

Fact Sheet

Commercial Franchise Site Visits (for Inspectors)

BACKGROUND: On July 1, 2012, the County implemented a commercial solid waste collection franchise system (Commercial Franchise) to comply with new mandatory commercial recycling laws and to provide better service standards for unincorporated commercial residents.

COMMERCIAL RECYCLING LAWS:

- **AB341 (Effective July 2012)** - mandates commercial recycling and a statewide 75% diversion goal. The following are required to recycle:
 - Businesses-generating 4 cubic yards of *solid waste* or more per week
- **AB1826 (Effective April 2016)** requires a business that generates a specified amount of *organic waste* per week to arrange for recycling services for that organic waste. The following properties are required to recycle:
 - All businesses that generate 8 cubic yards of organic waste per week (AB1826)

HOW TO ARRANGE FOR RECYCLING SERVICES: Businesses may contact their authorized waste hauler directly.

COMMERCIAL FRANCHISE SERVICES for BUSINESSES:

- Recycling Service Options:
 - Containers (**FREE**)
 - (1) a one cubic yard recyclable bin, collected weekly;
 - (2) if customer does not have space for storing a one cubic yard bin, then upon customer request, up to two-96 gallon recyclable carts
 - Commingled collection services are considered recycling if haulers processes waste at a Materials Recovery Facility (MRF) to recover recyclables.¹
 - Additional container(s) may be requested at ½ the rate of trash
 - On-site consultations by waste haulers to maximize recycling (**FREE**)
- Customer Bill of Rights: Document outlines basic service expectations, customer termination rights and notification requirements. A general copy of this document can be seen at www.lacountywims.org/bor
- Repair and Replacement of Containers: Authorized waste hauler shall repair or replace containers that are damaged within 2 weeks of request including those with graffiti.
- Litter Cleanup: Authorized waste hauler shall cleanup all litter caused during collection and transport.
- Graffiti Removal: Waste hauler will remove graffiti from containers upon County request.
- Labels on Containers: All dumpsters/bins must indicate the owner of the container and must have a label prohibiting customers from discarding unpermitted waste.

Fact Sheet Commercial Franchise Site Visits (for Inspectors)

Definitions

- **Organics:** Food and Green Waste
- **Solid Waste:** trash/rubbish that does not include recyclables, hazardous waste, radioactive waste, or medical waste
- **Recyclables:** Recyclables include but are not limited to the following types of waste: aluminum and metal cans; newspaper; glass jars and bottles; tin cans; plastic soda bottles; plastic milk and water jugs; plastic bags (e.g., bread, frozen food, grocery bags); type No. 1 plastic containers (PET- polyethylene terephthalate); type No. 2 plastic containers (HDPE- high density polyethylene); and type No. 3-7 containers; all types of paper (e.g., office paper, junk mail, magazines, telephone books); corrugated cardboard
- **Mixed Recyclables:** Recyclable items in one container (e.g. cardboard, cans, glass, in one bin)
- **Commingled Waste:** the collection of recyclables and other solid wastes in one container (that does not include hazardous waste, radioactive waste, or medical waste).
- **Food Waste:** food material resulting from the processing, storage, preparation, cooking, handling, or consumption of food. Examples include but are not limited to: discarded meat scraps, dairy products, egg shells, fruit or vegetable peels, and other food items from homes, restaurants, stores, and businesses.
- **Green Waste:** plant material from any private or public landscapes. Examples include but are not limited: leaves, grass clippings, plants, seaweed, and garden or park waste.
- **AB 939:** is a State law that requires the diversion of 50% of all solid waste from landfill disposal or transformation by January 1, 2000, through source reduction, recycling, and composting activities
- **AB 341** mandates commercial recycling and a statewide 75% diversion goal. The following properties are required to recycle
 - Businesses-generating 4 cubic yards of waste or more per week
- **AB 1826** requires a business that generates a specified amount of organic waste per week to arrange for recycling services for that organic waste starting on April 1, 2016.
- **MRF:** Material Recovery Facility means a solid waste management facility that provides for the extraction from solid waste of recyclable materials, materials suitable for use as a fuel or soil amendment, or any combination of those materials.

2 Cubic Yard

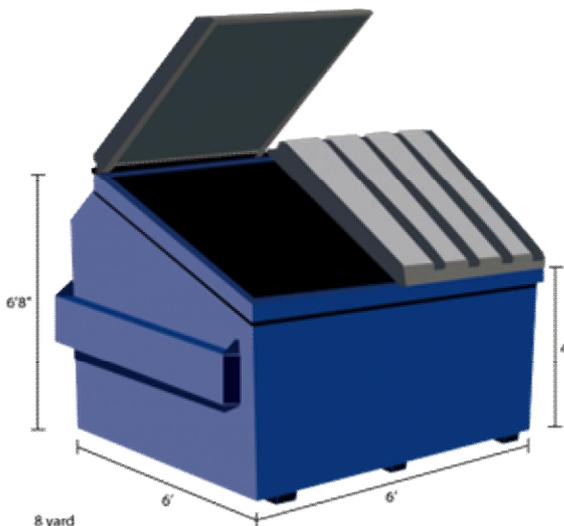

- 6' wide x 3' deep x 3' tall

3 Cubic Yard

- 6' wide x 4' deep x 4' tall

4 Cubic Yard

- 6' wide x 5.5' deep x 4' tall in the front slanting to 5' tall in the back

6 Cubic Yard

- 6' wide x 6' Deep x 4' tall in the front slanting to 5' tall in the back

8 Cubic Yard

- 6' wide x 6.5' deep x 4' tall in the front slanting to 6.5' tall in the back
