## NOTICE OF PUBLIC WORKSHOP

The California Integrated Waste Management Board (CIWMB) staff will conduct two informal public workshops for the purpose of soliciting feedback on proposed draft regulations for the development of Training Certification for Landfill Managers and Inspectors. Since 1997 the CIWMB has been working with LEA's, Stakeholders, and the Solid Waste Industry to develop and evaluate requiring certification for Landfill Managers and Inspectors. The CIWMB has been working on a Four-Year Pilot project for over three years with the SWANA National and California Chapters to provide training that will ensure that managers and inspectors receive a consistent level of training on landfill issues with specific information about California requirements. That training is also meant to provide a classroom setting for managers and inspectors to share experiences, learn regulations, discuss standards and techniques in a non-official setting.

As a result of the pilot program, the CIWMB directed staff to prepare draft informal regulations requiring mandatory training certification for Landfill Managers and Inspectors in California at its September, 2003 Board meeting.

The workshops listed below will initiate the informal rulemaking process. The CIWMB encourages all potentially affected parties to participate. The dates, times, and locations are as follows:

**Sacramento**  
**March 30, 2004**  
**10:00 a.m. – 3:00 p.m.**  
**Cal EPA Building**  
**Sierra Room 2<sup>nd</sup> Floor**  
**1001 I St.**
