

# SOLID WASTE FACILITY PERMIT

Facility Number:

**15-AA-0061****12. Legal Description of Facility:**

The legal description as required in CCR Title 27 Section 21600, is contained in the Report of Disposal Site Information in the Taft Recycling and Sanitary Landfill JTD dated January 2011.

**13. Findings:**

- a. This permit is consistent with the Kern County Integrated Waste Management Plan, which was approved by CIWMB (now CalRecycle) on February 25, 1998 and last amended on September, 2004. The location of the facility is identified in the Countywide Siting Element, pursuant to Public Resources Code (PRC), Section 50001(a).
- b. This permit is consistent with the standards adopted by the CalRecycle, pursuant to PRC 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency, pursuant to PRC 44009.
- d. The Kern County Fire Department has determined that the facility is in conformance with applicable fire standards, pursuant to PRC 44151.
- e. An Environmental Impact Report (SCH # 2009031008), approved on June 28, 2011, has been completed and a Notice of Determination was posted by the Kern County Clerk on July 07, 2011, pursuant to the Public Resource Code, Section 21152(C).

**14. Prohibitions:**

The permittee is prohibited from accepting the following wastes for disposal

Hazardous, radioactive, medical (as defined in Chapter 6.1, Division 20 of the Health and Safety Code), liquid, designated, or other wastes requiring special treatment or handling, except as identified in the JTD and approved amendments thereto and as approved by the LEA and other federal, state, and local agencies.

**15. The following documents describe and/or restrict the operation of this facility:**

# SOLID WASTE FACILITY PERMIT

Facility Number:

15-AA-0061

## 16. Self Monitoring:

The owner/operator shall submit the results of all self monitoring programs, **in items d through j**, to the Enforcement Agency within 30 days of the end of the reporting period (*for example, 1<sup>st</sup> quarter = January – March, the report is due by April 30, etc. Information required on an annual basis shall be submitted with the 4<sup>th</sup> quarter monitoring report.*)

<p>a. Notify the Local Enforcement Agency in the event of any of the following: fires, landslides, earthquake damage, unusual and sudden settlements, flooding, explosions, public and OSHA reportable injuries, property damage accidents, any other unusual occurrences, and receipt or rejection of hazardous or unpermitted wastes, excluding: receipt household hazardous waste, treated wood waste, universal waste, electronic waste, used motor oil, or automotive batteries from residential sources.</p>	<p>Within 24 hours of the event</p>
<p>b. Maintain a written record and notify the Local Enforcement Agency of any nuisance, public health or safety complaint.</p>	<p>Within 24 hours of the event</p>
<p>c. Submit a report of actions taken by the operator to remedy or correct any major incidents such as fires, landslides, earthquake damage, unusual and sudden settlements, injury and property damage accidents, explosions, flooding and other unusual occurrences.</p>	<p>Within 30 days of the event</p>
<p>d. Results of the hazardous waste load checking program, including the quantities and types of hazardous wastes, medical wastes or otherwise prohibited wastes found in the waste stream and the disposition of these wastes.</p>	<p>Quarterly</p>
<p>e. Results of the landfill gas monitoring program</p>	<p>Quarterly</p>
<p>f. Wet weather preparedness report/winter operations plan.</p>	<p>Annual (due by November 15)</p>
<p>g. The number of vehicles using the facility per day.</p>	<p>Annual Summary</p>
<p>h. A summary of the types and quantities (in tons) of waste received.</p>	<p>Annual Summary</p>
<p>i. The types and quantities (in tons) of waste, including separated or commingled recyclables, diverted from the facility.</p>	<p>Annual Summary</p>
<p>j. Remaining site capacity.</p>	<p>Annually</p>

## 17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 14 and Title 27, California Code of Regulations.
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, landslides, earthquake damage, unusual and sudden settlements, flooding, explosions, public and OSHA reportable injuries, property damage accidents, any other unusual occurrences, and receipt or rejection of hazardous or unpermitted wastes, excluding: receipt household hazardous waste, treated wood waste, universal waste, electronic waste, used motor oil, or automotive batteries from residential sources. The log shall be available for inspection by authorized representatives of the LEA during normal business hours.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the LEA.
- d. This permit is subject to review by the Local Enforcement Agency and may be suspended, revoked, or revised at any time for sufficient cause.
- e. The Local Enforcement Agency reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
- f. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. With the exception of EA conditions 17(h-j), the operator shall not implement any changes without first submitting a written notice of the proposed change, in the form of a Report of Disposal Site Information Amendment, to the LEA at least 180 days in advance of the change.
- g. The operator shall maintain an Extreme Weather Operations Plan for the facility and implement operation limits and procedures in the event of unsafe weather conditions. A copy of the Extreme Weather Operations Plan shall be maintained on the premises and be accessible to employees, public safety and regulatory personnel.
- h. A summary of all pilot projects must be submitted to the LEA in writing prior to the implementation of that pilot project. The LEA must approve all pilot projects before they may be implemented.
- i. The facility is not subject to regulatory storage time frames for on-site storage of aggregate derived from processed concrete/asphalt, which is designated for on-site construction and beneficial reuse. The operator shall maintain material storage areas in a manner that will prevent public nuisance and vector harborage.
- j. Debris management may take place at the facility as approved by the LEA.
- k. A copy of this permit shall be maintained at the facility.
