**Application to Petition for Reduced Diversion Requirements  
For Rural Jurisdictions**

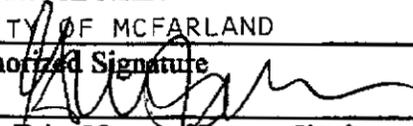

To request a reduced diversion or planning requirement, please contact your Office of Local Assistance (OLA) representative, who can assist you with completing this form. Once you have signed and completed this form return it to your OLA representative at the address below, along with any additional information requested by OLA staff. Once all documentation has been received, your OLA representative will work with you to prepare your request to be considered by the California Integrated Waste Management Board (Board) at its monthly meeting.

Mail Completed Documents to:

California Integrated Waste Management Board, Office of Local Assistance  
1001 I Street, 9<sup>th</sup> Floor  
PO Box 4025  
Sacramento, CA 95812-4025

**Section I: Jurisdiction Information and Certification**

To qualify for a rural reduction in the diversion and planning requirements, a jurisdiction must meet the rural definition and certain other requirements set forth in statute and regulation (Attachment A). Please contact your OLA representative to determine whether your jurisdiction is listed as rural on the California Integrated Waste Management Board's (CIWMB) Waste Analysis Branch Rural Status spreadsheet?

**Section II: Diversion Rate Request and Waste Generation Summary**

Please enter requested information below. \*All calculations should be based on amounts for the year the reduced rate is being requested.

Diversion Rate Requested: 34%

Population\*: 9450

**Waste Generation Summary\*:**

Disposal: 6,243. tons

Diversion: 3,200 tons

Per Capita Waste Generation: 4.20 lbs./person/day

Residential Generation 57.07 %

Non-Rcs. Generation 42.93 %

**Section III: Basis for Request**

The following questions are in reference to the Board-approved *Policy for Granting Reductions in the 50% Medium-term (year 2000) Diversion Requirement* dated October 27, 1994 (Attachment B). Please address the following questions and provide any additional information that will support your petition to reduce the diversion requirements.

1. Please include an overall statement as to why your jurisdiction is unable to meet the state-mandated 50 percent diversion requirement. Discuss the diversion rate that the jurisdiction feels is achievable and explain the basis for the reduced diversion rate that you are requesting.

THERE IS A MINIMAL AMOUNT OF WASTE THAT COULD BE DIVERTED AS THERE ARE MANY YARDS WHICH ARE NOT LANDSCAPED OR ARE WITH PLANTS THAT GENERATE LITTLE GREENWASTE. IF THERE IS A PREMIUM PAID FOR ANY PRODUCT AND IT IS NOT BEING RECYCLED BY THE HOMEOWNER OR BUSINESS, THERE IS A NUMBER OF PEOPLE THAT PURGE THE RASH CONTAINERS OF RECYCLABLES. TO CONFIRM, TAKE A LOOK AT THE RECYCLE TOTALS OF R&F DISPOSAL RECYCLE CENTER HERE IN MCFARLAND.

2. Are there significant material types for which no programs have been implemented or for which programs are inadequate? Is there a significant waste generator in the jurisdiction that is not diverting materials? NO, NO

**Section VII: Programs Supporting Diversion Activities**

Please describe your public sector diversion and procurement programs. (PRC Section 41787)

Material type targeted (i.e., office paper)	Program description	Ordinances adopted or public policy developed (by whom, when, for what purpose? Attach copies of ordinances)
	THE CITY OF MCFARLAND MAKES AN EFFORT TO PURCHASE RECYCLED PAPER PRODUCTS, TONER CARTRIGES AND USE OF COMPOST MULCHINGS IN IT OPERATIONS AND INCOURAGE OTHERS IN THE PUBLIC AND PRIVATE SECTORS.	

Please describe your public information, education and outreach programs. (PRC Section 41787)

Public sector targeted (i.e., single residential, multi-residential, businesses, schools, etc.)	Material type targeted (i.e., greenwaste, commingled, cardboard, etc)	Program description	Frequency/number of contacts, mailings, advertisements during the last year
		BEING A VERY SMALL RURAL COMMUNITY, WE HAVE FOUND THAT THE BEST CONTACTS ARE PERSONAL AND MOST OFTEN WILL RECTIFY ANY NON-COMPLIENCE IN RECYCLE EFFORTS OF THE COMMUNITY. THE LARGEST SINGLE CONTRIBUTOR TO WASTE IS THE PACKAGING OF PRODUCT AND WE ARE MAKING AN EFFORT TO EDUCATE THE PUBLIC AS TO THE IMPACT THAT PACKAGING HAS ON OUR ABILITIES TO REACH OUR DIVERSION GOALS.	

BECAUSE OF WHAT WAS THE ALREADY ONGOING RECYCLING EFFORTS, YARDS WHICH REFLECT THE LOCAL CULTURE AND ALREADY METERED WATER, NO INDUSTRY AND LIMITED NON RESIDENTIAL BUSINESSES, WE HAVE MAXIMIZED THE/OUR DIVERSION POTENTIAL. EVEN SO WE ARE DEDICATED TO MAKING EVERY REASONABLE EFFORT TO FURTHER DIVERSION / RECYCLING OBJECTIVES  
THANKS FOR YOUR CONSIDERATION IN ADJUSTING OUR DIVERSION RATE SO THAT IT IS REFLECTIVE OF THE ACTUAL CONDITIONS OF OUR LOCAL SITUATION.
