

**REQUEST FOR ACTION**

**To:** Susan Markie, Chief  
Permitting & Assistance Branch  
Waste Permitting, Compliance & Mitigation Division

**From:**   
\_\_\_\_\_  
Jeff Hackett, Manager  
Permits & Assistance South Section  
Permitting & Assistance Branch

**Request Date:** November 7, 2016

**Decision Subject:** Concurrence on Proposed New Full Solid Waste Facilities Permit for Universal Waste Systems, Inc. Material Recovery Facility and Transfer Station, SWIS No. 19-AA-1140

**Action by:** December 27, 2016

-----  
**Summary of Request:** This is a request that the Branch Chief take action on a proposed Solid Waste Facilities Permit for the Universal Waste Systems, Inc. Material Recovery Facility and Transfer Station, SWIS No. 19-AA-1140, located in Los Angeles County. Staff's findings and recommendations are provided relative to the proposed action.

The proposed permit was initially received on July 28, 2016. The Department subsequently determined the Transfer Processing Report (TPR) submitted as part of the permit application package would need to be revised. In order to address the Department comments on the TPR, and to allow CalRecycle additional time to review the revisions, the operator waived the LEA and Department's statutory review timelines, pursuant to Public Resources Code Sections 44008 and 44009, respectively, on September 19, 2016 to October 26, 2016 and October 25, 2016 to November 11, 2016. A new proposed permit was received on October 28, 2016. Action must be taken on this proposed permit no later than December 27, 2016. If no action is taken by December 27, 2016, the Department will be deemed to have concurred with the issuance of the proposed permit.

**Recommendation:** Based on our review of the submitted permit package, staff recommends the Branch Chief concur with the issuance of the permit. All of the required submittals and findings required by Title 27, Section 21685 have been made, and the required CEQA findings have been made in support of concurrence. These findings are summarized in the table found in the Permitting and Assistance Branch Staff Report attachment. The documents on which staff's findings are based are in the facility files. Details on the findings are presented in more detail in the attached Permitting and Assistance Branch Staff Report.

-----  
**Branch Chief Action:** On the basis of the information and analysis in this Request for Action and the findings set out in the Permitting & Assistance Branch Staff Report, I concur in the issuance of the New Full Solid Waste Facilities Permit for the Universal Waste Systems, Inc. Material Recovery Facility and Transfer Station, SWIS No. 19-AA-1140, as proposed.

**Dated:** November 7, 2016
