Appendix A Purchasing Policies

SAMPLE #1

WASTE REDUCTION AND RECYCLING

The applicant will act to make resource conservation an integral part of the physical operation of the jurisdiction and within the project location. The practice of discarding materials used in facilities is wasteful of natural resources, energy and money. It is also a function of the jurisdiction to set an example of stewardship of our natural resources.

It will be the policy of the jurisdiction to implement the following actions:

1. The jurisdiction will integrate the concept of resource conservation including waste reduction and recycling, into its environmental programs.
2. The jurisdiction will decrease the amount of waste of consumable materials by: a) reduction of the consumption of consumable materials wherever possible; b) full utilization of all materials prior to disposal; and c) minimization of the use of non-biodegradable products wherever possible.
3. The jurisdiction will cooperate with, and participate in, recycling efforts being made by the governing entity. As systems for the recovering of waste and recycling are developed within the jurisdiction, the applicant will participate by appropriately separating and allowing recovery of recyclable waste products.
4. The jurisdiction will purchase, where financially viable, recycled products. The jurisdiction will also encourage suppliers, both private and public, to make recyclable products and unbleached paper products available for purchase by the governing entity.
5. Representatives of the jurisdiction will actively advocate where appropriate, for resource conservation practices to be adopted at all applicable levels of government.

SAMPLE #2

SAMPLE POLICY ON WASTE REDUCTION AND RECYCLING

Recreational Program

Code No.: 903.1

Business Procedures

Series 600

Series 800

Equipment &
Facilities
Series 900

It shall be the policy of the park district to make resource conservation an integral part of the physical operation of the park district and of the recreation and park programs. The Recreation and Park Board recognizes that the practice of discarding materials used in district facilities is wasteful of natural resources, energy and money. Furthermore, one of the functions of this district is to set an example of stewardship of our natural resources. Therefore, it shall be the policy of the park district to implement the following actions:

- I. The park district will integrate the concept of resource conservation, including waste reduction and recycling, into the environmental programs.
- II. The park district will decrease the amount of waste of consumable materials by:
 - A. reduction of the consumption of consumable materials wherever possible;
 - B. full utilization of all materials prior to disposal; and
 - C. minimization of the use of non-biodegradable products wherever possible.
- III. The park district will cooperate with, and participate in, recycling efforts being made by the city and county. As systems for the recovery of waste and recycling are developed within the city and county, the park district will participate by appropriately separating and allowing recovery of recyclable waste products.
- IV. The park district will purchase, where financially feasible, recycled-content products. The park district will also encourage suppliers, both private and public, to make recyclable products available for purchase by the district.
- V. Representatives of the park district will actively advocate, where appropriate, for resource conservation practices to be adopted at the local, regional, and state levels.

SAMPLE #3
City/County
Purchasing Policy

Purpose

The city/county provides that all departments shall, whenever possible, use recycled products and recycled materials to meet their needs. This policy is enacted to demonstrate compliance with the Waste Management Reduction Act and foster market development for recycled products.

Definitions

Recycled Material - Waste material and by-products that have been recovered or diverted from the solid waste stream and that can be utilized in place of raw or virgin material in the production of a product. Recycled materials may consist of material derived from post-consumer waste, manufacturing waste, industrial scrap, agricultural waste and other items, all of which can be used in the manufacture of new products.

Post-Consumer Recycled Materials - A finished material or product that has served its intended use and would normally be disposed of as solid waste. Examples of post-consumer recovered materials include, but are not limited to old newspaper, office paper, yard waste, steel, glass, aluminum cans, plastic bottles, oil, asphalt, concrete and tires.

Practicable - Sufficient in performance and available at a reasonable price within a reasonable time period.

Pre-Consumer - Materials or by-products generated after manufacturing of a product is completed, but before the product reaches the end-use consumer. Examples of pre-consumer recovered materials include, but are not limited to; obsolete inventories of finished goods, rejected unused stock and paper wastes generated during printing, cutting and other converting operations.

General Policies

- A. All city/county departments shall use recycled products whenever practicable. Special emphasis shall be placed on the purchase of products manufactured with post-consumer recycled materials.
- B. All departments may, at their option and with purchasing concurrence, require procurement of designated recycled products or recycled products above the levels required by this policy.
- C. The city/county shall require its contractors and consultants to use and specify recycled products in fulfilling contractual obligations whenever practicable.
- D. The city/county shall promote the use of recycled products publicizing its procurement policy whenever practicable.

Responsibilities of (title of person assigned to coordinate the policy)

The (title) shall coordinate the implementation of this policy. He/she will establish a list of recycled products that shall be purchased by all city/county departments whenever practicable and will develop the mechanism for maintenance, additions and deletions to the list of recycled products available for procurement. Maintenance of the list will include addition of new products containing recycled material as they become available and make available to departments specifications on the new product along with a list of suggested uses. The (title) will also work with all departments to establish minimum recycled content standards for designated recycled products to maximize recycled-product availability, recycled content and competition. To the extent such information is known; city/county staff shall identify to the (title), products available with recycled content and vendors from whom such products are available. The (title) will also be responsible for information and dissemination of that information to all departments and for all annual review.

Responsibilities of All Other City/County Departments

- A. Each department shall purchase recycled products whenever practicable.
- B. Evaluate recycled products on the establish list.

Appendix B
Sample Budget Itemization Form

Pre-Installation Phase

Task #	Item	Description (detailed)	Grant \$	Match \$	Total \$
1	personnel	1 Sup. @ \$30 /hr. – 10 hours		\$300	\$300
	bid advertising			\$250	\$250
	materials & supplies				
	consultants/contractors	1 Architect @ \$75/hr – 18 hours	\$500	\$1,350	\$1,850
		(design sign – volunteer * in-kind)		\$500	\$500
	other				
		Task 1 Total	\$500	\$2,400	\$2,900

Installation Phase

Task #	Item	Description (detailed)	Grant \$	Match \$	Total \$
2	personnel	3 maintenance workers @ \$10.00/hr – 8 hours each		\$240	\$240
	materials & supplies				
	consultants/contractors	Contractor – preparation of site (grading surfacing, removing debris, laying concrete formation)	\$2,000		\$2,000
	other (Heavy Equipment Rental)		500		500
		Task 2 Total:	\$2,500	\$240	\$2,740
Task #	Item	Description (detailed)	Grant \$	Match \$	Total \$
3	personnel	3 maintenance workers @ \$10/hr – 8 hours each		\$240	\$240
	materials/equipment	Rubberized Surfacing **	\$21,000		\$21,000
		Refurbished Playground Equipment		\$5,500	5,500
	signage	6' X 8' wood fiber sign **	\$800		\$800
	consultant/contractor	Contractor – installation of materials		\$3,120	\$3,120
		5% of installation phase			
	other				
		Task 3 Total:	\$21,800	\$8,860	\$30,660

Budget Sample Continued on Next Page

Post-Installation Phase

Task #	Item	Description (detailed)	Grant \$	Match \$	Total \$
4	personnel	1 coordinator @ \$20 /hr – 30 hours		\$600	\$600
	materials & supplies	Recycled-Content Paper for newsletter announcing new playground & recycled-content use		\$150	\$150
	advertising	Mailing newsletter to community		\$250	\$250
	Signage	Installation	200		200
	other				
Task 4 Total:			200	\$1,000	\$1,200
Total Grant Funds			\$25,000		
Total Matching Funds (at least fifty percent (50%) of grant funds or twenty-five percent (25%) if qualified for hardship designation)				\$12,500	
Total Project Funds					\$37,500

Tips:

- *Since the cost per tire in Criterion #10 will go up with the total cost of the project, applicants are encouraged to include only the minimum match requirement in the budget (e.g., \$25,000 in grant monies would require a minimum of \$12,500 in match monies – unless financial hardship is claimed then the minimum match required is \$6,250).*
- *The tasks and corresponding dollar figures in the Budget Itemization Form and the Work Statement Form must match.*
- *Attach quotes and/or estimates to verify reasonable costs.*
- *Round all amounts to the nearest whole dollar.*
- *Check your calculations!!!*
- *This form may be reproduced and enlarged as necessary.*

Appendix C

Application Checklist

This checklist has been provided for your benefit in completing the Waste Tire Playground Cover Grant Program application. A complete application contains thorough answers to all eleven (11) criteria and the required forms with complete information.

Step 1 – Project and Applicant Eligibility

- Did you verify that your agency is eligible to apply for this grant?
- Are you applying as a jurisdiction (i.e., school district, park district, special district, etc.)
- Did you coordinate with your jurisdiction?
- Is this the only submitted from you jurisdiction for this grant program?
- Can the applicant verify the rubberized surfacing materials will be from 100 percent California waste tires?
- Can your agency demonstrate the ability to provide a match equal to fifty percent (50%) (of the grant amount requested) or twenty-five percent (25%) (of the grant amount requested) if qualified for “Extreme Financial Hardship”?
- Does the application include outreach information and a sample of a sign designating CIWMB as a contributor toward the project?
- Does the application identify the number of tires that will be diverted from the waste stream?

Step 2 – Question and Answer Period

- After you have reviewed the application and application instructions, do you have any program-specific questions?
- Remember to submit your questions in writing by mail or E-mail before May 30, 2003.

Step 3 – Application (Most of the information is self-explanatory (name, address, etc.) however, key areas that have been incomplete in the past are:

- Application must be signed by an authorized signature or designee (as indicated in the resolution).
- Did you provide a summary of the playground project (i.e., what, when, how, and why)?
- Is the matching amount correct?
- Does the grant, match, and total listed on the application cover sheet equal what is indicated on the Work Plan and budget pages?
- Did you include the Legislative District Numbers?
- Did you check and initial the Environmental Justice box on the Application Cover Sheet?
- Did you complete the General Checklist of Licenses, Permits, and Filings (CIWMB 669)?

Criterion #1 – Project Need (up to 20 points)

- Did you describe your funding needs and customer needs (i.e., playground users in the jurisdiction, demographics, statistics, problems and solutions)?
- Did you support the existence of the problem and project need with data from surveys, maintenance and safety reports, studies, accident reports, etc.

- Did you describe health and safety and environmental concerns?

Criterion #2 – Goals and Objectives (up to 10 points)

- Did you describe goals and objectives indicating what you wish to accomplish with this project?
- Did you describe how the need was identified?
- Do the tasks listed in your Work Plan mirror the budget?
- Does the Work Plan include dates for the tasks?

Criterion #3 – Work Plan (up to 5 points)

- Did you identify staffing from your agency required to complete the proposed project?
- Did you list cooperating individuals and/or organizations?
- Did you provide a specific funding plan for future maintenance and operational costs?
- Does the Work Plan task numbers and budget amounts mirror the budget itemization form (check your math).

Criterion #4 – Evaluation (up to 5 points)

- Did you describe how you determined if the goals, objectives, and tasks will be completed successfully?
- Did you identify how you will measure the project’s impact on the community?
- Did you identify and describe your evaluation report?
- Did you list the staff responsible for the evaluation report?

Criterion #5 – Budget (up to 10 points)

- Did you provide a thorough itemization of all allowable expenditures?
- Did you include volunteer time, donated materials and equipment, signage information?
- Did you check the list of eligible and ineligible costs?
- Does your budget equal the Work Plan figures (check your math)?
- Did you provide quotes and/or estimates?
- Are all budget itemization totals accurate (check your math)?
- Are your contingent costs kept to a minimum?
- Are all expenses explained?
- Did you round up the cents to whole dollars?

Criterion #6 – Completeness, Letters of Support, Experience, etc. (up to 10 points)

- Did you include original application and three (3) copies?
- Did you remember not to bind the original application or three (3) copies?
- Did you print on both sides of the paper?
- Did you identify the original by marking it “original”?
- Does the application contain a resolution? If not, did you indicate when you would provide the resolution?
- Does the application include letters of support from at least three (3) individuals/entities?
- Is the cover sheet of the original application (and copies) signed by the person with signature authority, as indicated in the resolution?
- If applicable, is there a letter in the application designating signature authority to another? If so, is it from the authorized signature authority indicated in the resolution?
- Are all the criteria included in the original and each copy?
- Are all forms included in the original and each copy?

Criterion #7 – Recycled-Content Purchasing Policy or Directive (up to 15 points)

(Note: attaching the policy is not required.)

- Did you check off the box and indicate the date the policy or directive was adopted?
- Did you check off the boxes that correspond with the types of recycled or re-used products you have purchased?
- Did you evaluate your Recycled-Content purchasing policy or directive?
- Did you indicate what has been successfully implemented?
- Did you complete the entire form?

Criterion #8 – Recycling and Sustainable Practices Programs (up to 5 points)

- Did you explain how you handle easily recycled internal waste?
- Did you include information on how you handle waste recycling at special events and/or in recreational programs?
- Did you check off the boxes?

Criterion #9 –Prior Waste Tire Playground Cover of Track and Other Recreational Surfacing Grant (up to 5 points)

- Did you check off the appropriate box?

Criterion #10 – Estimated Cost Per California Waste Tire Diverted From The Waste Stream (up to 10 points)

(Note: without an accurate calculation you will receive zero points.)

- Did you provide an accurate calculation?
- Did you use both grant and match funds?
- Are any of the costs ineligible under this grant program (see “Ineligible Costs” in the Grant Information and Instructions Section)?

Criterion #11 – Economic Need (up to 5 points)

- Did you go to the U.S. Census Bureau’s website to check the median household income using the ZCTA of your project?
- If the median household income is below \$30,399, did you know you could reduce your match to 25% of the grant request?
- Did you check the box that applies to the location and median household income for your playground project?
- Did you include your ZCTA and corresponding Median Household Income on the lines provided?

Send the Applications to The following is the U. S. postal mailing address:

**California Integrated Waste Management Board
Waste Tire Playground Cover Grant
Financial Assistance Branch, Grants
Administration Unit
ATTN: Phil Poon
P.O. Box 4025, MS 10
Sacramento, CA 95812-4025**

The following physical address is necessary for applications sent by commercial carrier:

**Applications must be postmarked or exhibit a commercial carrier tracking number by:
Friday, June 27, 2003**

Appendix D

Definitions

The following definitions apply only to the Waste Tire Playground Cover Grant Application.

Applicant – a qualified public entity (jurisdiction) submitting an application and requesting grant funds.

Athletic Court –an area upon which athletic games, events, or sports, may be played or practiced, such as, but not limited to, soccer, football, baseball, or track and field. An athletic court is not a playground.

Athletic Playing Field –a specially prepared area, usually four-sided, that may be paved or unpaved which may have lined boundaries or other markings and on which may be played or practiced games such as, but not limited to, basketball, tennis, handball, volleyball, racquetball, or squash. An athletic playing field is not a playground.

Authorized Signature – the signature of the person authorized by title by the applicant's governing body to execute in the name of the applicant all necessary applications, contracts, agreements, amendments, and payment requests to secure grant funds and to implement and carry out the purposes specified in the grant application.

Board – refers to the six member governing body of CIWMB.

Budget Itemization – a detailed listing of all eligible costs required to complete the project.

Cash Match – a.k.a “hard match” is funds from another source that is budgeted for the project.

Competitive Grant – an award of money for which applicants compete.

Contingency – liable to happen or not; uncertain; possible; *contingent expenses*.

Cooperating Organizations – external organizations outside the applicant's agency that will work with the applicant to complete a project. For example: Rotary, Kiwanis, neighborhood association, etc.

Criterion – the rules or principles for evaluating; a standard of judgment or criticism.

Cost Savings – sum of money reserved as a result of the economical use of funds.

Endorsement – written approval or sanction.

Environmental Concerns – impacts from the environment that might have a negative effect on the children using the playground. For example: animal feces, inadequate drainage, excessive debris, etc.

Estimate - a written statement of the approximate charge for the work to be done, submitted by a person or company ready to undertake the work.

Evaluation – assessment methods used to measure the success of the project such as the comparison of injury reports, post-construction inspection, a survey of neighborhood users or a change in the number of users pre- and post-construction.

Extreme Financial Need – the median household income of the zip code in which the project is located if the median household income falls at or below sixty-four (64) percent of the state median household income as determined by the U.S. Census.

Gap in Service - an open interval or hiatus in the use or availability of the playground or for the lack of playground facilities (new and refurbished).

Goal - an object or end one tries to attain.

Grantee – the term used to refer to the applicant after it has a signed grant agreement with CIWMB.

Grant Agreement – legal, binding document that includes a cover sheet, Terms and Conditions, Procedures and Requirements, Work Plan, budget, attachments and is signed by both the grantee (with designated signature authority) and the CIWMB Executive Director or his/her designated signator.

Grant Award – amount of money awarded by the Board to complete the proposed project.

Grant Request – the amount of grant money requested by the applicant.

Health and Safety Threats – hazards that could be unsafe or cause injury, illness or death to a child on a playground – protruding nails, animal feces, inadequate fall surfacing, etc. Additionally, the community could experience health and safety threats from the lack of play facilities in the community.

In-Kind Match – a.k.a. “soft match” is the project’s contribution of non-cash outlay of materials or resources to support a percentage of the CIWMB grant award activities. It may include non-cash outlay contributed by other public agencies and institutions, private organizations and individuals. Examples include donated supplies, equipment, professional services, and volunteer time. In general, the value of in-kind contributions is determined by fair market value.

JPA (Joint Powers Authority) – an agreement between two or more agencies that specifies the responsibilities of each agency in implementing the project.

Jurisdiction – a public entity in California that is a city, county, city and county, college, university, state owned recreational facility, public school district, qualifying California Indian tribe, park district, and special district.

Matching Funds – means money that is provided by the grantee and does not consist of funds currently or previously received from CIWMB. These fund may be from other private, state or federal entities.

Materials/supplies – the items or apparatus needed to make or complete a project.

MOU (Memorandum of Understanding) – a formal agreement between two or more agencies that specifies the responsibilities of each agency in implementing the project.

Notice to Proceed – the formal letter from the CIWMB notifying the grantee to start its playground project.

Need – a lack of something wanted or deemed necessary.

Objective – a measurable target that must be met on the way to attaining a goal.

Other Costs – costs not included in the listed categories of the budget and not listed as ineligible costs.

Personnel Services – includes salaries, wages, and benefits for personnel who are employed by the applicant and will work directly on the project.

Playground - an improved outdoor area designed, equipped, and set aside for children’s play that is not intended for use as an athletic playing field or athletic court, and shall include all playground equipment, surfacing, fencing, signs, internal pathways, internal land forms, vegetation, and related structures.

Primary Contact – the first person with whom the CIWMB grant manager will communicate regarding questions, requests, and clarifications.

Program-Specific Questions – questions that specifically address issues pertaining or relating to the Waste Tire Playground Cover grant application. These questions do not include questions related to specific projects.

Project Cost – all allowable costs, as set forth in the applicable cost principles, incurred by the recipient, and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

Public Entity – a city, county, city and county, college, university, state owned recreational facility, public school district, qualifying California Indian tribe, park district, and special district.

Public Playground – an improved outdoor area designed, equipped, and set aside for children's play that is not intended for use as an athletic playing field or athletic court, and shall include all playground equipment, surfacing, fencing, signs, internal pathways, internal land forms, vegetation, and related structures.

Qualifying California Indian Tribe – For purposes of this grant a “Qualifying California Indian Tribe” means an Indian tribe, band, nation, or other organized group or community of Indians residing within the boundaries of California, which can establish that it is a governmental entity and can meet the criteria of this grant program.

Quote – to provide in writing, the current or market price of a service, supply, materials, or piece of equipment.

Reasonable Costs – moderate, especially in price; not expensive for the geographical location.

Recipient – the jurisdiction receiving an award from CIWMB to carry out a project.

Recycle – to treat or process used or waste material so as to make it suitable for re-use or a new use.

Recycled-Content Purchasing Policy – a policy of an agency specifically to purchase recycled-content products instead of non-recycled products whenever price, quality, and availability are comparable.

Recycled-Content Purchasing Directive – an administrative order, policy, or memo instructing purchasing practices.

Recycling Program – a plan of action to accomplish recycling and/or to create awareness of the importance of recycling.

Reference – a formal statement regarding a person's or organization's character or experience.

Resolution – a formal authorization of opinion, support or intention made, usually after voting by a formal organization.

Resume – a brief written account of personal, educational and professional qualifications, and experience.

Secondary Contact – the second person (if the primary contact is not available) with whom the CIWMB grant manager will communicate regarding questions, requests, and clarifications.

Sustainable Recycling Practices – practices that result in resource conservation and/or efficiency that reuse, reduce, or recycle material before it enters the waste stream.

Task – the specific activities conducted to complete a project.

Time Frame – a period of time with a beginning and ending date.

Total Grant Request – the amount of the grant funds requested.

Unmet Need – a lack of services, equipment or facilities for the target population.

Volunteer Labor – services provided by a person or persons willingly and without compensation.

Waste Tire – A tire that is no longer mounted on a vehicle and is no longer suitable for use as a vehicle tire due to wear, damage, or deviation from the manufacturer's original specifications. A waste tire includes a repairable tire, scrap tire, and altered waste tire, but does not include a tire derived product, crumb rubber, or a used tire that is organized for inspection and resale by size in a rack or a stack in accordance with Public Resources Code (PRC) Section 42950(k).

Work Plan– the detailed listing of all tasks (and sub-tasks) necessary to complete the proposed project.

Appendix E **Scoring Criteria**

**THE WASTE TIRE PLAYGROUND COVER GRANT PROGRAM
SCORING CRITERIA FOR FISCAL YEAR 2003/2004**

Applicants must score 70% (70 points) of 100 points to be considered for funding.

Points	Description
GENERAL CRITERIA	
20	<p>1. NEED – Grant proposal clearly and convincingly describes and demonstrates why the project should be funded (e.g., benefits, end products, etc.)</p> <ul style="list-style-type: none"> • Why does your organization need this grant? If you received this grant, how would this grant benefit your organization? Describe and document your need. Support the existence of the project need with data from surveys, maintenance and safety reports, studies, accident reports, etc. • What is the overall need locally or regionally? How would California or your community benefit if you received grant funding? (e.g., clean-up of environmental hazards, decrease risk to public health and safety, increase efficiency, conservation of natural resources, usage by the public, etc.) • What will happen if your organization does not receive this grant? • List relevant past grants received from the California Integrated Waste Management Board (Board) and any relationship to this proposal.
10	<p>2. GOALS AND OBJECTIVES – Describe what you wish to accomplish by completing this grant project. Measurable target(s) that must be met on the way to attaining your goal.</p> <ul style="list-style-type: none"> • What are the goal(s) and objective(s) of the project? Tie to business/public goal(s) and objective(s). • What is the ultimate desired outcome of this project? How does it fit within the business, district, school, city, etc.? • Describe the environmental soundness and practicality of the proposal.
5	<p>3. WORK PLAN– Specific list of all grant eligible procedures or tasks used to complete your project.</p> <ul style="list-style-type: none"> • What is your Work Plan? • What activities, steps or tasks (work/business plan) will you take to implement your Work Plan? • Explain how you can complete this grant program within the specific term of the grant.
5	<p>4. EVALUATION – Measures the outcome of the applicants project.</p> <ul style="list-style-type: none"> • How will your project meet your goal(s) or objectives(s) and will it provide the output intended? • How will you evaluate and measure the interim progress and final outcome of your project? • If you encounter any challenges, how will you confront your challenges? Describe how you will overcome the challenges step-by-step. • If you experience difficulty conducting an activity of the grant, how will you re-evaluate or adjust your activities? • Who will be responsible for measuring and reporting your interim progress and your final project evaluation (e.g., self/company or consultant)? • What is the estimated cost of your evaluation component?.
10	<p>5. BUDGET – Cost (dollar figure) associated with activities necessary to complete the project.</p> <ul style="list-style-type: none"> • Provide an itemized cost breakdown associated with each activity, task or subtask. • Are all the project costs associated and tasks outlined in the Work Plan? • Is your proposal cost effective? Provide any quotes, estimates, or other documents to support the costs you are claiming. • List any cost savings derived from volunteers, in-kind services, recycling options, use of existing promotional materials, etc.
10	<p>6. APPLICATION COMPLETENESS, LETTERS OF SUPPORT, EXPERIENCE, ETC. – Is the proposal <u>clearly presented and complete</u>?:</p> <ul style="list-style-type: none"> • Provide evidence that the applicant or his/her contractor(s) have sufficient staff resources, technical expertise, and experience to successfully manage this grant project. • Provide letters of support and/or commitment for your grant project from local governments (employees/officials), Board members, Board of Supervisors, etc., from entities other than your agency. • Include current resumes, endorsements, and references. • Within the last three years, have you received <u>any</u> Board grant? If yes, please briefly describe the outcome of the prior grant funded project. If applicable, briefly describe the current state of the funded grant project.

15	7. EVIDENCE OF A RECYCLED-CONTENT PURCHASING POLICY OR DIRECTIVE - Provide evidence that a recycle-content purchasing policy is in place or evidence to show that the policy will be adopted during the application period requiring the Grantee to purchase recycled content products, recycled or reusable products, or engage in other waste reduction activities where appropriate and feasible.
75	<i>TOTAL POSSIBLE GENERAL CRITERIA POINTS</i>
PROGRAM CRITERIA	
5	8. RECYCLING AND SUSTAINABLE PRACTICES PROGRAMS – The degree to which a recycling and a sustainable practices program has been developed and implemented by the public entity to recover materials from the waste stream. The degree to which the program mitigates or avoids adverse environmental effects.
5	9. PRIOR WASTE TIRE PLAYGROUND COVER OR TRACK SURFACING GRANT –The application will receive five points if the public entity <u>has not been awarded</u> a grant during either of the last two grant cycles (fiscal years 2001/2002, and/or 2002/2003) for playground cover and/or track and other recreational surfacing funded by the California Tire Recycling Management Fund.
10	10. ESTIMATED COST PER CALIFORNIA WASTE TIRE DIVERTED FROM THE WASTE STREAM – The applicant must provide a calculation of the cost of each waste tire diverted from the waste stream by using <i>eligible</i> costs of the total project (match plus grant funding, which includes costs for preparation, installation, signage, materials, labor, and public education) and the number of pounds of California waste tire rubber used in the project. If the applicant does not provide an accurate calculation, (0) zero points will be awarded.
5	11. ECONOMIC NEED – The applicant demonstrates economic need in the area in which the project is located, based on median household income data from the U. S. Census. The application will receive two (2) points if the project is located within a ZCTA in which the median household income is between and including 70.00 percent to 75.00 percent of the State’s median household income; three (3) points if the project is located within a ZCTA in which the median household income is between and including 64.01 percent to 69.99 percent of the State’s median household income; and five (5) points if the project is located within a ZCTA in which the median household income is at or below 64.00 percent of the State’s median household income.
25	<i>TOTAL POSSIBLE PROGRAM CRITERIA POINTS</i>
100	TOTAL POSSIBLE SCORE (Total of General Criteria and Program Criteria Points)
