

## DORIIS MINIMUM WEB BROWSER REQUIREMENTS

DORIIS is an Internet-based application. To successfully use DORIIS, you must have a connection to the Internet and an Internet browser installed. In order for many features of the DORIIS website to work properly, any Internet browser popup blockers need to be disabled, or the site <https://doriis.ca.gov> should be added to the popup blocker's trusted sites list.

DORIIS supports the recent public release versions of the following browsers:

### Windows

Browser Version	Windows 7 & Windows 7 SP1 (64-bit)	Windows 7 & Windows 7 SP1 (32-bit)	Windows Vista, SP1 & SP2 (32-bit)	Windows XP SP3 (32-bit)

**Windows:**

- With the browser open, click on "Help" on the menu bar.
- Scroll down to "About Internet Explorer" or "About Firefox."
- The top line of the resulting window displays what browser version you are using.

**Macintosh:**

- With the browser open, click on Safari in the top left corner.
- Scroll down to "About Safari."
- The line under the title of the browser displays the browser version you are using.
