RE: Request of a Beneficial Reuse of Waste Tires in a Tire Wall Safety Barrier at the Altamont Raceway (previously known as Altamont Motorsports Park), Alameda County, TPID 1307512-01

Dear Ms. LeClaire:

Applicant/Owner and Mailing Address: Lakeside Motorsports – Altamont LLC, 2416 West Victory Blvd. Suite #556, Burbank, CA 91506-1229

Facility: Altamont Raceway, Alameda County, 17001 Midway Road, Tracy, CA 95377-6901 (Note, while the property is in Alameda County, its address is served by the Tracy office of the US Postal Service, though a Livermore city designation and the 95377 zip code will get there).

The Applicant has owned the Facility since April 2006. Applicant originally contracted with Altamont Motorsports Park Inc/Riverside Motorsports Park to operate commercial racing events at the facility. On September 13, 2006, the California Integrated Waste Management Board (CIWMB) granted approval to the operator for the Beneficial Use of Waste Tires at the Facility for a tire wall safety barrier. The Conditional Use Permit from Alameda County to operate commercial racing activity at the Facility has expired and Altamont Motorsports Park Inc. no longer operates the facility for the Owner.

However Applicant still undertakes racing activity at the Facility on a somewhat irregular basis, and plans to pursue some special event racing activity. As a result, to provide adequate protection for participants, Applicant/Owner hereby requests that Cal Recycle and the CIWMB authorize the continued Beneficial Reuse of Waste Tires at the Facility, for a Tire Safety Barrier. Planned racing and driving activities include the following:

- Teen Driving program: Get Real Behind the Wheel, Safe Teen Driving, is a Tracy based organization that holds driving events and instruction at the Facility on a regular basis. (approximately monthly). See [www.getrealbehindthewheel.com](http://www.getrealbehindthewheel.com)
- Owner Racing: The owners of the track use that facility for their own driving/racing on an approximate monthly basis.
- Special Events: The Owners, upon obtaining an Administrative Conditional Use Permit from the Alameda County, *plan* to hold special racing events there 2 to 3 times a year.
- Law Enforcement Use: The Owners *plan* to see if the Highway Patrol and/or Alameda County Sheriff's department would like to use the facility for driving and training.

2416 West Victory Blvd. Suite #556, Burbank, CA 91506-1229 (818) 973-1702

## Lakeside Motorsports – Altamont, LLC

Vector Control Measures: The Owner would propose taking the following Vector Control Measures

1. Cover the tops of tires with an impermeable barrier to prevent water accumulation.
2. Cut grasses and weeds that may accumulate around the bottom of the tire barriers. Spay with these area with authorized weed killer.
3. Use other treatment to prevent or eliminate vector breeding.
4. Maintain a log book detailing vector monitoring and actions taken to control vector propagation.

Remove unused tires and debris: The Owner has already had the junk that was located in the shallow on-site canyon removed. The Owner also hired a Padilla Tire Disposal to remove 309 tires. See attached invoice. I have given them our TPI Number and expect the manifest tomorrow. There was apparently some mix up regarding the manifest between the driver and our onsite representative, but I should receive it tomorrow.

If you have any questions please let me know.

Thanks you for your consideration in this request.

Sincerely,

Melvin T. Andrews
