

# WASTE TIRE FACILITY PERMIT

Facility/Permit Number:

**57-TI-1518**

**TPID # 1006689**

**12. Legal Description of Facility:**

Assessor's Parcel Number (APN): 67060061

**13. Findings:**

- a. This permit is consistent with the standards adopted by the California Department of Resources Recycling and Recovery (CalRecycle) as required by Title 14, California Code of Regulations (CCR), Division 7, Chapter 6.
- b. The design and operation of the facility is consistent with the Waste Tire Storage and Disposal Standards applicable to a minor waste tire facility, pursuant to PRC §42830 (Minors) et. seq. and implementing regulations found in 14 CCR, Division 7, Chapter 3.
- c. CEQA information (e.g., This facility was in existence on or before January 1, 1990, and there has been no substantial change in design or operation at the facility. Therefore, staff determined that permitting this facility does not require a CEQA analysis, pursuant to PRC 42812).
- d. Tires stored mounted on rims and staged for delivery to manufactured home producers are not considered in violation of 14 CCR 17354(g), the requirement to immediately remove tires from rims at waste tire facilities. This storage practice has been approved for this facility by the local fire and vector control authorities and by the Department of Resources Recycling and Recovery

*(include any other site specific findings)*

**14. Conditions:**

- a. The design and operation of this facility shall comply with the applicable Waste Tire Storage and Disposal Standards contained in 14 CCR, Division 7, Chapter 3. The permittee shall also comply with the permitting requirements in 14 CCR, Division 7, Chapter 6.
- b. The facility shall comply with all Federal, State, and Local laws and requirements, including all mitigation measures given in any certified or adopted CEQA document filed pursuant to Public Resources Code, Section 21081.6.
- c. In the event of a fire or other emergency that may have potential significant off-site effects, the permittee shall notify CalRecycle within 24 hours.
- d. Upon presentation of proper credentials, the Enforcement Agency, CalRecycle staff, or other authorized agent of CalRecycle, shall be allowed to enter the permitted facility during normal operating hours to examine and copy books, papers, records, or memorandum, to take photographs of the tire storage area, and to conduct inspections and investigations pertaining to the facility. CalRecycle staff, designated contractors and representatives shall also have access to the facility to investigate, remediate, or stabilize the facility, if such activities are deemed necessary to protect the public health, safety and the

environment.

## 15. Conditions: (continued)

- e. The permittee shall maintain a copy of the Fire Authority approval at the facility. The permittee shall maintain copies of all waste & used tire manifests documenting tire movement in and out of the facility for a minimum of 3 years. The permittee shall maintain a copy the Operation Plan and the Emergency Response Plan at the facility. At the time of permit issuance, the permittee shall forward a copy of the Emergency Response Plan to the local fire authority. The Emergency Response Plan shall be revised as necessary to reflect any changes in the operations of the waste tire facility or requirements of the local fire authority. Such revisions to the operation plan or emergency response plan will not be effective until CalRecycle concurs with the revisions. All emergency phone numbers shall be updated immediately. The local fire authority and CalRecycle shall be notified of any changes to the plan within 30 days of implementing the revision.
- f. A copy of this permit shall be posted in a visible location at the facility.
- g. Local fire authority permits or other approvals referenced in this permit shall be maintained in force during the term of this permit. In the event the permittee intends to modify any permit or approval from another government program, including but not limited to Air Resources Board, State Water Control Board, or CalRecycle programs, during the term of this permit, the permittee shall notify CalRecycle in writing within at least 30 days prior to the change and include copies of any renewed or modified permits or approvals from these agencies. In the event any permit or approval from another government program is suspended or revoked, or expires during the term of this permit, the permittee shall notify CalRecycle in writing within 5 working days of the suspension, revocation or expiration, and include copies of the pertinent documents with the notification.
- h. This permit does not release the permittee from their responsibility under any other existing laws, ordinances, regulations, or statutes of other government agencies.
- i. The terms and conditions of this permit may change as a result of a revision of CalRecycle's statutes or regulations.
- j. The permittee must report to CalRecycle the receipt of 10 or more waste or used tires from unregistered haulers in a manner that is consistent with Title 14 CCR §18461.
- k. All site conditions, equipment, and precautions outlined in the Waste Tire Facility Operation Plan shall remain in force. In no case shall the permittee implement any change of permit conditions herein without first seeking approval from CalRecycle by submitting a written notice of the proposed change to the Enforcement Agency at least 90 days in advance of the change.
- l. CalRecycle staff reserves the right to suspend or modify waste tire receiving and/or storage operations when deemed necessary due to an emergency, a potential health hazard or the creation of a public nuisance, to protect the public health and safety, protect and rehabilitate or enhance the environment, or to mitigate adverse environmental impacts.
- m. Violation of any term or condition of this permit or the Waste Tire Storage and Disposal Standards may result in enforcement action(s) which include but are not limited to the following: issuance of orders (clean up and abatement or cease and desist); penalties (civil, administrative, criminal); and permit revocation or suspension.
- n. The beneficial reuse of waste tires in on-site construction projects must be pre-approved as required by Title 14 CCR §17346(f).
- o. The permittee shall only give, contract, or arrange with California registered used and waste tire haulers to transport waste tires or tire pieces (greater than 1/4") away from the facility, unless the hauler is exempt as specified in PRC §42954, or CalRecycle has granted written approval to the permittee or the hauler.
- p. Waste tires must be stored only in the areas identified as tire storage pile 1, 2, 3, and 4 on the site map on page five of this permit. The sum of waste passenger tire equivalents stored in piles 1, 2, 3, and 4 shall not exceed 4,999 at any time

**Conditions: (continued)**

- q.** All outdoor tire storage piles must be in compliance with Title 14 section 17354 of the California Code of Regulations. Each individual waste tire storage pile shall not exceed 5,000 square feet in contiguous area. Any pile shall not exceed 50,000 cubic feet in volume nor 10 feet in height. Piles shall not exceed 6 feet in height when within 20 feet of any property line or perimeter fencing. Waste tires shall not be located within 10 feet of any property line or perimeter fencing.
