

- (1) Could you please confirm that fiber generated from carpet recycling is included in this program and eligible for the funding? Thanks – Gail Brice

- (2) The RERF for fibers was gone over quickly. I believe it was said that glass is .2 and cardboard fiber is 5, where does carpet fiber fit between the two?

- (3) Can you possibly release the list of the attendees in Sacramento and on the webinar or possibly create a voluntary contact list? It looks like there is some good opportunity for networking.

Thanks -- Gail
