Re: Request for Board approval of Southern Alameda County RMDZ renewal

Dear Members of the Board:

The Southern Alameda County Recycling Market Development Zone requests Board approval of renewing its designation as a Recycling Market Development Zone. The Southern Alameda County RMDZ looks forward to continuing to work to expand markets for recycled materials.

Please note that the application includes an Environmental Certification stating that I am not aware of any environmental Justice issues within the RMDZ, and that there are no identified underserved groups within the RMDZ.

If you have any questions or need additional information please do not hesitate to contact me at (510) 494-4737 or by e-mail at dhuerta@ci.fremont.ca.us.

Sincerely,

David Huerta
Zone Administrator
Southern Alameda County RMDZ

enc. Zone renewal application
