ELIGIBLE APPLICANTS

California Labor Code section 1782 prohibits a charter city from receiving state funding or financial assistance for construction projects if that charter city does not comply with Labor Code sections 1770-1782. If any applicants or participating jurisdictions are charter cities or joint powers authorities that include charter cities, the lead applicant must certify that Labor Code section 1782 does not prohibit any included charter city from receiving state funds for the project described in this application. If it is determined after award that a participating jurisdiction is a charter city prohibited from receiving state funds for this grant project, the grant will be terminated and any disbursed grant funds shall be returned to CalRecycle.

Only one application per qualifying entity will be accepted. Eligible applicants may submit an individual or regional application. One entity must be identified as the lead applicant to act on behalf of itself and its participating jurisdictions. The grants are available to:

- Local governments (cities, counties, and city and counties) as defined in Public Resources Code section 30109 that have direct responsibility for HHW management.
- Regional or local sanitation agencies and waste agencies, having direct responsibility for HHW management.
- Joint Powers Authorities (JPA) if the JPA agreement includes solid and/or hazardous waste management responsibilities.
- Qualifying Indian Tribes with direct responsibility for HHW management. A “Qualifying Indian Tribe” is defined as an Indian tribe, band, nation or other organized group or community, residing within the borders of California, which:
 - (1) Is recognized for special programs and services provided by the United States to Indians because of the status of its members as Indians; or
 - (2) Can establish that it is a government entity and meets the criteria of the grant program.

If more than one application is submitted by an applicant, it will be the applicant’s responsibility to decide which application should go forward. If the additional application(s) are not withdrawn, all applications from that applicant will be disqualified, and that applicant will be eliminated from any regional application of which it is a part. Applicants with open CalRecycle grants must be in good standing and comply with grant reporting requirements before they can receive an HHW grant.

REGIONAL APPLICATION REQUIREMENTS

Local governments may join together in a regional grant application in which two or more eligible jurisdictions join together for the purpose of grant implementation. A Regional Lead Participant must be designated to act on behalf of all participating jurisdictions. The Regional Lead Participant is the applicant/grantee who will be responsible for the performance of the grant and all required documentation. CalRecycle will direct all official correspondence and grant payments to the Regional Lead Participant. If a jurisdiction is a participant in a regional application, it may not apply individually.

JOINT POWERS AUTHORITY APPLICATION REQUIREMENTS

Joint Powers Authorities (JPA) may submit a grant application as an individual applicant. The JPA must upload a copy of its joint powers agreement giving it authority over solid waste management, listing all member entities, and containing the signature of all members.

ELIGIBLE PROJECTS

This grant cycle offering is designed to fund construction projects that establish new HHW programs in California. HHW construction projects do not qualify for CalRecycle grant funding unless they are past the design phase of the project and are prepared for construction (shovel ready). Applicants must have completed proper site analysis, conceptual design and most of the local approval processes. The permitting, licensing and siting approval process must be well underway. Applicants must provide documentation by providing a completed General Checklist of Business Permits, Licenses and Filings form (CalRecycle 669). The applicant must convincingly indicate that they are beyond the planning phase of the construction project and can successfully complete the HHW construction project before the Grant Term ends (date of Notice to Proceed letter to March 28, 2018).

Grant applications must indicate one of the following types of projects:

- Construction of a new Permanent HHW Collection Facility or Recycle-Only HHW Collection Facility
- Physical expansion of an existing Permanent HHW Facility or Recycle-Only Collection Facility

AVAILABLE FUNDS

- \$1,500,000 is available for HD24 grant cycle FY 2015–16, subject to funding availability.
- \$350,000 is the maximum award per applicant.

GRANT TERM

The Grant Term begins on the date indicated in the Notice to Proceed. The Grant Term ends on March 28, 2018. This is also the date the Final Progress Report and final Payment Request are due to CalRecycle.

Grant-eligible program expenditures may start no earlier than the date indicated in the Notice to Proceed. Eligible program costs must be incurred no later than March 28, 2018.

CalRecycle recommends reserving the period from March 1, 2018 to March 28, 2018 exclusively for the preparation of the Final Progress Report and Final Payment Request, though they may be completed earlier. **Costs incurred to prepare the final Progress Report and final Payment Request are only eligible for reimbursement during the Grant Term.**

ELIGIBLE COSTS

Eligible costs may be incurred only during the Grant Term, which starts when the grantee receives a Notice to Proceed from CalRecycle and ends on March 28, 2018. (see “Grant Term” for additional information)

Eligible costs include, but are not limited to:

- Construction costs for a new Permanent Household Hazardous Waste Collection Facility or Recycle-Only Household Hazardous Waste Collection Facility and related HHW equipment necessary to increase program services and collection, new construction related signage, personnel and/or grant administration.

- Certain costs associated with indirect costs as indicated in the Indirect Cost section of the Procedures and Requirements.

HHW Facility projects are required to acknowledge that the project was funded by a grant from CalRecycle and can include the cost of the sign in their budget. Details of the requirements are provided in the Procedures and Requirements.

ENVIRONMENTALLY PREFERABLE PURCHASES AND PRACTICES POLICY REQUIREMENT

Consistent with CalRecycle's core values, all applicants are required to develop, adopt and implement an Environmentally Preferable Purchases and Practices (EPPP) Policy for their organizations. Applicants who have an EPPP Policy in place prior to submitting their application must certify to this fact in the application. Applicants who do not have an EPPP Policy must adopt one by the secondary due date or the application will be disqualified.

To see concepts/policies that CalRecycle encourages organizations to include in their EPPP Policies, open the EPPP Information document located in the Resource Document section on the Summary Tab of the grant application.

QUESTION-AND-ANSWER PROCESS

Questions regarding the application and its requirements must be in writing and emailed to grants@CalRecycle.ca.gov. Questions must be received by **January 9, 2015** or they will not be accepted.

Anticipated Questions and Answers (Q&As) have been posted for this cycle. Review the Q&As before completing your application or submitting a question.

Periodically during the Q&A period, Q&As will be posted on the Q&As website. The Q&A website can be accessed from the Notice of Funds Available or from the application. Similar or related questions may be grouped together or re-worded for clarity and responded to as one question. All Q&As will be posted approximately two weeks after the deadline and are subject to updates. It is the applicant's responsibility to check this website for the latest information.

APPLICATION DOCUMENTS

CALRECYCLE DOCUMENTS

You can locate the CalRecycle documents on the Summary tab in the Application Documents section. To access the document, click on the link, open it up, fill it out, save it to your computer, and then upload it to the Documents tab. Below is a list of the documents.

Narrative Proposal

The Narrative Proposal is a required application document used to describe the details of your proposed project. The response size for each section is limited to 2500 characters and cannot be expanded. Utilizing a document form other than the official CalRecycle version, tampering with the CalRecycle version or otherwise circumventing imposed character limits will subject the applicant to disqualification from the Household Hazardous Waste Grant Program.

Each section of this form must have a response. Ensure your narrative responses are concise, detailed, and most importantly, address each of the criteria below.

Bonus Points

Conditional bonus points are available for rural areas, small cities, and regional applicants. Points are also available for those jurisdictions that did not get awarded a construction grant in the HHW HD21 grant cycle.

After you complete this document, use the “save as” command and save the file in the following format: **NP_name of your organization_HD24.pdf** (ex: NP_CityofCalifornia_HD24.pdf) then upload it within the Documents Tab.

Work Plan

The Work Plan, a required application document, must list the major activities, steps or tasks necessary to implement and complete your project. Provide a logical timeframe in chronological order for all proposed grant activities. Utilizing a document form other than the official CalRecycle version, tampering with the CalRecycle version or otherwise circumventing imposed character limits will subject the applicant to disqualification from the Household Hazardous Waste Grant Program.

General Checklist of Business Permits, Licenses and Filings

The General Checklist of Business Permits, Licenses and Filings (CalRecycle Form 669) is a required application document. It can be found on the Summary tab under Application Documents. Check the appropriate box on **each** line. It must be signed by the Signature Authority, scanned, and uploaded to the Documents tab along with copies of any documentation related to this form (i.e. permits, licenses and filings, letter describing what has been done to achieve full compliance). CalRecycle staff will use this information to determine how far along you are in the process of your project.

Environmentally Preferable Purchases and Practices Policy Notification

If you checked “No our organization does not have an EPPP Policy” on the Detail tab of your application, your organization must adopt one by the secondary due date and upload the EPPP Notification or your application will be disqualified. **Do not upload a copy of your organization’s policy. Your policy does not replace the required EPPP Notification document.**

APPLICANT'S DOCUMENTS

Below is a list of documents that the applicant is responsible for preparing and uploading to their application. For examples of these documents, please see the **Resolution and Letter Examples** link found on the **Summary Tab** under **Resource Links**.

Resolution

Any applicant that is subject to a governing body must upload a Resolution that authorizes specific grant-related matters. A copy of the authorizing Resolution is a required application document that must be uploaded no later than the secondary due date or the application will be deemed incomplete and will be disqualified. Resolution requirements vary for individual and regional lead applications. See the **Resolution and Letter Examples** link for more information.

Individual Application Requirements:

1. The Resolution must authorize submittal of an application for one or more specifically named CalRecycle grant(s) or for all CalRecycle grants for which the applicant is eligible.
2. The Resolution must identify the period of time, up to five years, during which the authorizations are valid. Five years is encouraged; however, periods of less than five years are acceptable. If a Resolution submitted to CalRecycle does not specifically identify a period of time, it will be considered valid for one year from the date of adoption.
3. The Resolution must identify the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).

(Optional but encouraged) The Resolution should authorize the Signature Authority to delegate his/her signature authority to another person identified by job title. **Note:** The Signature Authority must sign a Letter of Designation prior to the Designee's exercise of his/her authority.

Regional Lead Application Requirements:

1. The Regional Lead Applicant must submit an approved Resolution that authorizes it to act as a lead for a regional program. This Resolution authorizes submittal of a regional application on behalf of the Lead Applicant and specifically named regional participants, and includes authorization letters with original signatures dated within the last 12 months from the participating jurisdictions authorizing the Lead Applicant to act on their behalf for this cycle.
2. If the Resolution is valid for more than one year, it is highly recommended a) that the list of participants be provided as an attachment rather than embedded in the Resolution, and b) that the Signature Authority be authorized to revise the list as necessary with each subsequent application (this allows a Signature Authority to add or remove regional participants with each new application without the necessity of obtaining a new Resolution).

3. Regional participants subject to a governing body must provide a Letter of Authorization, dated within the last 12 months, to the Regional Lead authorizing the Lead Applicant to act on its behalf for this cycle. Copies of the Letters of Authorization must be uploaded with the application by the secondary due date.

Joint Powers Agreement

Joint Powers Authorities (JPA) must upload a copy of its joint powers agreement giving it authority to conduct the project, listing all member entities, and containing the signature of all members. Letters of Authorization are not required for JPA applicants.

Letter of Commitment

Applicants that are not subject to a governing body must upload a Letter of Commitment no later than the secondary due date or the application will be deemed incomplete and will be disqualified. The letter with the original signature must be maintained in the applicant/grantee grant file. This letter must:

- Authorize submittal of the Household Hazardous Waste Grant Program application on behalf of applicant.
- Designate the job title of the person authorized to execute all grant documents necessary to secure grant funds and implement the approved grant project (Signature Authority).
- Authorize the Signature Authority to delegate this authority (not required but encouraged).

Letter of Designation

A Letter of Designation is required **ONLY** when the authorized Signature Authority delegates his/her authority to another person. First, the approved Resolution must indicate the Signature Authority's ability to delegate or designate his/her authority. Second, the letter must be uploaded **prior** to the Designee's exercise of his/her authority. For example, if the Designee signs the Application Certification in place of the Signature Authority, the letter must be uploaded when the Application Certification is submitted. The letter must:

- Be on the applicant's letterhead.
- Identify the job title of the Designee.
- Identify the scope of the Designee's authority.
- Identify the period during which the Designee may exercise the authority. The Designee's authority may not extend beyond the effective date of the approved Resolution (for example, if the Resolution is effective until December 31, 2015, then the Letter of Designation may not be effective beyond December 31, 2015). If a time period is not identified then the letter will follow the same time frame as the Resolution.
- It must be signed by the Signature Authority.

Letter of Authorization

A Letter of Authorization is used for grants that allow for Regional applications. It is prepared by the Participating Jurisdiction and gives the Lead Participant authorization to apply for and to act on its behalf in the implementation and administration of the grant/program. The Regional Lead Participant must upload the Letter of Authorization no later than the secondary due date or the Participating Jurisdiction(s) will be removed from the application. The letter with the original signature must be maintained in applicant/grantee grant file. The letter must:

- Be on the Regional Participant's official letterhead.
- Be dated within 12 months prior to the application deadline.
- Authorize the Regional Lead to submit a regional application and act as Lead Agency on behalf of the Participating Jurisdiction.
- Authorize the Regional Lead to execute all documents necessary to implement the grant.
- Be signed by an individual authorized to contractually bind the Participating Jurisdiction.

GRANT REVIEW AND AWARD PROCESS

GRANT APPLICATION REVIEW PROCESS

After the close of the application period, CalRecycle staff will review the applications for completeness and eligibility. Only complete applications can be considered for award.

GRANT AWARD PROCESS

For qualifying applications, CalRecycle staff will develop funding recommendations for the consideration and approval of CalRecycle's Director, or her designee; this is tentatively scheduled for (July 2015). CalRecycle reserves the right to partially fund or fund individual phases of selected proposals, and CalRecycle may fund an amount less than requested.

CalRecycle reserves the right to not award any grant funds under one or more cycles.

GRANT AWARD CONDITIONS

When awarded, this grant will be subject to two conditions:

- 1) The recommended grantee's Signature Authority (or where delegation is authorized), his/her Designee must sign and return the Grant Agreement to CalRecycle within 60 days from the date of mailing by CalRecycle.
- 2) The recommended Grantee must a) pay all outstanding debts due CalRecycle, or b) bring current outstanding payments owed to CalRecycle within 60 days from the date CalRecycle conditionally awarded the Grant.

Failure to comply with either requirement will void the grant award.

GRANT PROGRAM ADMINISTRATION

GRANT AGREEMENT

Following CalRecycle's conditional approval of the grant awards, grantees will be emailed the following:

- Award email.
- Grant Agreement Cover Sheet (CalRecycle 110).
- Exhibit A – Terms and Conditions: contain CalRecycle standard legal requirements for Grants.
- Exhibit B – Procedures and Requirements: contain specific requirements for administering this grant, including but not limited to project, reporting, and audit requirements.
- Exhibit C – Grantee's approved application with revisions, if any, and any amendments.

REPORTING PROCESS

Grantees are required to report on the progress of their grant (two progress reports and a Final Report are required). The Grant Manager may request status information at any time during the term of the grant. The Final Report is due by March 28, 2018. Detailed reporting information is included in the Procedures & Requirements – Exhibit B of the Grant Agreement.

PAYMENT REQUEST PROCESS

Eligible costs are authorized for reimbursement upon the Grant Manager's approval of the Payment Request, and if required, the accompanying Progress/Final Progress Report. Payment Requests must include itemized documentation of claimed expenses (e.g., itemized receipts and proof of payment of invoices). Ten percent of each approved Payment Request amount will be retained by CalRecycle until the Grant Manager approves the Final Progress Report, the final Payment Request and all required supporting documentation. Failure to submit these final documents by the deadline specified in the Procedures & Requirements or failure to receive the Grant Manager's approval of these documents by March 28, 2018, may result in the nonpayment of otherwise eligible costs. Detailed payment information is included in the Procedures & Requirements – Exhibit B of the Grant Agreement.
