An error in a SOQ package may be cause for rejection of that SOQ. However, rejection may not be required and CalRecycle may make certain corrections if the error is of a minor nature and/or the firm’s intent is clearly established based on a review of the complete SOQ package as determined by CalRecycle.

Section IV Evaluation and Selection

Introduction

CalRecycle will perform a Pre-Qualification Evaluation process to ensure that the SOQ includes all required documentation and information.

If a SOQ package does not meet all of the requirements set forth in this RFQ, it will be considered non-responsive and rejected from further competition.

SOQ packages that pass this review will be forwarded to the Selection Committee for Evaluation.

Grounds for Rejection

CalRecycle may reject any SOQ package if it is conditional, incomplete, or contains irregularities. CalRecycle may waive immaterial deviations and the SOQ package may be evaluated based on the information provided when considered to be in the best interest of CalRecycle. Waiver of an immaterial deviation shall in no way modify the RFQ requirements or excuse the firm from full compliance with the Contract requirements. Grounds for rejection of a SOQ package include, but are not limited to, the following:

- It is received after the due date and time for submittal
- It does not include a reproducible master and the required number of copies;
- All responses to an item are not completed;
- Required license information is not submitted with the SOQ package;
- Required authorizations and certifications for the SOQ package are not properly completed and signed.
- The firm has been prohibited from contracting with the State by the Department of Fair Employment and Housing
- The firm has received a substantive negative contract performance from the State
- Any items required by the RFQ are not included with the submittal

No proposal will be rejected arbitrarily or without reasonable cause.

Selection Process

The Selection Committee will evaluate and score all SOQs that passed the Pre-Qualification Evaluation, utilizing the Scoring Criteria identified in this RFQ (Attachment B).

Scores assigned based on evaluation criteria will then be converted to a ranking score. For purposes of identifying the firms to be interviewed, staff will determine the ranking hierarchy based on the cumulative ranking score received by each firm. At a minimum, the top three ranked firms will be invited to interview. In the event that less than three firms are qualified, all qualified firms will be invited to interview.

Information obtained from references, client contacts, project inspectors and regulators significantly influences the ranking of responsive firms. Firms shall provide the name and current telephone number of references that can confirm the accuracy of experience and qualifications listed in the SOQ. Employees of Proposer, or employees of entities legally associated with the Proposer, will not be considered valid references. References that are inaccurately listed (e.g., inappropriate contact person or incorrect telephone number) will be disregarded. Experience that cannot be confirmed by CalRecycle staff will be disregarded

Oral Interview

Firms selected for interviews will be notified in advance of the time and place that the interviews will be conducted. Interviews will address the information provided in the SOQ including, but not limited to, qualifications and methods for furnishing the required services. Firms will also be notified of additional information, if any, to be provided at the interview. Failure to appear at the interview will be considered non-responsive and the firm may be eliminated from any further consideration.

Each committee member will independently score the interviewees' qualifications based on the criteria identified in Attachment B, and when appropriate, supplemental questions. Scores assigned will then be converted to a ranking score. For purposes of identifying the most qualified firm, staff will determine the ranking hierarchy based on the cumulative ranking score received by each interviewed firm. In the event of a tie, the Selection Committee will be reconvened to review the scores and identify the firm deemed most highly qualified to provide the services required.

Negotiating of Contracts

CalRecycle staff will request a detailed Fee Proposal from the highest ranked firm. The Fee Proposal shall include appropriate wage rates for office support personnel and appropriate markup rates to be utilized in the performance of the Contract. CalRecycle staff will prepare the State's estimate of fees prior to negotiations, which will remain confidential until award of the Contract or withdrawal of this solicitation.

CalRecycle staff will attempt to negotiate an agreement with the highest ranked firm. If an agreement is reached, staff will recommend to CalRecycle that the selected firm be awarded the Agreement. If an agreement cannot be reached, negotiations will formally be terminated with that firm. Negotiations will then begin with the next highest ranked firm. Failing accord, negotiations shall be terminated. This process will be repeated as necessary until negotiations have been terminated with all interviewed firms. Should CalRecycle staff be unable to negotiate a satisfactory agreement with all of the interviewed firms, CalRecycle staff may select additional firms in the manner prescribed above and continue the negotiation procedure until an agreement is reached, or negotiations on this RFQ are terminated by CalRecycle

Award of Contract

Award of the Contract shall be to the highest-ranking firm meeting all the requirements of this RFQ after successful negotiations have been completed.

CalRecycle reserves the right to not award the Contract.

The following forms and information will be required prior to CalRecycle's execution of the Contract:

1. Payee Data Record (Standard Form 204);
2. Verification of Worker's Compensation Insurance; and
3. Certificate(s) of Insurance

Execution of Contract

The proposed awardee must sign and return the Contract to CalRecycle within 10 days, not including Saturdays, Sundays and legal holidays. If the proposed awardee fails to return the signed Contract within this time period, CalRecycle may deem the proposed awardee to have rejected the Contract. At that point, CalRecycle may disqualify that firm and negotiate and award the Contract to the next most qualified firm.

Start of Work

When the Contract has been signed by CalRecycle, a fully executed copy of the Contract will be mailed to the Contractor. Upon receipt of the executed Contract, CalRecycle staff may provide the Contractor with Work Orders for work described in this RFQ.

Protest of Award

This RFQ process is not subject to Protest pursuant to GC § 4525.

Control of Work

1. CalRecycle Contract Manager has the authority to determine the quality and acceptability of the following:
 - Work to be performed
 - Rate and progress of the work
 - Fulfillment of the services provided by the Contractor
 - Compensation for services provided by the Contractor

These decisions will be deemed final and enforceable by CalRecycle Contract Manager when the Contractor fails to complete orders required by this Contract.

2. The Contractor will designate a Project Manager who holds the following authority:
 - Act as the Contractor's Representative for work to be provided under this Contract
 - Act as the Contractor's Representative regarding contractual matters relating to this Contract

If during the course of the Contract, it is deemed necessary to replace the Project Manager, CalRecycle Contract Manager approval is required.

Section VI Cost And Payment Provisions

Payment

The Contractor will be reimbursed in arrears for services satisfactorily rendered and approved by CalRecycle's Contract Manager, as promptly as fiscal procedures will permit upon receipt by CalRecycle's Contract Manager of itemized invoices in triplicate. Separate invoices itemizing all costs are required for all work performed under each Work Order.

Labor Rates

During Contract negotiations, labor rates will be determined for the Contractor and subcontractors as required by law. If a rate is not listed for a required service, the Contractor agrees to accept a fair and reasonable rate for that service subject to applicable legal requirements.

A mistake, inadvertence, or neglect by the Contractor in failing to pay the legally required wage rates will be remedied solely by the Contractor and will not, under any circumstances, be considered as the basis of a claim against the CalRecycle on the Contract.

Office Support Employees

Compensation for various project management categories shall be determined during Contract negotiations. This compensation shall be the actual wages, plus any employer payments to or on behalf of the employees for health and welfare, pension, vacation and similar purposes, and include overhead and profit. Compensation for employees not previously identified shall be negotiated between the Contract Manager and the Contractor.

Contractor-owned Equipment (if applicable)

Contractor-owned equipment will be paid for at the rates listed for such equipment in the Department of Transportation publication entitled *Labor Surcharge and Equipment Rental Rates*, which is in effect on the date upon which the work is accomplished, plus a markup to be negotiated, but not to exceed 15 percent. Rates paid for equipment shall include the cost of fuel, oil, lubrication, supplies, small tools, necessary attachments, repairs and maintenance of any kind, depreciation, storage, insurance, and all incidentals.

Payment for equipment identified in a Work Plan and approved as necessary for the timely completion of a project, that will not be operated on a continuous basis throughout the project (e.g., water trucks and haul trucks), will be paid for in accordance with Table VI-1.

If it is deemed necessary to use equipment not listed in the Labor Surcharge and Rental Equipment Rates, a suitable rate for such equipment will be established by Contract Manager. The Contractor may furnish any cost data that might assist in the establishment of such rate.

After commencement of work, should it become necessary to suspend work for more than two working days for reasons beyond control of the Contractor, the Contractor shall immediately notify CalRecycle staff in writing. CalRecycle staff will promptly investigate and determine whether or not to compensate the Contractor for idle equipment. If CalRecycle staff determines compensation is warranted, CalRecycle staff will determine whether to maintain the Contractor's equipment on site and compensate the Contractor for idle equipment charges in accordance with provisions of Section 8-1.09, "Right of Way Delays" in the Standard Specifications or direct the Contractor to demobilize the equipment. Contractor will be compensated for demobilization charges or idle equipment charges approved in writing by CalRecycle staff, but shall not have claim to anticipated profit and overhead costs for work not performed.

Rental Equipment (if applicable)

Payment for rental equipment at invoice rates may be allowed by Contract Manager after review of pertinent information provided by the Contractor. A separate allowance may be permitted for fuel and lube of rental equipment if those costs are not included in the rental agreement. This information shall be included in the Work Plan. A markup to be negotiated, but not to exceed 15 percent, will be allowed for this equipment. If allowed by the Contract Manager, acceptable equipment rates and agreement conditions will be included in the Work Order for site remediation

Small Equipment And Tools (if applicable)

Individual pieces of equipment or tools, such as disposable items or items that may be used on other projects, and having a replacement value of less than \$500, whether or not consumed by use, shall be considered to be small tools and not eligible for compensation under this Agreement.

Materials (if applicable)

To the total of the direct costs of purchased materials a markup to be negotiated, but not to exceed 15 percent, will be allowed. Cost of materials will be the cost to the Contractor. Only materials furnished by the Contractor and required for the performance of work will be considered for payment. CalRecycle staff reserves the right to furnish such materials as it deems advisable, and the Contractor shall have no claim for costs and markup on such materials.

CalRecycle may reimburse the Contractor for project-related cellular charges made by the Project Manager while on a project if approved by the Work Order. A weekly rate of \$25.00 may be approved for these purposes only. All other phone charges by the Contractor or subcontractors are considered part of overhead costs and will not be reimbursed.

Subcontractors

When subcontractors are required in performance of the work and have been approved in the Work Order, the Contractor will be compensated for invoiced cost of the services plus a markup to be negotiated, but not to exceed 10 percent. This markup shall reimburse the Contractor for profit and additional administrative costs, and no other additional payment for performance of work by a subcontractor will be made under this Contract.

Non-Hazardous Material Transport And Disposal (if applicable)

When required by the Work Order, non-hazardous materials designated for removal shall be excavated, minimizing unnecessary over-excavation or removal of clean material. Screening or other approved methods may be utilized to separate soil from refuse. The Work Plan shall include rates from licensed haulers for removal of material. Non-hazardous material removed from a site shall be disposed of at appropriately permitted facilities. Disposal costs shall be identified in the Work Plan. If required by CalRecycle staff or a Work Order any cleanup, packaging, transportation and disposal or recycling of that material shall follow all prescribed health and safety procedures. Haulers must have appropriate license to transport these materials, and the disposal site shall have permits appropriate for the types and volumes of these materials. 3. Automobile Liability Insurance, including coverage for all owned, hired and non-owned automobiles, with single limit of liability not less than \$1,000,000.

The Contractor shall provide the Contracts Unit, within ten (10) days after notification of CalRecycle's intent to award, Certificates of Insurance for each of these insurance policies. Examples of other services include: obtaining permits and licensing fees for site remediation to comply with state and local regulatory agency laws, codes, regulations and ordinances, surveys, sampling and testing, report reproduction, over-night mail, materials and supplies; and other such costs determined reimbursable by CalRecycle staff. Resolved work reports shall be signed by the Contractor's site superintendent and a copy shall be provided to CalRecycle staff. When these daily work reports are agreed upon and signed by both parties, they shall become the basis of payment for the work performed, but shall not preclude subsequent adjustment based on audits or reviews.
