Governor

TO ALL OPERATORS OF MAJOR WASTE TIRE FACILITIES

Title 14, California Code of Regulations (CCR), Division 7, Chapter 6, Article 9, section 18472(c), requires you to submit a report to the California Integrated Waste Management Board. The report calculates the inflationary increase in the closure cost estimate for the previous calendar year.

Based on information obtained from the U.S. Department of Commerce, Bureau of Economic Analysis, Table 4, dated May 2008, the inflation factor for **2007** is 1.027 (2.7%). Please complete the form on the reverse side of this letter for each major waste tire facility you operate, and return it to the **Financial Assurances Section** at the above address on or before **June 1, 2008**. We are providing this form for your convenience.

Following are previous years' inflation factors:

1994---1.020 **1995**---1.024 **1996**---1.020 **1997---**1.020 **1998**---1.010 **1999**—1.015 **2000**---1.021
2001---1.022 **2002**---1.011 **2003**---1.017 **2004**---1.021 **2005**---1.028 **2006**---1.029

If you have not made the previous years' adjustments, please do so before calculating the 2008 adjusted total cost estimates. Apply the inflation factor for 1994 to your 1993 initial closure cost estimate. Apply subsequent inflation factors to the previous year's total cost estimate. According to 14 CCR, section 18472(d), the financial assurance mechanism used to demonstrate financial responsibility for closure of your major waste tire facility, must be updated no more than 60 days after a change in the amount of the current closure cost estimate.

Disregard the cost estimate information in this notice, if you recently revised your estimates due to changes in your closure plan, and the revised estimates reflect 2008 dollars.

If you have any questions regarding this report, please contact Ms. Elizabeth Castañeda of the Financial Assurances Section at (916) 341-6323, or via email at ecastaneda@ciwmb.ca.gov. Thank you for your cooperation.

Sincerely,

Garth C. Adams, Manager
Financial Assurances Section
Closure and Financial Assurances Branch
Waste Compliance and Mitigation Program

ANNUAL INFLATION FACTOR 2007

FACILITY NAME: _____ **FACILITY NO.:** _____

Multiply each cost estimate by the inflation factor to determine the new adjusted cost estimates as illustrated below.

The ABC Major Waste Tire Facility *COST ESTIMATE* for *CLOSURE* in 2007 was $2,000,000. Using the 2007 inflation factor of 1.027, they recalculated their *ADJUSTED CLOSURE COST* for 2008 to $2,054,000.

Closure estimate	$2,000,000	X 1.027	=	$2,054,000

Using the inflation factor for 2007, calculate the following:

$ _____ X 1.027 = $ _____

Closure Costs — estimate in 2008 dollars
