Description of Project and LEA Preliminary Determination

The Prima Deshecha Landfill is a 1,530-acre existing landfill site. On June 30, 2011, the LEA accepted a Solid Waste Facility Permit (SWFP) revision application from OC Waste & Recycling. The SWFP is proposed to be revised as follows: change maximum waste depth without increase in airspace capacity or height of landfill; update LEA conditions; update information on total disturbed area acreage; and add conditions related to onsite Material Recovery Facility. In addition, the Joint Technical Document has been updated to reflect current operations at the landfill.

Purpose of the Meeting

This informational meeting is for any interested parties to learn more about the proposed SWFP revision process and to provide input to the LEA regarding the proposed action. After this informational meeting, the proposed revised SWFP along with the application and any input received from this meeting will be submitted to the Department of Resources, Recycling and Recovery (CalRecycle).

Where to get additional information

A copy of the application is available for public review by appointment in the LEA office located at 1241 E. Dyer Road, Ste. 120, Santa Ana, CA 92705.

Options for Submitting Comments and LEA Contact Information

If you have any questions after reviewing the above information or would like to schedule an appointment to review the application package, please contact Kathryn Cross (714) 433-6270, kcross@ochca.com. If you would like to provide input on the proposed permit action, you may do so at the meeting or send your written input via email or fax (714-754-1768) to Kathryn Cross.

Appeals Process Information

For information on the appeals process pursuant to Public Resource Code §44307 after the decision to issue or deny the SWFP revision has occurred, you may contact Kathryn Cross at (714) 433-6270.
