SECTION I

INTRODUCTION

The purpose of this Contract is to promote the use of Tire-Derived Aggregate (TDA) as light-weight fill in civil engineering projects. Primarily the Contract will focus on providing engineering services to projects where TDA will be substituted for conventional engineering materials. Secondly, this Contract may be used to assist local government jurisdictions and transportation agencies. Through this Contract the California Integrated Waste Management Board (Board) will provide services on projects in which TDA is used.

The Contractor will be responsible for providing engineering services as needed for various civil engineering projects that will utilize TDA. A number of projects have been identified, including, but not limited to: retaining wall construction and landslide repair work where the engineered solution incorporates light weight fill; the use of TDA as a vibration attenuation layer below light rail systems; and the use of TDA in landfills where traditional aggregate applications are replaced with TDA. The Contract will be used to provide construction oversight on TDA projects, overseeing the TDA placement and installation of monitoring instrumentation which is used to collect data and to evaluate the performance of the TDA used in these projects. This Contract may be used for all aspects of construction management and Quality Assurance/Quality Control (QA/QC) dealing with TDA projects.

Proposers must be licensed to do business in California, and shall have the appropriate registrations to perform the services as outlined in Section V, Subsection A, Scope of Work. The selected Contractor is required to provide and maintain appropriate insurance throughout the term of the Agreement.

RULES AND CONDITIONS

A. GENERAL INFORMATION

Contractor selection will be based on qualifications only, subject to the successful negotiation of Agreement rates. Contractor's rates, markups for labor, equipment, materials, subcontractors, and fees will be negotiated following selection of the most qualified Proposers and will remain fixed for the duration of the Agreement. If agreement cannot be reached, CIWMB staff will terminate negotiations and negotiate with the next most qualified Proposer. The provisions of this RFQ and the successful Proposer's submittal will be made a part of any Agreement awarded from this RFQ.

Each Proposer shall designate in the SOQ a Program Manager who shall be its representative for all work performed under the Agreement. The Program Manager shall have authority to represent and act for the Contractor. Should it become necessary to designate a new Program Manager during the term of the Agreement, the Contractor shall submit the proposed Program Manager's qualifications for approval by CIWMB staff. The Contractor shall not assign a new Program Manager without prior approval of CIWMB staff.

B. SUBMISSION OF STATEMENT OF QUALIFICATIONS

The submittal shall consist of one unbound original SOQ package marked "Original" plus one electronic copy of the entire SOQ package, including attachments on CD-R viewable in Adobe Acrobat Reader. All documents must be submitted double-sided on paper with a preferred amount of 100% post-consumer recycled content fiber. If it is not cost effective for the firm to utilize 100% content, a minimum of 30% post-consumer recycled content fiber must be utilized. The complete submittal must be in a sealed envelope or container marked with the interested firm's name and address and the following:

The CIWMB reserves the right to accept or reject any or all submittals. The CIWMB reserves the right not to award any Agreement under this RFQ. C. SUBMITTAL REQUIREMENTS

Failure to follow the instructions contained in this RFQ may be grounds for rejection of a SOQ. The CIWMB may reject any SOQ if it is conditional, incomplete or contains irregularities. The CIWMB may waive an immaterial deviation in a SOQ, when it is determined to be in the best interest of the CIWMB. The CIWMB's waiver of an immaterial defect will in no way modify the RFQ documents or excuse the Proposer from full compliance with any Agreement requirements. To be considered responsive to this RFQ, interested Proposers must submit the SOQ package containing the following information:

1. Cover Letter - The cover letter shall be signed by an individual who is authorized to legally bind the Proposer and shall indicate that person's title or position. The cover letter must be on the Proposer's company letterhead and contain the following information:
 - a. Name and address of the Proposer submitting qualifications;
 - b. Name, telephone number, and e-mail address of a person who can be contacted if further information is required;
 - c. Name, title, address, telephone number, and e-mail address of individual(s) with authority to negotiate and execute a binding Agreement on behalf of the Proposer;
 - d. Statement that the submission is a firm and irrevocable offer for a 90-day period; and
 - e. Statement attesting to the fact of the percentage of post consumer recycled content fiber paper used in the compilation of the SOQ package.
2. Required Documents (Completion Checklist) - Proposers shall provide all of the forms and/or documentation required by this RFQ. A completion checklist is provided on the back of the cover letter of this RFQ that identifies, at a minimum, the items to be included in the submittal package. This completion checklist should be referenced when compiling the submittal package. If any of the items listed on the completion checklist are missing from the submitted package, the package will be considered incomplete and may be disqualified from the process.
3. Proposer's Statement of Qualifications (Section VI of this RFQ) - Proposers shall respond to all items in the SOQ form. If the answer to any item is "Not Applicable" or "None" so state in the designated space on the SOQ form. If there is no response for an item, the SOQ package may be considered non-responsive and the submittal may be rejected. The following information is provided as clarification of the requirements of some subjects contained within the SOQ (Section VI) but is not a complete list of all information required for inclusion in the Proposers submittal:
 - a. References: Proposers must provide the name and current phone number of references that can confirm accuracy of experience and qualifications listed in the SOQ. References who are employees of the firm submitting the SOQ or employees of firms legally associated with the Proposer submitting the SOQ will not be considered as valid references. Experience or qualifications that cannot be confirmed by CIWMB staff (e.g., inappropriate contact person or incorrect telephone number) will be disregarded.
 - b. Organizational Chart: Proposers must provide an organizational chart as required by Section VI, Statement of Qualifications.
 - c. Personnel Information: Include a list of all personnel who will perform the activities described in Section V, Subsection A, Scope of Work, including a summary of similar work performed by these personnel. Include a resume indicating related experience for each employee. Proposer must be able to provide, within a reasonable time frame, those personnel listed in the SOQ for support of the Tire Program as needed.

A résumé for each of these personnel must be submitted with the SOQ. The same person may be responsible for multiple tasks, but their experience in each task must be indicated in their résumé. The organizational chart shall indicate other primary employees of the Proposer and any

subcontractors who will, or may be, involved with projects during the course of the Agreement. The organizational chart shall also indicate whether the employee works for the Proposer or a subcontractor.

- d. Additional Information: Proposers may provide any additional information that demonstrates the Proposers' ability to perform these types of work, experience with projects of similar scope, or any other information that demonstrates the Proposers' capabilities to perform work identified in Section V, Subsection A.
- e. Partners/Subcontractors: The variety of work may require resources beyond capabilities of some Proposers. If other firms are proposed as partners or subcontractors, the experience of those firms, in addition to the experience of the prime Proposer, shall be indicated on the appropriate forms in the SOQ. All experience documented on the forms shall be clearly marked to show which firm was responsible for the specific work.

Any additional information that demonstrates the abilities of a proposed subcontractor shall be included. Subcontractor personnel who are listed in the SOQ shall be clearly identified as employees of a subcontractor.

D. MODIFICATION OR WITHDRAWAL OF PROPOSALS

Any SOQ package received by the CIWMB before the required time and date may be withdrawn or modified by written request of the Proposer after verification of identification of the person requesting withdrawal or modification. Withdrawal of a SOQ does not prejudice the right of the Proposer to modify and/or submit a new SOQ before the deadline identified in the Schedule (Section I, Subsection D).

Proposers cannot withdraw a SOQ package for modification after the final filing due date and time.

E. PROPOSER'S COST

Costs for developing the SOQ package and/or participating in this RFQ process are entirely the responsibility of the Proposer and such costs will not be reimbursed by the State of California. All SOQ packages and the contents therein, shall become the property of the CIWMB.

F. COMMITMENT

Upon submittal of a SOQ, the firm has committed to comply with the following requirements:

- All items noted in RFQ documents
- General Terms and Conditions (GTCs available for viewing at www.ols.dgs.ca.gov/Standard+Language.)
- Special Terms and Conditions (available for viewing at <http://www.ciwmb.ca.gov/contracts/Forms/SpeTermsCond.pdf>)
- Contractor Certification Clauses (CCCs available for viewing at www.ols.dgs.ca.gov/Standard+Language)

This RFQ does not commit the CIWMB to award any Agreement or to pay any costs incurred in participation of this RFQ process. The CIWMB reserves the right to accept or reject any or all SOQ packages received as a result of this RFQ, to negotiate with any qualified Proposer, or to cancel this RFQ in whole or in part.

If a selected Proposer fails to enter into an Agreement within a reasonable period of time after the CIWMB approves selection of the proposed Contractor, the CIWMB may deem the Proposer to have rejected the offer. At that point, the Executive Director may disqualify said Proposer and begin negotiations with the next qualified firm. The Executive Director will determine what is a reasonable period of time for the selected Proposer to enter into the Agreement.

G. INFORMATION

All information obtained or produced during the course of work shall be made available to the CIWMB and may be used by the CIWMB as it determines.

H. CONFIDENTIAL INFORMATION

Prior to award of the Agreement, a SOQ package may be designated "confidential" to the extent permitted by the California Public Records Act (GC Section 6250 et seq.). The CIWMB agrees not to disclose such information or data furnished by Proposer and to maintain such information or data as confidential when so designated by Proposer in writing at the time it is furnished to the CIWMB, only to the extent that such information or data is exempt from disclosure under the California Public Records Act and Public Contract Code (PCC).

I. TERMINATION

The CIWMB has the authority and express right to terminate any Agreement awarded under this RFQ or any Work Order resulting from the Agreement at any time during the term of the Agreement for any reason, including but not limited to, instances where the CIWMB finds that the Contractor's work is negligent, not satisfactory, or not in accordance with the Agreement requirements.

J. PROPOSERS' INFORMATION CONFERENCE

A Proposers' Information Conference will not be held for this RFQ process.

K. INQUIRIES

1. Proposers seeking clarification of the requirements of this RFQ may submit questions in writing to the Board's Contracts Unit. Questions, suggestions or objections regarding the content of this RFQ, including but not limited to, the purpose, scope of work, and requirements, not submitted in writing by the deadline for questions shall be deemed waived and may not be raised at a later time. Only those Proposers having received a RFQ package or those who requested notification through the Board's Contracts website (<http://www.ciwmb.ca.gov/Contracts/>) will be notified upon release of the summary of all Questions and Answers.

4. Oral communications with the CIWMB officers and employees shall be non-binding on the CIWMB and shall in no way exclude the Proposer of any obligations as set forth in this RFQ.
5. All questions or inquiries regarding this RFQ shall be mailed, e-mailed or faxed to:

L. ADDENDA

The CIWMB reserves the right to amend, alter or change the rules and conditions contained in the RFQ. Any modifications made by the CIWMB to the RFQ will be made by issuance of Addenda.

If a Proposer discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFQ, Proposer shall immediately notify the CIWMB of such error in writing and request modification or clarifications no later than the deadline to submit written questions. The addenda will not divulge the source of the request. Notification of any addenda issued will be made only to those who received a RFQ package or requested notification through the CIWMB's Contracts website (www.ciwmb.ca.gov/contracts).

Receipt of Addenda must be acknowledged as indicated in Section VI, Subsection G, "Acknowledgment/Authorization Form." All addenda to this RFQ can be viewed on the Contracts Unit website at www.ciwmb.ca.gov/contracts.

M. GOVERNANCE

If any provisions of this Agreement are found to be unlawful or unenforceable, such provisions will be voided and severed from this Agreement without affecting any other provision of this Agreement. To the full extent, however, that the provisions of such applicable law may be waived, they are hereby waived to the end that this Agreement be deemed to be a valid and binding agreement enforceable in accordance with its terms.

This Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

All proceedings concerning the validity and operation of this Agreement and the performance of the obligations imposed upon the parties hereunder shall be held in Sacramento County, California. The parties hereby waive any right to any other venue. The place where the Agreement is entered into and place where the obligation is incurred is Sacramento County, California.

Each item in the SOQ must have a response. If there is no response for an item the SOQ may be considered non-responsive and the SOQ may be rejected. If the response to an item is "Not Applicable" or "None," so state in the space for that item.

B. UNRELIABLE LIST

Any contractor currently on the CIWMB Unreliable List is ineligible to apply for this contract. Proposed subcontractors currently on the CIWMB Unreliable List are ineligible to participate in this contract.

C. SMALL BUSINESS PARTICIPATION AND CERTIFICATION

This Agreement has participation goals of twenty-five percent (25%) of the total contract amount for qualifying small businesses. 4. Invitations to Bid were submitted to potential Small Business firms; and
5. Available Small Business firms were considered.

D. DISABLED VETERAN'S BUSINESS ENTERPRISE PARTICIPATION AND CERTIFICATION

This Agreement has participation goals of three percent (3%) of the total contract amount for qualified Disabled Veteran's Business Enterprise (DVBE). This three percent (3%) goal may apply to a combined effort of the

Contractor and any sub-contractors. Any business used to meet the DVBE requirement must be certified by or have certification pending with the Department of General Services, Procurement Division (PD), Office of Small Business and DVBE Services (OSDS). Questions regarding DVBE qualifications should be directed to that office at (916) 375-4940.

Attachment D must be completed and submitted with the SOQ package if the Proposer is a certified Small Business firm or if the Proposer has identified qualified Small Business firms as subcontractors. All Proposers shall acknowledge on Attachment A that they will comply with this requirement or make good faith efforts to meet this goal. If awarded an Agreement, the Contractor will be required to evidence that it has either met these participation goals (Attachment D) or made a good faith effort to meet the goals (Attachment E) with each Work Plan.

The Contractor shall be deemed to have made "good faith efforts" upon submittal of documentary evidence that **all** of the following actions were taken:

1. Contact was made with the CIWMB to identify potential DVBE firms;
2. Contact was made with other State agencies, including the Department of General Services, Procurement Division (PD), Office of Small Business and DVBE Services (OSDS), to identify potential DVBE firms;
3. Advertisement was published in trade papers focusing on DVBE firms unless time limits imposed by the CIWMB preclude such advertisement. Plan Holder lists will not be considered as advertisement. Copies of each advertisement must be submitted with each Work Plan;
4. Invitations to Bid were submitted to potential DVBE firms; and
5. Available DVBE firms were considered.

E. COMPLIANCE WITH GOVERNMENT CODE SECTION 87100

Attachment B must be completed and submitted with the SOQ package.

F. PUBLIC CONTRACT CODE SECTIONS 10162 & 10285.1 & NON-COLLUSION

Attachment C must be completed and submitted with the SOQ package. Attachment C includes the following provisions: 1) Public Contract Code Section 10162 Questionnaire, (2) Public Contract Code Section 10285.1 Statement, and 3) a Non-Collusion Affidavit.

SECTION IV

EVALUATION AND SELECTION

A. FAILURE TO FULFILL MINIMUM BID REQUIREMENTS

To be responsive, Proposer must comply with all minimum proposal requirements set forth in Sections I, II, and III. Failure to meet said minimum proposal requirements or failure to follow the instructions contained in this RFQ may be grounds for rejection. Any SOQ package modifying the conditions or specifications of this RFQ may be rejected.

B. GROUNDS FOR REJECTION

The CIWMB may reject any SOQ package if it is conditional, incomplete, or contains irregularities. The CIWMB may waive immaterial deviations and the SOQ package may be evaluated based on the information provided when considered to be in the best interest of the CIWMB. Waiver of an immaterial deviation shall in no way modify the RFQ requirements or excuse the Proposer from full compliance with the Agreement requirements. Grounds for rejection of a SOQ package include, but are not limited to, the following:

1. It does not include a reproducible master and an electronic copy;
2. It does not include all the documentation and completed forms required by this RFQ;
3. All responses to an item are not completed;
4. Required registration information (PE) is not submitted with the SOQ package; or
5. Required authorizations and certifications for the SOQ package are not properly completed and signed.

C. SELECTION PROCESS

After the period has closed for receipt of submittals, each SOQ package will be opened and examined to determine compliance with the submittal requirements identified in this RFQ. If a SOQ package does not meet all the requirements, it may be considered non-responsive and eliminated from further consideration.

SOQs that meet the submittal requirements will be forwarded to the Selection Committee to evaluate and score each SOQ. Each committee member will independently score the SOQs based on the evaluation criteria listed in Table 1 below. Scores assigned based on evaluation criteria will then be converted to a ranking score. For purposes of identifying the firms to be interviewed, staff will determine the ranking hierarchy based on the cumulative ranking score received by each firm. At a minimum, the top three ranked firms will be invited to interview. In the event that less than three firms are qualified, all qualified firms will be invited to interview.

Information obtained from references, client contacts, project inspectors and regulators significantly influences the ranking of responsive firms. Proposers shall provide the name and current telephone number of references that can confirm the accuracy of experience and qualifications listed in the SOQ. Employees of Proposer, or employees of entities legally associated with the Proposer, will not be considered valid references. References that are inaccurately listed (e.g., inappropriate contact person or incorrect telephone number) will be disregarded. Experience that cannot be confirmed by CIWMB staff will be disregarded.

D. ORAL INTERVIEWS

Proposers selected for interviews will be notified in advance of the time and place that the interviews will be conducted. Interviews will include discussion and evaluation of qualifications and methods for furnishing the required services. Proposers will also be notified of additional information, if any, to be provided at the interview. Failure to appear at the interview will be considered non-responsive and the Proposer may be eliminated from any further consideration.

Each committee member will independently score the interviewees' qualifications based on the criteria identified in Table 1, and when appropriate, supplemental questions. Scores assigned will then be converted to a ranking score. For purposes of identifying the most qualified firm, staff will determine the ranking hierarchy based on the cumulative ranking score received by each interviewed firm. In the event of a tie, the Selection Committee will be reconvened to review the scores and identify the firm deemed most highly qualified to provide the services required.

E. NEGOTIATION OF CONTRACTS

Board staff will request a detailed Fee Proposal from the highest ranked firm. Board staff will prepare the State's estimate of fees prior to negotiations. The Board staff estimate will remain confidential until award of the Agreement or abandonment of any further procedure for the services to which it relates. The Proposer's Fee Proposal shall include appropriate wage rates for office support personnel and appropriate markup rates to be utilized in the performance of the Agreement.

Board staff will attempt to negotiate an agreement with the highest ranked firm. If an agreement is reached, staff will recommend to the Board that the selected firm be awarded the Agreement. If an agreement cannot be reached with the firm, negotiations will formally be terminated with that firm. Negotiations will then begin with the next highest ranked firm. Failing accord, negotiations shall be terminated. This process will be repeated as necessary until negotiations have been terminated with all interviewed Proposers. Should Board staff be unable to negotiate a satisfactory agreement with all of the interviewed Proposers, Board staff may select additional firms in the manner prescribed above and continue the negotiation procedure until an agreement is reached, or negotiations on this RFQ are terminated by the Board.

F. AWARD OF AGREEMENT

Award of the Agreement shall be to the highest-ranking firm meeting all the requirements of this RFQ after successful negotiations have been completed and the Board has approved the Contract Award.

The Board reserves the right to not award the Agreement.

The following forms and information will be required prior to the CIWMB's execution of the Agreement:

1. Payee Data Record (Standard Form 204);
2. Verification of Worker's Compensation Insurance; and
3. Certificate(s) of Insurance.

The following forms, if not submitted with the SOQ will be required for each Work Order under this Agreement:

1. Evidence that the Contractor has either met the participation goals (Attachment D) or made a good faith effort to meet the goals (Attachment E) identified in Section III, Subsections C and D of this RFQ;

G. EXECUTION OF AGREEMENT

After the Contractor receives the Agreement for execution, it shall be signed by the Proposer and returned within 10 days, not including Saturdays, Sundays and legal holidays. If the Proposer fails to enter into a contract within this time period, the CIWMB may deem the Proposer to have rejected the Agreement. At that point, the CIWMB may disqualify the Proposer and negotiate and award the Agreement to the next most qualified Proposer.

H. START OF WORK

When the Agreement has been approved by the CIWMB, a fully executed copy of the Agreement will be mailed to the Contractor. Only upon receipt of a fully executed Agreement may Program staff provide the Contractor with Work Orders for work described in this RFQ.

SECTION V

DESCRIPTION OF WORK

A. SCOPE OF WORK

I. INTRODUCTION/OBJECTIVES

The purpose of this Contract is to promote the use of Tire-Derived Aggregate (TDA) as light-weight fill in civil engineering projects. Primarily the Contract will focus on providing engineering services to projects where TDA will be substituted for conventional engineering materials. Secondly, this Contract may be used to assist local government jurisdictions and transportation agencies. Through this Contract the California Integrated Waste Management Board (Board) will provide services on projects in which TDA is used.

II. WORK TO BE PERFORMED

The Contractor will be responsible for providing engineering services as needed for various civil engineering projects that will utilize TDA. A number of projects have been identified, including, but not limited to: retaining wall construction and landslide repair work where the engineered solution incorporates light weight fill; the use of TDA as a vibration attenuation layer below light rail systems; and the use of TDA in landfills where traditional aggregate applications are replaced with TDA. The Contract will be used to provide construction oversight on TDA projects, overseeing the TDA placement and installation of monitoring instrumentation which is used to collect data and to evaluate the performance of the TDA used in these projects. This Contract may be used for all aspects of construction management and Quality Assurance/Quality Control (QA/QC) dealing with a TDA project.

III. TASKS IDENTIFIED

Type of work anticipated includes, but is not limited to:

- 1) QA/QC of tire shredding production;
- 2) QA/QC of tire shred/light-weight fill placement at project site;
- 3) Coordinate shredding, stockpiling and hauling of TDA fill material;
- 4) Supply TDA material for selected projects through a competitive bid process;
- 5) Coordinate environmental issues with regulatory agencies;
- 6) Construction management, including daily work logs and construction reports;
- 7) Install monitoring instruments in the TDA projects;
- 8) Conduct long term monitoring of tire shred project; and
- 9) Services for oversight, testing, sampling and coordination with local agencies.

The tasks listed above may be required at several different sites at the same time. Firms interested in this Contract must be able to provide staff with technical abilities and in sufficient numbers to ensure cost effective and timely project completion.

All work under this Agreement will be performed through Work Orders issued to the Contractor. When Program staff determines the need for services under this Agreement, a Work Order will be issued. The Work Order will detail specific tasks or activities to be completed, provide a schedule for completion, and give a maximum cost for accomplishing the work. Work Order costs will be determined after discussions between the Contractor and Program staff and the preparation of a cost estimate by the Contractor.

The Contractor shall not perform or undertake any work that is not indicated or addressed in the Work Order. The Contractor shall immediately notify Program staff of any condition or event that may interfere with completion of the work, or which may require a modification in the Work Order. Program staff will, in a reasonable time, provide written direction to the Contractor clarifying any required adjustment to the Work Order. Any unauthorized modification of the Work Order, work in excess of that provided for in the Work Order, or changes and additions not authorized in writing by Board staff, will not be considered for compensation.

IV. CONTRACT/TASK TIME FRAME

It is anticipated that this Contract will be awarded in April 2007 and expire in May 2009. No specific timeframe can be estimated for each task since they are specific to each project to be completed under this Contract.

B. ILLNESS AND INJURY PREVENTION PROGRAM (IIPP)

The Contractor shall at all times be responsible for the protection of its employees and the public. Review of the Contractor's IIPP by Board staff shall in no way relieve the Contractor of responsibility for any aspect of its work, or for compliance with all Federal, State, and local laws pertaining to health and safety.

The Contractor's Program Manager or on-site project support staff shall be at the site whenever work is being performed, unless otherwise authorized by Board staff.

Prior to site entry, the Contractor shall ensure that:

1. Adequate work planning, health and safety, and operating procedures have been accomplished;
2. All personnel have been properly trained and briefed in hazards and procedures for the site to be entered;
3. Equipment and materials are on-hand to safely and efficiently complete the work; and
4. Proper site access authorization has been obtained.

C. WORK LOGS

The Contractor's Project Manager and the Contractor shall prepare work logs for each day of work at a site (Daily Logs). Work logs shall be standardized and legible. Contractor work logs shall be delivered to Board Staff no later than the second working day of the following week. Work logs are used to determine compensation for the Board-managed Contractors and to provide information for the final documentation report.

Maintenance and submittal of Daily Logs shall extend to all subcontractors, including Contractor's subcontractors, working on the site. It shall be the Contractor's responsibility to obtain information as related to all subcontractors' operations, if any. Work logs shall include, but are not limited to the following:

These decisions shall be final and Board Staff shall have authority to enforce and make effective such decisions and orders which the Contractor fails to carry out promptly.
2. Program Manager - The Contractor shall designate, as part of the SOQ, a Program Manager who shall be the Contractor's representative for all work performed under this Agreement. The Program Manager shall have the authority to represent and act for the Contractor in all contractual matters.
