Local Enforcement Agency

Proposed Revision of the Solid Waste Facility Permit for the **Niland Solid Waste Site (Landfill)**

PUBLIC NOTICE IS HEREBY GIVEN, in compliance with Title 27 of the California Code of Regulations, Section 21660.2, that the Imperial County Environmental Health Services, Local Enforcement Agency (LEA) will be holding a noticed public meeting to consider a permit revision to the Solid Waste Facility Permit for the Niland Solid Waste Site (Facility No. 13-AA-0009). The landfill is located at 8450 Cuff Road, Niland, California, approximately 2 miles north of West Beal Road. The purpose of the meeting is to provide information to the public regarding action to be taken by the LEA in response to a permit revision application submitted by the County of Imperial, Department of Public Works, the operator of the Niland Solid Waste Site.

On November 15, 2007 the LEA accepted the application for the permit revision as complete and correct. The LEA has also determined that the proposed revision is consistent with the California Environmental Quality Act. Therefore, it is the LEA's preliminary determination that the permit be revised to reflect the following:

- An increase in the permitted maximum overall height of the landfill from 66 feet above mean seal level to 84 feet above mean seal level; and
- An increase in the peak daily vehicle limit from 45 vehicles per operating day to 150 vehicles per operating day.

A copy of the proposed permit revision is available for public review in the Imperial County Environmental Health Services' office, located at 797 Main Street, Suite B, El Centro, CA.

The public meeting will held on Thursday, December 13, 2007 at 6:00 P.M. at the Niland Chamber of Commerce Community Center, located at 8031 Highway 111, Niland, CA 92257. Public comments regarding the proposed permit revision may be provided to the LEA at the meeting or may be submitted by e-mail to larsseifert@imperialcounty.net or by mail to the address listed below prior to December 13, 2007:

**Imperial County
Environmental Health Services
797 Main Street, Suite B
El Centro, CA 92243**

If you have any questions or wish to obtain information on the appeal process to challenge the proposed permit revision, please contact our office at 760-336-8530.
