Disposal Facility; Swis #43-AN-0008

Dear Mr. Bates,

To allow the Local Enforcement Agency (LEA) and the California Department of Resources Recovery and Recycling (CalRecycle) additional time to consider the proposed modified solid waste facilities permit for the Kirby Canyon Recycling and Disposal Facility (KCRDF) (SWIS # 43-AN-0008), Waste Management of CA, as the applicant for the permit, hereby expressly waives the time for the LEA, to consider the permit application under Public Resources Code Section 44008 and for CalRecycle to consider the proposed permit under Public Resources Code Section 44009 and under any CalRecycle regulations which implement or interpret those statutes or otherwise set time periods for CalRecycle or the LEA to review and act on a permit application or a proposed permit.

As the applicant, Waste Management of CA requests CalRecycle postpone its consideration of the proposed permit until May 27, 2016. This waiver terminates on May 27, 2016, unless Waste Management of CA formally extends it by notification in writing delivered to the LEA and CalRecycle.

If you have any questions or comments, please call or e-mail.

Sincerely,

Virginia Jones
