

1  
2 BEFORE THE  
3 DEPARTMENT OF RESOURCES RECYCLING AND RECOVERY

4 IN THE MATTER OF:

5 GREGORY A HAYNIE and JULIE

6 HAYNIE, PROPERTY OWNER

7 AND

8 FREEDOM TIRE, INC. and IRC

9 INTERNATIONAL RECYCLING CENTER,

10 LLC, OPERATORS

11 TPID NO: 1639531

12 ASSESSOR PARCEL NO: 082-461-20

Cleanup and Abatement

Order: No. 2011-011001-CAO

Public Resources Code section 42845

13  
14 TO: GREGORY A HAYNIE, Property Owner and Operator, JULIE HAYNIE, Property Owner  
15 and Operator, FREEDOM TIRE, INC., Operator, IRC INTERNATIONAL RECYCLING  
16 CENTER, LLC, Operator:

17 **PLEASE TAKE NOTICE THAT:**

18 You are the Operator of a Waste Tire Facility (WTF) known as either FREEDOM TIRE,  
19 INC., or IRC INTERNATIONAL RECYCLING CENTER, LLC, or Owner of property located at  
20 1315 Claudina St, Anaheim, CA 92805 (the site), Assessor Parcel Number 082-461-20, upon  
21 which FREEDOM TIRE, INC., and IRC INTERNATIONAL RECYCLING CENTER, LLC, are  
22 located, as those terms are defined in Public Resources Code (PRC) sections 42804, 42805  
23 and 42808 (Property Profile for this site is attached hereto and incorporated herein by  
24 reference as Appendix A);

25 For all purposes, within this Order "You" shall mean the Operators, FREEDOM TIRE,  
26 INC., and IRC INTERNATIONAL RECYCLING CENTER, LLC, and the Property Owners,  
27 GREGORY A HAYNIE and JULIE HAYNIE, collectively, unless otherwise specified.  
28

1 The California Integrated Waste Management Board (CIWMB) which is now the  
2 Department of Resources Recycling and Recovery (CalRecycle) has authority to act as the  
3 enforcement agency for WTF's, pursuant to PRC section 42800 et seq., and is the  
4 enforcement agency for this waste tire site. CalRecycle succeeded to CIWMB's authority on  
5 January 1, 2010, pursuant to PRC section 40401;

6 This site meets the definition of a minor WTF as that term is defined by PRC section  
7 42808(c);

8 You are currently in violation of California Waste Tire Laws as prescribed by PRC  
9 section 42800 et seq.;

10 CalRecycle inspected this site on August 11, 2011, as documented by Inspection  
11 Report # I1-1169240, and determined that 4,546 waste tires were being stored on site; and

12 CalRecycle issued a Notice of Violation to you as the Property Owner/Operator on  
13 August 11, 2011, with a compliance deadline of September 11, 2011;

14 CalRecycle inspected this site on October 11, 2011 as documented by Inspection  
15 Report # I1-1169038, and determined that 2,841 waste tires remain on site. During both  
16 inspections of the site you represented to CalRecycle that FREEDOM TIRE, INC., operates as  
17 a used tire dealer separate and apart from IRC INTERNATIONAL RECYCLING CENTER,  
18 LLC, which is not a used tire dealer. However, during both inspections, CalRecycle staff was  
19 unable to find a distinct, physical, separation between the two businesses;

20 To date, you have not acquired a WTF permit for this site;

21 You, GREGORY A HAYNIE, JULIE HAYNIE and FREEDOM TIRE, INC., are in  
22 violation of PRC section 42834 for accepting and storing more than 1,500 waste tires on this  
23 site without obtaining a "Minor Waste Tire Facility Permit";

24 You, GREGORY A HAYNIE, JULIE HAYNIE and IRC INTERNATIONAL RECYCLING  
25 CENTER, LLC, are in violation of PRC section 42834 for accepting and storing more than 499  
26 waste tires on this site without obtaining a "Minor Waste Tire Facility Permit";

1 You are in violation of Title 14 of the California Code of Regulations (CCR), section  
2 18420(a), which requires every Operator of a major or minor WTF that stores, stockpiles,  
3 accumulates or discards waste tires to acquire a WTF Permit;

4 You are in violation of Title 14 of the CCR, section 18423, which requires every  
5 Operator of a major or minor WTF to submit a completed WTF Permit application;

6 Since this site meets the definition of a "Waste Tire Facility" as set out in PRC section  
7 42808, this site is also subject to the same safety and security measures to which a legally  
8 permitted facility is subject. These requirements are set forth in Title 14 of the CCR, Division  
9 7, Chapter 3, Article 5.5, attached hereto and incorporated herein by reference as Appendix B;

10 CalRecycle has the authority to order WTF Operators who are in violation of the  
11 aforementioned law to clean up waste tire piles, abate the effects thereof, or otherwise remedy  
12 a case of threatened pollution or nuisance, pursuant to PRC section 42845(a);

13 CalRecycle has the authority to seek administrative penalties of not less than five  
14 hundred dollars (\$500) and up to ten thousand dollars (\$10,000) for each violation of a  
15 separate provision or, for continuing violations, for each day that the violation continues,  
16 against any person who violates any provision of this Chapter, or any permit, rule, regulation,  
17 standard or requirement issued or adopted pursuant to this Chapter as provided in PRC  
18 sections 42850 and 42850.1.

19  
20 **THEREFORE, PURSUANT TO PRC SECTION 42845, AND BASED ON**  
21 **REPRESENTATIONS MADE BY YOU TO CALRECYCLE STAFF, YOU, FREEDOM TIRE,**  
22 **INC., IRC INTERNATIONAL RECYCLING CENTER, LLC, AND GREGORY A. HAYNIE &**  
23 **JULIE HAYNIE ARE ORDERED TO:**

- 24 1. Cease violation of waste tire storage laws, including the creation of illegal waste  
25 tire facilities, pursuant to PRC section 42808.
- 26 2. Create and maintain a distinct, permanent, physical delineation between  
27 FREEDOM TIRE, INC.'s operations and IRC INTERNATIONAL RECYCLING  
28 CENTER, LLC's operations.

- 1 a. This delineation may take the form of a painted line, fence-like structure, or  
2 any other form that is clearly visible and apparent to any CalRecycle staff or  
3 agent thereof at all times. CalRecycle shall presume that any used or waste  
4 tires onsite belong to the operator within whose delineated boundary the used  
5 or waste tires are located at the time of inspection or observation.
- 6 b. If FREEDOM TIRE, INC., opts to operate inside the building onsite, but uses  
7 a loading dock outside the building, FREEDOM TIRE, INC., shall include  
8 room for said loading dock and any trucks operated by FREEDOM TIRE,  
9 INC., within the borders of the physical delineation showing the area onsite  
10 maintained by FREEDOM TIRE, INC.
- 11 3. Label any and all sea containers, trucks, or trailers on site as belonging to,  
12 delivering to, or picking up from, either FREEDOM TIRE, INC., or IRC  
13 INTERNATIONAL RECYCLING CENTER, LLC. The label may or may not be  
14 permanent, but shall be placed on said sea container, truck, or trailer as soon as  
15 said sea container, truck, or trailer enters the site premises, and shall remain until  
16 said sea container, truck, or trailer leaves the site. The label shall be readily  
17 apparent and easily readable by CalRecycle staff or an agent thereof. Where no  
18 label is apparent, CalRecycle staff shall presume any used or waste tires located  
19 within the sea containers, trucks, or trailers are being stored by the operator  
20 within whose delineated boundary the sea container, truck, or trailer is located at  
21 the time of inspection or observation.
- 22 4. Maintain separate and distinct business records for FREEDOM TIRE, INC., and  
23 IRC INTERNATIONAL RECYCLING CENTER, LLC.
- 24 5. Remove the amount of waste tires specified in the following subparagraphs (a)  
25 and (b) from the premises within 30 days from the date of service of this Clean  
26 Up and Abatement Order (CAO), in accordance with the waste tire removal  
27 schedule in the following subparagraph (c):  
28

- 1 a. FREEDOM TIRE, INC., shall remove enough waste tires so that no more  
2 than 1500 remain within FREEDOM TIRE, INC.'s, delineated area of the  
3 site.
- 4 b. IRC INTERNATIONAL RECYCLING CENTER, LLC., shall remove  
5 enough waste tires so that no more than 499 remain within IRC  
6 INTERNATIONAL RECYCLING CENTER, LLC.'s delineated area of the  
7 site.
- 8 c. Waste Tire Removal Schedule
- 9 i. Waste tires shall be removed from the premises. CalRecycle must  
10 approve the destinations of the tires to ensure that a registered waste  
11 tire hauler legally transports them to an approved facility.
- 12 ii. All waste tires (whole and/or passenger tire equivalents, pursuant to  
13 Title 14 of the CCR, section 17225.770) shall be removed by a  
14 registered waste tire hauler, as prescribed by PRC section 42950 et  
15 seq., within 30 days from the date of service of this CAO. A completed  
16 Comprehensive Trip Log (CTL), CalRecycle 203, manifest form must  
17 accompany each load and a copy of each completed CTL form must  
18 be submitted to CalRecycle within 45 days from the date of service of  
19 this CAO. Failure to comply with this provision may result in penalties,  
20 pursuant to PRC sections 42961.5 and 42962.

21 **PLEASE TAKE FURTHER NOTICE THAT PURSUANT TO PRC SECTIONS 42845,**  
22 **42850 and 42850.1:**

23 If you do not complete or comply with the above actions by the specified dates,  
24 CalRecycle may petition the superior court for injunctive relief to enforce this CAO and for civil  
25 penalties in the amount of not less than \$500 and up to \$10,000 for each violation of a  
26 separate provision or, for continuing violations, for each day the violation continues, pursuant  
27 to PRC sections 42845, 42850 and 42850.1. Civil penalties may be imposed in a civil action or  
28 may be imposed administratively, pursuant to PRC section 42850 et seq.;

1 If a decision is made in favor of CalRecycle in an administrative or civil hearing in  
2 accordance with PRC section 42850 et seq., CalRecycle or its contractors may subsequently  
3 enter your property for the purposes of abatement or remediation without your consent,  
4 pursuant to PRC section 42846.5;

5 You have ten (10) days from the date of service of this order to file a petition with  
6 CalRecycle raising any substantial issues that are appropriate for review. CalRecycle will  
7 review the petition and respond within thirty (30) days from the date of receipt by CalRecycle.  
8 Regardless of whether you file a petition, you must complete the above actions ordered  
9 pursuant to PRC section 42845;

10 If you fail to reduce the amount of waste tires onsite in accordance with paragraph five  
11 (5) of this CAO by the required date, CalRecycle is authorized to expend available funds to  
12 perform any necessary cleanup, abatement or remedial work, as set forth in PRC section  
13 42845 et seq.;

14 If CalRecycle expends funds to perform any cleanup, abatement or remedial work,  
15 CalRecycle may seek cost reimbursement from you and any other responsible party acting as  
16 the Operator or Property Owner, pursuant to PRC section 42847;

17 Moreover, funds so expended by CalRecycle constitute a lien upon the real property  
18 owned by any responsible party that is subject to the remedial action, pursuant to PRC section  
19 42847.5.

20 Nothing in this CAO shall constitute or be construed as a satisfaction or release from  
21 liability for any conditions or claims arising as a result of yours or any other responsible party's  
22 past, current or future operations acting as the Operator or Property Owner. Notwithstanding  
23 compliance with the terms of this CAO, you may be required to take further actions as are  
24 necessary to protect public health or welfare or the environment.

25 CalRecycle shall not be liable for injuries or damages to persons or property resulting  
26 from acts or omissions by you or any other responsible party acting as the Operator or  
27 Property Owner, or related parties in carrying out activities pursuant to this CAO; nor shall  
28 CalRecycle be held as a party to any contract entered into by you or any other responsible

1 party acting as Operator or Property Owner or their agent(s) in carrying out activities pursuant  
2 to this CAO.

3 This CAO does not relieve you or any other responsible party acting as the Operator or  
4 Property Owner from complying with all other local, state and federal requirements.

5 This CAO may only be amended in writing by an authorized CalRecycle representative.

6 If you have any questions about this CAO, you may contact Harley Thompson of my  
7 staff at (951) 782-4282.

Sale Date: 04/28/2010  
Recording Date: 06/25/2010  
Parcel Number: 082-461-20

## **APPENDIX B**

# **APPLICABLE CALIFORNIA STATUTE AND REGULATIONS**

## APPENDIX B

### PUBLIC RESOURCES CODE

#### **§ Section 42824. Transporting Waste Tires to an Unpermitted Major Waste Tire Facility**

On and after September 1, 1994, it is unlawful to direct or transport waste tires to a major waste tire facility or to accept waste tires at a major waste tire facility unless the operator has obtained a major waste tire facility permit.

#### **§ Section 42834. Transporting Waste Tires to an Unpermitted Minor Waste Tire Facility**

On and after July 1, 1994, it is unlawful to direct or transport waste tires to a minor waste tire facility or to accept waste tires at a minor waste tire facility unless the operator has obtained a major waste tire facility permit.

#### **§ Section 42850. Complies with Terms of Permit**

(a) Any person who negligently violates any provision of this chapter, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is liable for civil penalty of not less than five hundred dollars (\$500) or more than five thousand dollars (\$5,000), for each violation of a separate provision or, for continuing violations, for each day that the violation continues.

#### **§ Section 42953. Contracts With Registered Waste Tire Haulers**

Any person who gives, contracts, or arranges with another person to transport waste or used tires shall utilize only a person holding a valid waste and used tire hauler registration from the board, unless the hauler is exempt as specific in Section 42954.

### **TITLE 14, DIVISION 7, CHAPTER 3, Minimum Standards for Solid Waste Handling and Disposal**

#### **Article 5.5. Section 17351. Fire Prevention Measures.**

(a) Communication equipment shall be maintained at all facilities, if they are staffed by an attendant, to ensure that the site operator can contact local fire protection authorities in the event of fire.

(b) Adequate equipment to aid in the control of fires must be provided and maintained at the facility at all times. At a minimum the following items shall be maintained on site and in working order at all times:

- (1) One (1) dry chemical fire extinguisher;
- (2) One (1) two and one-half gallon water extinguisher;
- (3) One (1) pike pole or comparable pole at least 10 feet in length to separate burning from nonburning tires; and
- (4) One (1) round point and one (1) square point shovel.
- (5) One (1) dry chemical fire extinguisher with a minimum rating of 4A:40BC shall be carried on each piece of fuel-powered equipment used to handle waste tires;

(c) An adequate water supply shall be available for use by the local fire authority. The water supply shall be capable of delivering at least 1000 gallons per minute for a duration of at least three hours and at least 2000 gallons per minute for a duration of at least three hours if the sum of altered plus whole waste tires exceeds 10,000.

(d) All of the requirements of subsections (b) and (c) shall apply unless the local fire authority having jurisdiction over a particular facility determines that a different requirement is necessary or

## APPENDIX B

adequate to meet the intent of these regulations for fire control and the protection of life and property. This may include the availability of earth moving equipment or other approved means to control the tire fire. Any change in, or any new, local fire authority requirements that affect the requirements in this Article shall be reported to the Board by the operator within 30 days after their effective date. Any requirements approved by the local fire authority shall be subject to Board concurrence at the time of issuance or renewal of the permit.

### **Article 5.5, Section 17352. Facility Access and Security.**

(a) Signs--for facilities open to the public a sign shall be posted at the facility entrance stating the name of the operator, operating hours, and site rules.

(b) Attendant--An attendant shall be present when the facility is open for business if the facility receives tires from persons other than the operator of the facility.

(c) Access--An access road to the facility must be maintained passable for emergency equipment and vector control vehicles at all times. Unauthorized access must be strictly controlled.

### **Article 5.5, Section 17353. Vector Control Measures.**

(a) All waste tires shall be stored in a manner which prevents the breeding and harborage of mosquitoes, rodents, and other vectors by any of the following means:

(1) Cover with impermeable barriers other than soil to prevent entry or accumulation of precipitation; or

(2) Use of treatments or methods to prevent or eliminate vector breeding as necessary, provided the control program is approved as appropriate and effective by the local vector control authority, if such authority exists. If no local vector control authority exists, the local Environmental Health Department or other local agency with authority over vector control shall approve the vector control plan. Any control program approved by the local vector control authority shall be subject to Board concurrence at the time of issuance or renewal of the waste tire facility permit.

### **Article 5.5, Section 17354. Storage of Waste Tires Outdoors.**

(a) Except as provided in subsection (c) waste tires shall be restricted to individual piles, which include stacks and racks of tires that do not exceed 5,000 square feet of contiguous area. Any pile shall not exceed 50,000 cubic feet in volume nor 10 feet in height. Piles shall not exceed 6 feet in height when within 20 feet of any property line or perimeter fencing. Waste tires shall not be located within 10 feet of any property line or perimeter fencing. The minimum distance between waste tire piles and between waste tire piles and structures that are located either on-site or off-site shall be as specified in Table I.

(b) Except as provided in subsection (c) waste tires shall be separated from vegetation and other potentially flammable materials by no less than 40 feet. Accessible fire lanes with a minimum width as specified in Table I shall be provided between tire storage units. Fire lanes shall be kept free of flammable or combustible material and vegetation. Access to fire lane(s) for emergency vehicles must be unobstructed at all times. Open flames, blow torches, or highly flammable materials, including but not limited to, tire inner tubes, are prohibited within 40 feet of a waste tire pile.

## APPENDIX B

<b>Table 1. Minimum Separation Distances (Ft.)</b>			
<b>Length of Exposed Face (Ft.)</b>	<b>Tire Storage Pile Height (Ft.)</b>		
	<b>6</b>	<b>8</b>	<b>10</b>
25	50	56	62
50	66	75	84
100	84	100	116
150	99	117	135
200	111	130	149
250	118	140	162

(c) All of the requirements in subsections (a) and (b) shall apply to the storage of waste tires unless, for any particular requirement, the local fire authority having jurisdiction over a particular facility determines that a different requirement is necessary or adequate to meet the intent of these regulations for the prevention of fire and the protection of life and property. Any change in, or any new, local fire authority requirements that affect the requirements in this Article shall be reported to the Board by the operator within 30 days after their effective date. Any requirements approved by the local fire authority shall be subject to Board concurrence at the time of issuance or renewal of the permit.

(d) Surface water drainage shall be directed around and away from the waste tire storage area.

(e) Waste tires at existing waste tire facilities shall not be stored on surfaces with grades that will interfere with firefighting equipment or personnel unless mitigation measures have been approved in writing by the local fire authority, or a fire safety engineer registered by the State of California. Measures established by a fire safety engineer shall be subject to approval by the local fire authority.

(f) New waste tire facilities shall not:

- (1) Be sited in any area where they may be subjected to immersion in water during a 100-year storm unless the operator demonstrates to the Board that the facility will be designed and operated so as to prevent waste tires from migrating off site; or
- (2) Be located on sites with grades or other physical features that will interfere with firefighting equipment or personnel.

(g) Tires must be removed from rims immediately upon arrival at the facility.

(h) The site shall be designed and constructed to provide protection to bodies of water from runoff of pyrolytic oil resulting from a potential tire fire.

## APPENDIX B

### **TITLE 14, DIVISION 7, CHAPTER 6, Permitting of Waste Tire Facilities and Waste Tire Hauler Registration and Tire Manifests**

#### **Article 1, Section 18420. Applicability.**

(a) The operator of a waste tire facility shall acquire a waste tire facility permit in accordance with the requirements of this Chapter and PRC section 42808, unless any of the following conditions exist:

- (1) The waste tires are stored or disposed at a permitted solid waste disposal facility. The permit of the solid waste facility shall be revised pursuant to Public Resources Code (PRC) section 44014 and shall conform to the requirements of Division 7, Chapter 3, Article 5.5.
- (2) The facility is using fewer than 5,000 waste tires for agricultural purposes and the waste tires have been rendered incapable of holding accumulations of water.
- (3) The facility is storing fewer than 500 waste tires.
- (4) The facility is a tire treading business and not more than 3,000 waste tires are kept on the premises.
- (5) (Reserved)
- (6) The facility is an automobile dismantler, as defined in Sections 220 and 221 of the Vehicle Code, who stores waste tires on the premises of the auto dismantler for less than 90 days if not more than 1,500 waste tires are ever accumulated on the dismantler's premises.
- (7) The facility is a tire dealer who stores waste tires on the dealer's premises for less than 90 days if not more than 1,500 waste tires are ever accumulated on the dealer's premises.

(b) For purposes of determining the applicability of this chapter 6, altered waste tires shall be counted as passenger tire equivalents (PTE).

(c) (Reserved)

(d) For the purposes of Chapter 6, Articles 2 through 7 and Articles 9, 10 and 11 apply to operators and/or businesses described under Chapter 6, Article 1.

(e) A "used tire dealer" is only authorized to lawfully accept used or waste tires without a waste tire facility permit if the used tire dealer is in compliance with Section 17225.820, Article 4.1, Chapter 3 and has fewer than 1500 waste tires in accordance with Section 42808(c).

#### **Article 2, Section 18423. Filing of Application**

(a) Every operator of a new or existing major or minor waste tire facility shall submit to the Board a completed original and two (2) copies of the waste tire facility permit application, as specified in Article 4 of this Chapter.

(b) Upon receipt of the application, the Board shall mark the application package with the date of receipt. Within 30 days of receipt, the Board shall examine the application package to determine whether it meets the requirements contained in this chapter and either accept the application as complete or reject the application. If the Board finds the application meets the requirements, the application shall be accepted as complete. If the Board determines that the application does not conform to the applicable requirements, it shall notify the applicant in writing enumerating the grounds for rejection.

## APPENDIX B

### **Article 4, Section 18432. Operation Plan**

(a) The Operation Plan, as required by 18431(b) shall demonstrate conformance with the technical standards contained in 14 CCR, Division 7, Chapter 3, Article 5.5.

(b) The operator shall file amendments to the Operation Plan whenever necessary to keep the information contained in it current.

### **Article 4, Section 18433. Emergency Response Plan**

(a) The operator of the waste tire facility shall maintain a copy of the Emergency Response Plan at the facility. At the time of permit issuance the approved Emergency Response Plan shall be forwarded to the local fire authority by the permittee. The plan shall be revised as necessary to reflect any changes in the operations of the waste tire facility or requirements of the local fire authority. The local fire authority and the Board shall be notified of any changes to the plan within 30 days of the revision.

(b) The operator of the facility shall immediately notify the Board in the event of a fire or other emergency if that emergency has potential significant off-site effects. Within 30 days of any such emergency, the operator shall submit to the Board a written report describing the cause(s) of the emergency, the results of actions taken, and an analysis of the success or failure of these actions.

### **Article 7, Section 18447. Retention of Records**

Copies of all records required to be kept under this Chapter shall be retained by the operator for three (3) years at the place of business and shall be made available at the site during normal business hours for inspection and photocopy by any representative of the Board or any individual authorized by the Board.

### **Article 8.5, Section 18459.2.1. Submittal of the Comprehensive Trip Log, Manifest Form, Tire Trip Log, Retreader Trip Log, and Electronic Reporting to the Board**

As provided in this section, the Comprehensive Trip Log, or Manifest Form and Tire Trip Log, or Retreader Trip Log shall be submitted to the CIWMB by the waste tire generator, waste tire hauler or Retreader as specified in (a), (b), (c), or (d).

(a)(1) If the waste tire hauler chooses to use the Manifest form, the waste tire generator shall submit the completed original Manifest Form to the Board within ninety (90) days of the load shipment. The Manifest Form and Tire Trip Log shall be in the waste tire hauler's possession while transporting used or waste tires. The Manifest Form and the Tire Trip Log shall be shown upon demand to any representative of the Board, any officer of the California Highway Patrol, any peace officer, as defined in Section 830.1 or 830.2 of the California Penal Code, or any local public officer designated by the Board.

(2) If the waste tire hauler chooses to use the Tire Trip Log, the waste tire hauler shall submit the completed original Tire Trip Log to the Board within ninety (90) days of the load shipment.

(3) The Manifest Form and Tire Trip Log shall not be used after December 31, 2005.

(b) On or before January 1, 2006, the waste tire hauler shall submit a copy of the completed Comprehensive Trip Log to the Board within ninety (90) days of the load shipment. The Comprehensive Trip Log shall be in the waste tire hauler's possession while transporting used or waste tires. The Comprehensive Trip Log shall be shown upon demand to any representative of the Board, any officer of the California Highway Patrol, any peace officer, as defined in Section 830.1 or 830.2 of the California Penal Code, or any local public officer designated by the Board.

## APPENDIX B

(c) If the waste or used tire is a tire casing being shipped for inspection, retreading, or recapping and is being transported by a Retreader, the waste tire generator may substitute an invoice for the required manifest form provided by the Retreader. The invoice shall contain the date of the transaction, the name of the customer and address, the Tire Program Identification Number of the generator or end use facility, the name of the retreader and address, the quantity of tire casings shipped. A copy of the invoice and Retreader Trip Log shall be in the Retreader's possession while transporting the tire casings. The copy of the invoice and Retreader Trip Log shall be shown upon demand to any representative of the Board, any officer of the California Highway Patrol, any peace officer, as defined in Section 830.1 or 830.2 of the California Penal Code, or any local public officer designated by the Board.

(1) The Retreader shall submit the completed Retreader Trip Log to the Board within ninety (90) days of the load shipment.

(d) If approved by the Board pursuant to Public Resources Code Section 42961.5, any person that is subject to the requirements set forth in above (a), (b), or (c) may substitute their own functionally equivalent form, once approved by the Board, in lieu of the Board required form and submit an electronic report within ninety (90) days of the load shipment to the Board, in lieu of submitting the required form. The electronic report shall include all information required to be on the Comprehensive Trip Log, Retreader Trip Log, or Manifest and Tire Trip Log forms.
