The Riverside County Department of Environmental Health, Solid Waste Management Program, acting as the Local Enforcement Agency (LEA) is certified by the Department of Resources Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste sites within its jurisdiction. The Lamb Canyon Sanitary Landfill operates under a Solid Waste Facility Permit issued by the LEA. The operator has filed an application for an RDSI amendment with the LEA. The RDSI describes the design and operation of the facility.

As required by 27 CCR, Section 21660.1, the LEA is distributing this notice for the purpose of noticing its acceptance of the amendments to the RDSI for Lamb Canyon Sanitary Landfill.

Description of Project

The RDSI amendment addresses the following changes:

1. Operational change to increase the use of tarps as Alternative Daily Cover from 10 days up to 21 days.
2. Minor design change to revise the shape of the disposal area with no net increase or decrease in disposal acreage.

LEA's Determination

An application for an RDSI amendment was received by the LEA on April 11, 2012. Pursuant to 27 CCR, Section 21665(c), the LEA reviewed the application and determined that the proposed change is consistent with all adopted CEQA documents, is consistent with State Minimum Standards and does not conflict with the terms and conditions of the current SWFP. The LEA approved the RDSI amendments on April 30, 2012.

Where to Get Additional Information

A copy of the RDSI amendment permit application is available for public review by appointment in the LEA office located at 4080 Lemon Street, 9th Floor Riverside, CA.
