The LEA is certified by the California Integrated Waste Management Board to enforce state laws and regulations at solid waste sites within the County of Monterey, including all disposal site facilities.

### Description of Project

On June 2, 2008, the LEA received a RFI Amendment application package from the SVSWA. The purpose of the application package was to allow Hope Services staff to sort, bale, and recycle material at the Sun Street Transfer Station.

HOPE Services is a nonprofit agency that provides programs that assist children, adults and seniors with developmental disabilities to become valued and participating members of their communities. Hope Services serves approximately 3,000 individuals with developmental disabilities, including autism spectrum disorders, mental retardation, Down's syndrome, and other related conditions.

## **Findings**

The LEA has determined that:

- The requested amendments do not require a permit revision and may be authorized through a permit amendment.
- The application is accepted, meets the requirements of 27 CCR 21665 (c), and is approved.
- The approved RFI amendment will be incorporated into or replace portions of the existing RFI (August 2005).
