Subject: Patrick Owen 1 question for panel

Since our area (Humboldt County) does not include any SB 535 Disadvantaged Communities, I was wondering if any successful applicants in Cycle 1 of the grants program were from areas that did not include a DAC. Thanks.

Since our area does not include rural areas (our county is largely rural, but over 70,000 population), and no DACs, we would like to see the points assigned to those categories reduced. Thanks.
