19 **INTRODUCTION AND PROCEDURAL HISTORY**

20 The parties to this STIPULATION FOR ISSUANCE OF ADMINISTRATIVE DECISION
21 FOR WASTE TIRE HAULER ADMINISTRATIVE PENALTIES (Stipulation) are CALRECYCLE
22 and Wilson Way Tire Company, Inc. (RESPONDENT). On March 8, 2016, CALRECYCLE
23 issued an ADMINISTRATIVE COMPLAINT FOR WASTE TIRE HAULER ADMINISTRATIVE
24 PENALTIES (Administrative Complaint) to RESPONDENT, which included penalties in the
25 amount of \$9,950.00. RESPONDENT was provided with 15 days from the date of receipt of
26 the Administrative Complaint to request a hearing and file a "Notice of Defense/Request for
27 Hearing" with CALRECYCLE to refute the allegations contained therein. RESPONDENT
28 ///

1 requested a hearing on March 31, 2015. A hearing was scheduled for June 22, 2016, in
2 Sacramento, California.

3 In order to avoid the time, expense, and uncertainties attendant with litigation, the
4 Parties hereby submit this Stipulation as final resolution of this matter. In submitting this
5 Stipulation, the Parties understand, acknowledge, and agree to the facts and terms of
6 Stipulation as set forth herein.

7
8 **STIPULATED FACTUAL FINDINGS**

9 1. The Administrative Complaint was executed by Catherine V. Nystrom, Attorney
10 for CALRECYCLE, acting in her official capacity.

11 2. CALRECYCLE has the authority to permit, regulate, and conduct enforcement
12 actions regarding waste tire facilities and waste tire haulers within the State of California
13 pursuant to PRC sections 42800 et seq., 42950 et seq. and attendant regulations contained in
14 Title 14 of the California Code of Regulations ("CCR").

15 3. A "Waste or Used Tire Hauler" or "Hauler" is defined as, "any person engaged in
16 the transportation of waste or used tires, or tire casings, including haulers that the Department
17 [CALRECYCLE] approved as exempt from registration pursuant to PRC section 42954." (14
18 CCR section 18450(a)(37).)

19 4. The "California Uniform Waste and Used Tire Manifest" is a form developed by
20 CALRECYCLE pursuant to PRC section 42961.5 and is also referred to as the
21 "Comprehensive Trip Log" or "CTL." The CTL form is incorporated in the regulations by 14
22 CCR section 18450(a)(11), and must be filled out completely and accurately, including
23 providing the Tire Program Identification (TPID) number for the location of delivery or pick-up
24 of each load of waste tires.

25 5. Pursuant to PRC section 42961.5(c)(2):

26 Any waste and used tire hauler hauling waste or used tires for
27 offsite handling, altering, storage, disposal, or any combination thereof,
28 shall complete the California Uniform Waste and Used Tire Manifest as
required by the board [CALRECYCLE]. The waste and used tire hauler

1 shall provide the manifest to the waste or used tire facility operator who
2 receives the waste or used tires for handling, altering, storage, disposal,
3 or any combination thereof. Each waste and used tire hauler shall submit
4 to the board [CALRECYCLE], on a quarterly schedule, a legible copy of
5 each manifest. The copy submitted to the board [CALRECYCLE] shall
6 contain the signatures of the generator and the facility operator.

7 6. Pursuant to 14 CCR section 18459.2.1:

8 (a) The waste tire hauler shall submit the completed original
9 CTL Form to the Department [CALRECYCLE] within ninety (90)
10 days of the load shipment. The Manifest Form shall be in the
11 waste tire hauler's possession while transporting used or waste
12 tires and shall be shown upon demand to any representative of
13 the Department [CALRECYCLE], any officer of the California
14 Highway Patrol, any peace officer, as defined in Sections 830.1 or
15 830.2 of the California Penal Code, or any local public officer
16 designated by the Department [CALRECYCLE].

17 (b) If approved by the Department [CALRECYCLE] pursuant
18 to PRC section 42961.5, any person that is subject to the
19 requirements set forth in above (a) may substitute their own
20 functionally equivalent EDT [Electronic Data Transfer] form, once
21 approved by the Department [CALRECYCLE], in lieu of the
22 Department [CALRECYCLE] required form and submit an
23 electronic report within ninety (90) days of the load shipment to
24 the Department [CALRECYCLE], in lieu of submitting the required
25 paper form pursuant to Section 18459.1.2. The electronic report
26 shall include all information required to be on the CTL Form.

27 7. 14 CCR section 18459(c)(1) requires waste or used tire haulers, hauling
28 any amount of waste or used tires at any one time in a registered vehicle, to comply
with the Waste Tire Manifest System.

8. Pursuant to 14 CCR section 18459.2.1(a), "The waste tire hauler shall
submit the completed original CTL Form to the Department within ninety (90) days of
the load shipment..."

9. 14 CCR section 18459(b) requires the CTL form be completed.

10. 14 CCR section 18460.2, subsections (b), (d), (e), and (h), provide that a
registered waste tire hauler shall complete a new CTL for each pick-up or delivery of any
waste or used tires, shall not transport waste or used tires without a properly completed CTL

1 form, shall not transport waste or used tires without having a completed copy of the CTL form
2 in the vehicle transporting the waste or used tires, shall leave one completed copy of the CTL
3 form with the waste or used tire generator or end-use facility, and shall keep a copy of the
4 completed CTL form.

5 11. Title 14 CCR section 18463, subsections (a), (b) and (d), provide that any waste
6 tire hauler who intentionally or negligently violates any permit, rule, regulation, standard,
7 requirement, or allows any violation or noncompliance with any permit, rule, regulation,
8 standard, or requirement pursuant to PRC section 42950 et seq. relating to the generation,
9 transportation, or disposal of used or waste tires, shall be liable for a civil penalty.

10 12. RESPONDENT became a registered waste tire hauler on March 2, 1998.

11 13. On September 22, 2014, Tire Enforcement Agency (TEA) Inspector Harprit Mattu
12 with San Joaquin County Environmental Health Department conducted an inspection of
13 Ameron Pipe Group (TPID #1370161) located at 10100 West Linne Road, Tracy, CA, and
14 observed seventeen (17) Electronic Data Transfer [EDT] records left by RESPONDENT that
15 had not been submitted to CALRECYCLE at the time of the inspection. Five of these EDT
16 records were subsequently submitted to CALRECYCLE after the inspection, but after the 90-
17 day time period as required by PRC section 42961.5(c)(2). The remaining twelve (12) EDT
18 records were not submitted to CALRECYCLE. Because a CALRECYCLE registered vehicle
19 was used, RESPONDENT was required to use a manifest form for each transaction no matter
20 the amount of tires in the load, pursuant to 14 CCR 18459(c)(1). Inspector Mattu referred the
21 incident to CALRECYCLE's Tire Hauler Compliance Unit in a Hauler Observation Report dated
22 September 22, 2014.

23 14. On December 15, 2014, Inspector Mattu conducted an inspection of Tiger Lines,
24 LLC. (TPID #1411691), located at 927 Black Diamond Way, Lodi, CA and observed thirty-three
25 (33) EDT records left by RESPONDENT that had not been electronically submitted to
26 CALRECYCLE within the 90-day time period as required by PRC section 42961.5(c)(2). This
27 was documented in a December 15, 2014 Hauler Observation Report.

KNOWLEDGE OF HAULING AND MANIFESTING REQUIREMENTS

16. At the time of RESPONDENT's initial hauler registration and subsequently during the annual hauler registration renewal process, RESPONDENT was provided with instructions regarding the proper completion, retention, and delivery of CTL forms. At the time of RESPONDENT's initial registration and annually during the hauler registration renewal process, RESPONDENT received a hauler package containing the following: (1) instructions on transporting waste/used tires; (2) a complete list of hauler and manifesting regulations (Title 14, California Code of Regulations, Chapter 6); and (3) a training compact disc on the proper storage and transportation of waste/used tires. RESPONDENT was also sent a CTL Guidance Manual, explaining in detail how to properly complete the CTL form, including the requirement to "manifest" (to document on the CTL form) all waste and used tire pickups and deliveries, and a Hauler Alert dated November 18, 2011, informing RESPONDENT of the zero tolerance policy applicable to transporting waste tires to unauthorized locations.

17. On July 10, 2015, CALRECYCLE issued RESPONDENT Streamlined Penalty Letter 2015-000554-PEN (SPL). The SPL was received by RESPONDENT on July 13, 2015. The SPL offered RESPONDENT an opportunity to resolve the violations through settlement. The letter explained RESPONDENT's violations and offered an opportunity to avoid the cost and time of the administrative legal process by having RESPONDENT agree to the

1 streamlined penalty process. RESPONDENT was offered a streamlined penalty in the amount
2 of \$2,500.00. RESPONDENT was given 15 days from the receipt of the SPL to respond to
3 CALRECYCLE.

4 18. On August 4, 2015, CALRECYCLE issued RESPONDENT a reminder letter
5 advising RESPONDENT that CALRECYCLE needed a response on the streamlined penalty
6 offer and extended the response date to August 18, 2015.

7 19. On August 31, 2015, a CALRECYCLE Program Technician with the Tire Hauler
8 Compliance Unit contacted RESPONDENT via telephone. During the call, Ms. Kitty Green, an
9 agent and/or employee of RESPONDENT, stated that she felt the SPL had been previously
10 resolved.

11 20. Immediately following the August 31, 2015 telephone call, Keith Cambridge,
12 Supervisor of the Tire Hauler Compliance Unit for CALRECYCLE, sent an email message to
13 Ms. Green emphasizing that the violations cited in the SPL had not been resolved and that
14 SPL was still active. Ms. Green responded that she would discuss the SPL with her
15 supervisor. No further response was made by RESPONDENT.

16
17 **STIPULATED CONCLUSIONS OF LAW**

18 The Parties stipulated to the following conclusions of law:

19 21. RESPONDENT knowingly violated PRC section 42961.5(c)(2) by failing to
20 submit CTL forms or EDT records within 90 days of tire shipments to CALRECYCLE.

21
22 **STIPULATED ORDER**

23 The Parties stipulate to the following terms and conditions in full and complete
24 settlement of this matter:

25 22. Pursuant to the terms and conditions of this Stipulation, and subject to the
26 limitations hereunder, RESPONDENT stipulates to an administrative penalty against
27 RESPONDENT and in favor of CALRECYCLE in the sum of \$9,950.00 for the violations set
28 forth in this Stipulation. Payment of the penalty shall be satisfied in the following manner:

1 (a) RESPONDENT shall pay \$5,000.00 to CALRECYCLE in accordance with the
2 following:

- 3 i. RESPONDENT shall make installment payments to CALRECYCLE of
4 \$500.00, each month with the first payment due on the 60th day after the
5 effective date of the Administrative Decision issued pursuant to this
6 Stipulation, until the total amount of said payment totals \$5,000.00.
- 7 ii. If any payment by RESPONDENT is not mailed to CALRECYCLE by the due
8 date, and if RESPONDENT fails to cure the missed payment(s) within twenty
9 (20) days of said missed payment RESPONDENT shall be found in partial
10 default of this Stipulation. The partial default amount due shall be calculated
11 to include the amount owed from the missing payment(s) plus a 10% late
12 penalty and interest. CALRECYCLE may seek recovery of this amount
13 through RESPONDENT's Waste and Used Tire Hauler Registration Bond.
- 14 iii. All payments shall be made to CALRECYCLE, Attn: Richard Guess, at P. O.
15 Box 4025, Sacramento, CA 95812-4025, or to such other person and/or
16 place as CALRECYCLE or its agent may from time to time designate in
17 writing.
- 18 iv. \$4,950.00 of this administrative penalty shall be stayed and held in abeyance
19 for a period of three years. The stayed penalty shall be deemed terminated
20 and shall not be paid by RESPONDENT to CALRECYCLE following the
21 three-year period absent a default as described.

22 23. RESPONDENT shall maintain a manifest error rate of 7% or less for the entire
23 abeyance period to avoid a full default.

24 24. RESPONDENT shall comply with all other laws related to waste tire storage and
25 waste tire haulers set forth in PRC section 42800 et seq., PRC section 42950 et seq., and Title
26 14 of the CCR. A violation of any law related to waste tire storage and waste tire haulers that
27 is not described by a separate provision of this Stipulation shall constitute a partial default of
28 this Stipulation.

1 25. If CALRECYCLE determines that RESPONDENT has violated any waste tire
2 storage laws, or waste tire hauler laws by creating a new waste tire facility (WTF) with any
3 amount of waste tires onsite, CALRECYCLE will be required to inspect the WTF at an
4 increased frequency, at least monthly, until RESPONDENT comes into compliance.
5 RESPONDENT will grant access for these additional inspections, and will reimburse
6 CALRECYCLE for the cost of those inspections (including time preparing for the inspection,
7 traveling to the site, and preparing and writing any Inspection Report). Additionally, after
8 compliance has again been regained, CALRECYCLE will inspect the WTF twice a year for the
9 remainder of the abeyance period, and RESPONDENT will reimburse CALRECYCLE for the
10 additional inspections (including time preparing for the inspection, traveling to the site, and
11 preparing and writing any Inspection Report). Failure to grant access to inspectors, or failure
12 to reimburse CALRECYCLE for an inspection within 30 days of an invoice shall be deemed a
13 full default of the Stipulation.

14 The Parties agree the following shall apply to a full default or partial default of this
15 Stipulation:

16 26. **Default:** If RESPONDENT defaults under any of the terms of this Stipulation,
17 CALRECYCLE shall send a Notice of Default to RESPONDENT; said Notice of Default shall
18 state the paragraphs or provisions of this Stipulation of which RESPONDENT is in default and
19 the abeyance amount owed. RESPONDENT shall have 30 days from the date of the issuance
20 of the Notice of Default to provide evidence refuting CALRECYCLE's claim of default. After a
21 review of the evidence provided by RESPONDENT, CALRECYCLE shall make a
22 determination regarding the default and, if appropriate, shall issue a Supplemental Decision
23 regarding any remaining penalties due.

- 24 i. **Full Default:** A full default shall result in an order for the remittance of the entire
25 remaining penalty amount due plus the entire remaining amount held in
26 abeyance.
- 27 ii. **Partial Default:** In the event of a partial default, CALRECYCLE shall state the
28 amount of abeyance due, in accordance with the penalty amounts prescribed in

1 Public Resources Code sections 42850, 42850.1, 42962 and 14 CCR sections
2 18429 and 18464, when it sends its default notice. Upon review of counter
3 arguments, CALRECYCLE shall either advise RESPONDENT that it has
4 determined no default occurred, or shall issue an invoice ordering
5 RESPONDENT to pay the specific penalty within 30 days. A partial default shall
6 apply to any violations of waste tire storage or waste tire hauler laws not
7 specifically stated as a full default above set forth in PRC section 42800 et seq.,
8 PRC section 42950 et seq., and Title 14 of the CCR. Penalties for partial default
9 shall be calculated as a "second offense." Failure to remit payment of a partial
10 default shall constitute a full default.

11 27. Nothing shall be implied in this Stipulation that shall preclude CALRECYCLE
12 from using any enforcement mechanism, whether administrative, civil, or criminal, should
13 RESPONDENT commit future violation of waste tire storage laws or waste tire hauler laws.

14 28. RESPONDENT shall abide by all of the terms and conditions set forth in this
15 Stipulation.

16 29. No covenant, promise, term, condition, breach or default of or under this
17 Stipulation shall be deemed to have been waived except as expressly so stated in writing
18 by CALRECYCLE. A waiver by CALRECYCLE of any breach or default by RESPONDENT
19 under this Stipulation shall not be deemed a waiver of any preceding or subsequent breach or
20 default by RESPONDENT.

21 30. RESPONDENT has freely and voluntarily entered into this Stipulation and have
22 been afforded the opportunity to consult with counsel prior to entering into this Stipulation. It is
23 expressly understood and agreed that no representations or promises of any kind, other than
24 as contained herein, have been made by any party to induce any other party to enter into this
25 Stipulation, and that said Stipulation may not be altered, amended, modified or otherwise
26 changed except by a writing executed by each of the parties hereto. Each party hereto agrees
27 to execute and deliver any and all documents and to take any and all actions necessary or
28 appropriate to consummate this Stipulation and to carry out its terms and provisions.

1 31. Except as expressly provided herein, RESPONDENT waives the right in the
2 entitled matter to a hearing, any and all appeals, and any and all rights that may be
3 afforded pursuant to the PRC, the Administrative Procedure Act, or any other provision of law
4 regarding the express provisions of this Stipulation.

5 32. This Stipulation shall be binding and inure to the benefit of the successors, heirs
6 and assigns of the respective parties hereto.

7 33. This Stipulation and the corresponding Administrative Decision to be issued
8 constitute the entire understanding of the parties concerning the settlement of this proceeding.
9 There are no restrictions, promises, warranties, covenants, undertakings, or representations
10 other than those expressly set forth herein or contained in separate written documents
11 delivered or to be delivered pursuant hereto, and each party expressly acknowledges that it
12 has not relied upon any restrictions, promises, warranties, covenants, undertakings, or
13 representations other than those expressly contained herein.
