

CalRecycle Recycled-Content Trash Bag Program: Summary of Compliance With Plastic Trash Bag Certification Requirements for 2005 Reporting Period

The following summary is based on certifications received by the California Integrated Waste Management Board (Board, CIWMB) (CalRecycle since 2010) for the 2005 reporting period. If your company is listed as failing to certify and you are not a trash bag manufacturer or wholesaler, please let us know, so we may remove you from our database.

Requirements of Public Resources Code section 42290 et seq.

Plastic Trash Bag Manufacturers

Plastic trash bag manufacturers selling trash bags in California are required to meet either one of the following:

- Ensure that its plastic trash bags contain a quantity of recycled plastic postconsumer material (RPPCM) equal to at least 10 percent of the weight of the regulated bags.
- Ensure that at least 30 percent of the weight of material used in all of its plastic products intended for sale in California is RPPCM.

Plastic Trash Bag Wholesalers

Plastic trash bag wholesalers are required to certify the names of trash bag manufacturers from which they purchased plastic trash bags.

Our database may not have captured all manufacturers or wholesalers that are required by law to submit certifications to the Board. Therefore, if a trash bag manufacturer or wholesaler (defined as any company that purchased trash bags from a manufacturer for resale), that sold regulated bags in California during the reporting period is not on the compliant list, then that company will be considered noncompliant for not submitting the required certification.

Summary of Manufacturers Certification:

Manufacturers That Met the Minimum Postconsumer Content Requirements for 2005

The following plastic trash bag manufacturers certified to the CIWMB that they met the minimum postconsumer content requirements of the plastic trash bag law, using a total of 6,477.29 tons of RPPCM:

- AEP Industries, Inc., South Hackensack, New Jersey
- Bio Industries, Inc., Wheeling, Illinois
- Caltex Plastics, Inc., Vernon, California
- Colonial Bag Corporation, Carol Stream, Illinois
- Covalence Plastics (Covalence Specialty Materials Corp., *dba* Covalence Plastics, Minneapolis, Minnesota)
- Covalence Specialty Materials Corp., *dba* Covalence Plastics, Minneapolis, Minnesota
- Envision, Wichita, Kansas
- EPS Production Company, Inc., San Leandro, California
- Flex-O-Glass *dba* Warp Brothers, Chicago, Illinois
- Fortune Plastics of Arizona, Glendale, Arizona
- Fortune Plastics of Illinois, *dba* Parade Packaging, Mundelein, Illinois
