

Dana Gunders forwarded the workshop announcement to me, and I joined the webinar yesterday. Great workshop, thanks.

I submitted a question yesterday, but didn't hear an answer. Could you by chance provide an answer?

On slide #9, eligible activities include "food rescue partnered..." – does that mean food rescue is ONLY eligible if partnered with one of the other eligible activities?

Also, would costs of transportation (for moving food out of state) be an eligible expense?

Thanks
Krysten
