

Listening in on the webinar; I have a few questions.

- 1) To whom do I submit my grant application?
- 2) Is there a specific application form to fill out, or do I just innumerate my points and how they align with the grant program's scoring criteria?
- 3) The seminar gave a deadline of July 1st for submission of these grant applications...however the draft online on your website says (for the organics) that the applications are due in January 2015. What was this July 1st deadline?

Thank you so much for your time. I truly appreciate your answers ☺
