CONSIDERATION OF ALTERNATIVES

The Department has determined that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. The Department did invite interested persons to present statements or arguments with respect to alternatives to the proposed regulation during one 45-day comment period and one 15-day comment period.

SPECIFIC PURPOSE AND NECESSITY OF REVISIONS TO PROPOSED REGULATIONS SUBMITTED TO OAL IN JULY

The phrase “and except as otherwise noted, the definitions of this Article supplement and are governed by the definitions set forth in Chapter 5 (commencing with §48700), Part 7, Division 30 of the Public Resources Code” was removed because it is unnecessary.

Section 18751.2.2(b)(1)

The phrase “including but not limited to” was removed because it was overly broad and non-specific.

Section 18751.2.2(b)(2)(B)

The phrase “including but not limited to” was removed because it was overly broad and non-specific.

Appendix A

Staff is removing the Forms CIWMB 303a and 303b from Appendix A. Previous versions of the proposed regulations removed all references to these forms as included in Appendix A and contained therein, but did not specifically remove them. Staff is clarifying that the two forms should be removed.
