SECTION II**RULES AND CONDITIONS**

Introduction

There are conditions that this RFQ, submitting firm's Statement of Qualifications (SOQ) and resulting Agreement are subject to and/or requirements for which the firm must comply. Any concerns or issues with any of the conditions, including those referenced below under Commitment must be addressed during the Question and Answer period of this RFQ.

Commitment

Upon submittal of a SOQ, the Contractor has committed to comply with the following requirements:

- All items noted in RFQ documents
- Special Terms and Conditions available for viewing at www.ciwmb.ca.gov/Contracts/Forms/SpeTermsCond.pdf
- General Terms and Conditions (GTCs) available for viewing at www.ols.dgs.ca.gov/Standard+Language.
- Contractor Certification Clauses (CCCs) available for viewing at www.ols.dgs.ca.gov/Standard+Language.

If the proposer fails to meet any of the requirements or comply with the CIWMB requests, the CIWMB can reject, disqualify, or remove the firm from the process.

The CIWMB is not committed to award an Agreement resulting from this RFQ. In addition, award of this Agreement does not obligate the CIWMB to issue any work orders and the successful Contractor shall have no claim for damages or compensation for anticipated profits should the CIWMB not issue any work orders.

Antitrust Claims

In submitting a Proposal Package to a public purchasing body, the Proposer offers and agrees that if the Proposal Package is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the Proposer for sale to the purchasing body pursuant to the Proposal Package. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the Proposer. (See Government Code Section 4552.)

If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the Proposal Package price, less the expenses incurred in obtaining that portion of the recovery. (See Government Code Section 4553.)

Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. (See Government Code Section 4554.)

SECTION II**RULES AND CONDITIONS CONTINUED**

Contractor's Cost

All costs resulting from the contractor's participation in the RFQ process are at the firm's expense.

No costs incurred by the contractor participating in the RFQ process will be reimbursed by the CIWMB.

Information

All information obtained or produced during the course of the Agreement will be made available to the CIWMB.

Any information that the proposer deems confidential, must so be marked prior to submission of the SOQ to the CIWMB.

The CIWMB will hold information deemed confidential by the proposer to the extent allowable by the California Public Records Act and the Public Contract Code.

Written Questions

The RFQ includes a formal question and answer period in which proposers have the opportunity to submit questions regarding the RFQ. All questions must be submitted in writing either by mail, fax, or e-mail to the CIWMB Contact as listed in Section I. Correspondence must be marked "Questions Relating to RFQ IWM07039". The questions and answers will be published in an Addendum to the RFQ (see below-Addenda). The addenda will not divulge the source of the request.

Addenda

The CIWMB reserves the right to amend, alter, or change the rules and conditions of this RFQ. Any ambiguity, conflict, discrepancy, omission, or other error discovered in the RFQ should immediately be reported to the CIWMB prior to the deadline for submission of written questions. Proposers seeking clarification of the RFQ requirements must submit questions during the written question and answer period. The CIWMB will issue addenda to address all issues.

Receipt of Addenda must be acknowledged as indicated in Attachment A, Section G, "Acknowledgment/Authorization Form." All addenda to this RFQ can be viewed on the Contracts Unit website at www.ciwmb.ca.gov/contracts.

Modification of Submittals

A SOQ submitted prior to the submittal deadline, can be withdrawn or modified by the submitting proposer. The proposer must:

- Provide a written request
- Identify the requesting individual and their association to the proposer

A Proposal cannot be withdrawn for modification after the submittal deadline has passed.

Errors in Submittals

An error in a Proposal package may be cause for rejection of that proposal.

The CIWMB may make certain corrections, if the Proposer's intent is clearly established based on review of the complete proposal.

Unreliable List

Any contractor or subcontractor currently on the CIWMB Unreliable list, is ineligible to apply for or participate in this contract.

Governance

If any provisions of this Agreement are found to be unlawful or unenforceable, such provisions will be voided and severed from this Agreement without affecting any other provision of this Agreement. To the full extent, however, that the provisions of such applicable law may be waived, they are hereby waived to the end that this Agreement be deemed to be a valid and binding agreement enforceable in accordance with its terms.

This Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

SECTION II**RULES AND CONDITIONS CONTINUED**

**Governance
(continued)**

All proceedings concerning the validity and operation of this Agreement and the performance of the obligations imposed upon the parties hereunder shall be held in Sacramento County, California. The parties hereby waive any right to any other venue. The place where the Agreement is entered into and place where the obligation is incurred is Sacramento County, California.

The person signing this Agreement on behalf of the Contractor certifies under penalty of perjury under the laws of California, that the Contractor is not an expatriate corporation or subsidiary of an expatriate corporation within the meaning of Public Contract Code Section 10286 and 10286.1, and is eligible to contract with the State of California. This statement may be included on the coverletter of the SOQ.

**Negotiating State
Contracts**

This solicitation and any resulting contract or amendments are subject to the conditions set forth in PCC 6611.

If any of the conditions identified in PCC 6611 exist, the Department of General Services may perform contract negotiations, if it is determined to be in the best interest of the State.

**Electronic Waste
Recycling**

If the Contractor or any subcontractors participate in activities that result in the disposition of electronic components, they will comply with the provisions of PRC Chapter 8.5.

Use Tax

If, during the course of the agreement, the Contractor will be involved in the re-sale of goods to the State, they must comply with the requirements of Section 6452.1, 6487, 6487.3, 7101, and 18510 of the Revenue and Taxation Code, in addition to Section 10295.1 of the Public Contract Code.

Subcontractors

All subcontractors identified in the proposal, must be experts in their respective disciplines and capable of performing the tasks for which they are hired.

If awarded the agreement, the contractor **must** use all of the SB and DVBE firms identified on the Small Business/DVBE Participation Summary, Attachment F.

The CIWMB reserves the right to approve substitutions of subcontractors, as long as, certified business participation levels remain unchanged.

SECTION III**PROPOSAL SUBMITTAL REQUIREMENTS**

Introduction

Failure to follow the instructions contained in this document may be grounds for rejection of a Proposal.

The CIWMB may reject any Proposal if it is conditional, incomplete or contains irregularities.

The CIWMB may waive an immaterial deviation in a Proposal, if deemed in the best interest of the CIWMB.

Deadline

The proposal package must be received by the CIWMB, at the address listed in Section I, Overview by 2:00 p.m. on March 6, 2008.

Proposals received after the deadline, will be considered late and returned to the Proposer unopened.

Addressing

The proposal package must clearly state that it is in response to this RFQ and note the RFQ number with the direction of "Mailroom – do not open."

Number of Copies

The Proposer is required to submit all required documents in the following format:

- One original, non-bound hard copy marked "Original"
- Six (6) bound, hard copies marked "Copy"
- One electronic copy on disc or compact disc viewable by Adobe Acrobat Reader. Entire proposal, including any attachments, must be saved as a single document.

It is the submitting Proposer's responsibility to ensure that the electronic copy is formatted in Adobe Acrobat Reader and viewable by the CIWMB.

Document Printing

All documents must be submitted double-sided on paper with a minimum of 30% post-consumer recycled content fiber. The cover letter (see below) must attest to the percentage of recycled content in the paper used for the proposal or include the ream wrapper as proof.

Contract Eligibility

The Proposer must include a written declaration in the cover letter (see below), stating that the Contractor and any Subcontractors to be used during the performance of the contract are eligible to contract with the State of California, pursuant to PCC 10286.

Cover Letter

The cover letter shall be signed by an individual who is authorized to bind the Proposer and shall indicate that person's title or position. The cover letter must be on the Proposer's company letterhead and contain the following information:

- a. Name and address of the Proposer submitting qualifications;
 - b. Name, telephone number, and e-mail address of a person who can be contacted if further information is required;
 - c. Name, title, address, telephone number, and e-mail address of individual(s) with authority to negotiate and execute a binding Agreement on behalf of the Proposer;
 - d. Statement that the submission is a firm and irrevocable offer for a 90-day period;
 - e. Statement attesting to the fact of the percentage of post consumer recycled content fiber paper used in the compilation of the SOQ package; and
 - f. Statement stating that the Contractor and any Subcontractors to be used during the performance of the contract are eligible to contract with the State of California, pursuant to PCC 10286.
-

SECTION III PROPOSAL SUBMITTAL REQUIREMENTS CONTINUED

Table of Contents The information must be organized as presented here with corresponding page references (i.e., Cover Letter, Statement of Qualifications, etc.)

Statement of Qualifications

Proposers shall respond to all items in the SOQ form (Attachment A). If the answer to any item is "Not Applicable" or "None" so state in the designated space on the SOQ form. If there is no response for an item, the SOQ package may be considered non-responsive and the submittal may be rejected. The following information is provided as clarification of the requirements of some subjects contained within the SOQ but is not a complete list of all information required for inclusion in the Proposers submittal:

- a. References: Proposers must provide the name and current phone number of references that can confirm accuracy of experience and qualifications listed in the SOQ. References who are employees of the firm submitting the SOQ or employees of firms legally associated with the Proposer submitting the SOQ will not be considered as valid references. Experience or qualifications that cannot be confirmed by CIWMB staff (e.g., inappropriate contact person or incorrect telephone number) will be disregarded.
- b. Organizational Chart: Proposers must provide an organizational chart following the format identified in Section G. Specific staff shall be identified for the following tasks, at a minimum:
 - 1) ProjectManager
 - 2) Project Superintendents
 - 3) Health and Safety Officer
 - 4) Cost Estimators

A résumé for each of these personnel must be submitted with the SOQ. The same person may be responsible for multiple tasks, but their experience in each task must be indicated in their résumé. The organizational chart shall indicate other primary employees of the Proposer and any subcontractors who will, or may be, involved with projects during the course of the Agreement. The organizational chart shall also indicate whether the employee works for the Proposer or a subcontractor.

- c. Personnel Information: Include a list of all personnel who will perform the activities described in Section V, Subsection A, Scope of Work, including a summary of similar work performed by these personnel. Include a resume indicating related experience for each employee. Proposer must be able to provide, within a reasonable time frame, those personnel listed in the SOQ for support of the SWCP as needed.
- d. Additional Information: Proposers may provide any additional information that demonstrates the Proposers' ability to perform these types of work, experience with projects of similar scope, or any other information that demonstrates the Proposers' capabilities to perform work identified in Section V, Subsection A.
- e. Partners/Subcontractors: The variety of work may require resources beyond capabilities of some Proposers. If other construction firms are proposed as partners or subcontractors, the experience of those firms, in addition to the experience of the prime Proposer, shall be indicated on the appropriate forms in the SOQ. All experience documented on the forms shall be clearly marked to show which firm was responsible for the specific work.

Any additional information that demonstrates the abilities of a proposed subcontractor shall be included. Subcontractor personnel who are listed in the SOQ shall be clearly identified as employees of a subcontractor.

SECTION III PROPOSAL SUBMITTAL REQUIREMENTS CONTINUED

Illness and Injury Prevention Program (IIPP)

The Contractor shall have a current company IIPP that meets the requirements of 29 CFR 1910.120(b). The IIPP shall apply to all employees involved in the Agreement. Each subcontractor involved in the Agreement shall also have a current company IIPP.

The Contractor shall at all times be responsible for the protection of its employees and the public. Review of the Contractor's IIPP by CIWMB Staff shall in no way relieve the Contractor of responsibility for any aspect of its work, or for compliance with all Federal, State, and local laws pertaining to health and safety.

The Contractor's Project Manager or on-site project support staff shall be at the site whenever work is being performed, unless otherwise authorized by CIWMB Staff.

Prior to site entry, the Contractor shall ensure that:

1. Adequate work planning, health and safety, and operating procedures have been accomplished;
2. All personnel have been properly trained and briefed in hazards and procedures for the site to be entered;
3. Equipment and materials are on-hand to safely and efficiently complete the work; and
4. Proper site access authorization has been obtained.

Licenses

The Contractor shall be an individual or firm licensed to do business in California. Required documentation includes the following as applicable:

- A copy of the Proposer's county/city issued license with proof of expiration date, must be included with the Proposal submittal, additionally;
- 40-Hour HAZWOPER Certification
- Registered Civil Engineer/Geotechnical Engineer
- Registered Geologist or Engineering Geologist
- Contractors Drilling License

Compliance with Government Code Section 87100

Attachment C must be completed and submitted with the SOQ package.

Public Contract Code Sections 10162 & 10285.1 & Non- Collusion

Attachment D must be completed and submitted with the SOQ package. Attachment D includes the following provisions: 1) Public Contract Code Section 10162 Questionnaire, (2) Public Contract Code Section 10285.1 Statement, and 3) a Non-Collusion Affidavit.

Small Business (SB) Participation

The CIWMB expects a minimum of twenty-five percent (25%) of the project services to be contracted to a California OSDS Certified SB that performs a commercially useful function. All Proposers shall acknowledge on Attachment E that they will comply with this requirement or make good faith efforts to meet this goal. If awarded an Agreement, the Contractor will be required to submit evidence with each Work Plan for each Work Order that it has either met these participation goals (Attachment F) or made a good faith effort to meet the goals (Attachment G).

Attachment F must be completed and submitted with the SOQ package **if** the Proposer is a certified Small Business firm or if the Proposer has identified qualified Small Business firms as subcontractors at the time of SOQ submittal.

SECTION III PROPOSAL SUBMITTAL REQUIREMENTS CONTINUED

Small Business (SB) Participation (continued)

The participation goal for each Work Order can be achieved by a combined effort of the prime and/or any subcontractors, that includes:

- If the Proposer is a Certified OSDS SB, as defined in Section V Definitions and Terms. The Participation Summary (see Attachment F) must be completed and submitted with the proposal.
- If the Proposer has identified subcontractors to be utilized to meet this goal, the Participation Summary (see Attachment F) must be completed and submitted for each Work Order.

If the Proposer has made a good faith effort (see Attachment G) to meet the 25% goal and has been unable to secure a certified OSDS SB, a Demonstration of Good Faith Effort (see Attachment G) must be completed and the Participation Summary (See Attachment F) must indicate the percentage (even if zero) of services that will be provided by the SB. Both forms must be submitted with the Work Order.

Disabled Veteran Business Enterprise Participation (DVBE)

The CIWMB expects a minimum of three percent (3%) of the project services to be contracted to a California OSDS Certified DVBE that performs a commercially useful function.

All Proposers shall acknowledge on Attachment E that they will comply with this requirement or make good faith efforts to meet this goal. If awarded an Agreement, the Contractor will be required to submit evidence with each Work Plan that it has either met these participation goals (Attachment F) or made a good faith effort to meet the goals (Attachment G).

Attachment F must be completed and submitted with the SOQ package **if** the Proposer is a certified DVBE firm or if the Proposer has identified qualified DVBE firms as subcontractors at the time of SOQ submittal.

The participation goal for each Work Order can be achieved by a combined effort of the prime and/or any subcontractors, that includes:

- If the Proposer is a Certified OSDS DVBE, as defined in Section V Definitions and Terms. The Participation Summary (see Attachment F) must be completed and submitted with the proposal.
- If the Proposer has identified subcontractors to be utilized to meet this goal, the Participation Summary (see Attachment F) must be completed and submitted for each Work Order.
- If the Proposer has made a good faith effort (see Attachment G) to meet the 3% goal and has been unable to secure a certified OSDS DVBE, a Demonstration of Good Faith Effort (see Attachment G) must be completed and the Participation Summary (See Attachment F) must indicate the percentage (even if zero) of services that will be provided by the DVBE. Both forms must be submitted with the Work Order.

Enterprise Zone Act (EZA)

If the budget for services outlined in this announcement, exceeds \$100,000, the CIWMB will grant a preference for EZA qualified proposers.

The Proposer must provide reasonable demonstration of contract labor hours and certify that they will comply with the requirements of the EZA.

SECTION III PROPOSAL SUBMITTAL REQUIREMENTS CONTINUED

**Enterprise Zone Act
(EZA) (continued)**

If the Proposer is qualified for this preference, the EZA Preference Request Form must be included in the proposal submittal.

The form may be downloaded at www.ciwmb.ca.gov/contracts/forms.

**Target Area Contract
Preference Act
(TACPA)**

If the budget for services outlined in this announcement, exceeds \$100,000, the CIWMB will grant a preference for TACPA qualified proposers.

The Proposer must provide reasonable demonstration of contract labor hours and certify that they will comply with the requirements of the TACPA.

If the Proposer is qualified for this preference, the TACPA Preference Request Form must be included in the proposal submittal.

The form may be downloaded at www.ciwmb.ca.gov/contracts/forms.

**Local Agency Military
Base Recovery Act
(LAMBRA)**

If the budget for services outlined in this announcement, exceeds \$100,000, the CIWMB will grant a preference for LAMBRA qualified proposers.

The Proposer must provide reasonable demonstration of contract labor hours and certify that they will comply with the requirements of the LAMBRA.

If the Proposer is qualified for this preference, the LAMBRA Preference Request Form must be included in the proposal submittal.

The form may be downloaded at www.ciwmb.ca.gov/contracts/forms.

**Proposer's
Conference
Participation**

If the Proposer wishes to participate in the Proposer's Conference noted in Section I, Schedule, the Proposer's Conference Participation Form (Attachment J) must be submitted, by fax or e-mail (scanned document must be viewable with Adobe Acrobat Reader), to the CIWMB Contact twenty four hours prior to the conference.

Introduction

The CIWMB will perform a Pre-Qualification Evaluation process to ensure that the Proposer has included all required documentation in the Proposal submittal.

If a proposal package does not meet all of the requirements set forth in this RFQ, it will be considered non-responsive and rejected from further competition.

Those Proposer's submittals that pass this review will be forwarded to the Selection Committee for Evaluation.

Grounds for Rejection

The CIWMB may reject any SOQ package if it is conditional, incomplete, or contains irregularities. The CIWMB may waive immaterial deviations and the SOQ package may be evaluated based on the information provided when considered to be in the best interest of the CIWMB. Waiver of an immaterial deviation shall in no way modify the RFQ requirements or excuse the Proposer from full compliance with the Agreement requirements. Grounds for rejection of a SOQ package include, but are not limited to, the following:

Additionally, a proposal may be rejected if:

- It is received after the due date and time for submittal
- It does not include a reproducible master and the required number of copies;
- All responses to an item are not completed;
- Required license information is not submitted with the SOQ package;
- Required authorizations and certifications for the SOQ package are not properly completed and signed.
- The Proposer has been prohibited from contracting with the State by the Department of Fair Employment and Housing
- The Proposer has received a substantive negative contract performance from the State
- Any items required by the RFQ are not included with the submittal

No proposal may be rejected arbitrarily or without reasonable cause.

Selection Process

The Selection Committee will evaluate and score all proposals, passing the Pre-Qualification Evaluation, utilizing the Scoring Criteria identified in this RFQ (Attachment B).

Scores assigned based on evaluation criteria will then be converted to a ranking score. For purposes of identifying the firms to be interviewed, staff will determine the ranking hierarchy based on the cumulative ranking score received by each firm. At a minimum, the top three ranked firms will be invited to interview. In the event that less than three firms are qualified, all qualified firms will be invited to interview.

Information obtained from references, client contacts, project inspectors and regulators significantly influences the ranking of responsive firms. Proposers shall provide the name and current telephone number of references that can confirm the accuracy of experience and qualifications listed in the SOQ. Employees of Proposer, or employees of entities legally associated with the Proposer, will not be considered valid references. References that are inaccurately listed (e.g., inappropriate contact person or incorrect telephone number) will be disregarded. Experience that cannot be confirmed by CIWMB staff will be disregarded.

Oral Interviews

Proposers selected for interviews will be notified in advance of the time and place that the interviews will be conducted. Interviews will include discussion and evaluation of qualifications and methods for furnishing the required services. Proposers will also be notified of additional information, if any, to be provided at the interview. Failure to appear at the interview will be considered non-responsive and the Proposer may be eliminated from any further consideration.

SECTION IV EVALUATION AND SELECTION CONTINUED

Oral Interviews (continued)

Each committee member will independently score the interviewees' qualifications based on the criteria identified in Attachment B, and when appropriate, supplemental questions. Scores assigned will then be converted to a ranking score. For purposes of identifying the most qualified firm, staff will determine the ranking hierarchy based on the cumulative ranking score received by each interviewed firm. In the event of a tie, the Selection Committee will be reconvened to review the scores and identify the firm deemed most highly qualified to provide the services required.

Negotiating of Contracts

Board staff will request a detailed Fee Proposal from the highest ranked firm. Board staff will prepare the State's estimate of fees prior to negotiations. The Board staff estimate will remain confidential until award of the Agreements or abandonment of any further procedure for the services to which it relates. The Proposer's Fee Proposal shall include appropriate wage rates for office support personnel and appropriate markup rates to be utilized in the performance of the Agreement.

Board staff will attempt to negotiate an agreement with the highest ranked firm. If an agreement is reached, staff will recommend to the Board that the selected firm be awarded the Agreement. If an agreement cannot be reached with the firm, negotiations will formally be terminated with that firm. Negotiations will then begin with the next highest ranked firm. Failing accord, negotiations shall be terminated. This process will be repeated as necessary until negotiations have been terminated with all interviewed Proposers. Should Board staff be unable to negotiate a satisfactory agreement with all of the interviewed Proposers, Board staff may select additional firms in the manner prescribed above and continue the negotiation procedure until an agreement is reached, or negotiations on this RFQ are terminated by the Board.

Award of Agreement

Award of the Agreement shall be to the highest-ranking firm meeting all the requirements of this RFQ after successful negotiations have been completed. The Board reserves the right to not award the Agreement.

The following forms and information will be required prior to the CIWMB's execution of the Agreement:

1. Payee Data Record (Standard Form 204);
 2. Evidence that the Contractor has either met the participation goals (Attachment D) or made a good faith effort to meet the goals (Attachment E) identified in Section III, Subsections D and E of this RFQ;
 3. Verification of Worker's Compensation Insurance; and
 4. Certificate(s) of Insurance.
-

Notice of Intent to Award

The CIWMB may post a notice of intent to award this Agreement five (5) working days prior to the award being made.

Notice of the intent to award will be posted on the CIWMB's website at www.ciwmb.ca.gov/contracts and at the headquarters building noted in Section I.

Rejection of Award

If the Proposer fails to enter into a satisfactory Agreement within a reasonable timeframe after the award is made, the CIWMB may deem that the Proposer has rejected the award.

The CIWMB reserves the right to disqualify the awardee and award the Agreement to the next highest ranked Proposer.

SECTION IV EVALUATION AND SELECTION CONTINUED

Proposer Notifications	The CIWMB will notify all Proposers of the outcome of their proposal submittals, prior to posting the notice of intent to award.
Execution of Agreement	After the Contractor receives the Agreement for execution, it shall be signed by the Proposer and returned within 10 days, not including Saturdays, Sundays and legal holidays. If the Proposer fails to enter into a contract within this time period, the CIWMB may deem the Proposer to have rejected the Agreement. At that point, the CIWMB may disqualify the Proposer and negotiate and award the Agreement to the next most qualified Proposer.
Start of Work	When the Agreement has been approved by the CIWMB, a fully executed copy of the Agreement will be mailed to the Contractor. Upon receipt of a fully executed Agreement, Program staff may provide the Contractor with Work Orders for work described in this RFQ.
Protest of Award	<p>A Proposer may protest the proposed award by filing an official protest with the Department of General Services. Work to be Performed**Introduction**

Public Resources Code (PRC) Section 45013 requires the California Integrated Waste Management Board (CIWMB) to provide assistance and guidance to Local Enforcement Agencies (LEAs) regarding closed, illegal and abandoned (CIA) solid waste disposal sites to protect public health and safety and the environment. Fiscal Year 2000/01 Budget Change Proposal (BCP) #2 established a CIA Site Program (Program) to address this mandate. The Program provides resources to assist in the inspection, investigation, and enforcement of the vast number and complexity of CIA sites. There are approximately 1,500 non-archived CIA sites in the Board's Solid Waste Information System (SWIS) and new sites are continually being identified.

Scope of Work

Assistance in performing site investigations shall include, but not be limited to, the following elements:

1. In defining the horizontal and vertical extent of the waste, the contractor shall have a field geologist available who can provide information regarding local geology and recommend the best method for conducting an intrusive investigation, e.g. drill rig, direct push, trenching.
 2. The contractor may be required to obtain historical records, background information, geological and hydrogeological information for projects, review workplans and project reports and provide technical expertise.
 3. For drilling, direct push or trenching the contractor shall provide a field geologist to log borings, direct-push locations or trenches and sample locations, classify soils, and take field notes for the operation. Field notes and boring logs for each investigation will be submitted to the CIWMB project manager for inclusion in the final investigation report. Additional analysis such as developing cross-sections, mapping of waste extents and waste volume estimates may also be required investigation submittals.
 4. The contractor will obtain all federal, state and local permits necessary to perform the field investigations including but not limited to grading permits, Air Quality Management District (AQMD) permits, Department of Fish and Game (DFG), county drilling/well permits, US Army Corps of Engineers Section 404 permits, etc.
 5. The contractor will provide or subcontract for surveying services for aerial photography and land surveying capabilities and will develop topographic drawings of the site using AutoCAD and geographical information systems (GIS) software such as ArcView for trench/boring/sample locating and developing remedial designs for clean-closure, cover, gas monitoring, drainage and erosion control, and security.
 6. The contractor will coordinate with Board Staff on field investigation activities defined by the CIWMB Investigation Work Plan.
 7. The contractor shall be able to perform services throughout the State of California and provide subcontractors in any area of the state.
 8. The contractor will adhere to personal protective levels and safety procedures required by the CIWMB investigation Work Plan and Site Specific Health and Safety Plan.
-

SECTION V DESCRIPTION OF WORK

Scope of Work (continued)

9. The contractor will survey, stake (or mark) sample location points per the CIWMB Investigation Work Plan.
 10. At selected sites, the contractor will provide non-intrusive geophysical surveys (ground penetrating radar, resistivity, conductivity, etc.) including results reports and technical expertise to interpret the results.
 11. The contractor will clear sample locations for subsurface utilities (coordinate and mark utilities in the vicinity of sample location points with Underground Service Alert (USA)) and may be required to perform geophysical surveys to identify obstacles outside of the USA's purview.
 12. The contractor will provide dust control measures and health and safety monitoring if necessary, during trenching, drilling or other earthmoving operations.
 13. The contractor will manage the disposal of investigation-derived waste (direct push cores, boring cuttings, trench spoils, purge water, disposable personal protective equipment, decontamination rinse water, sample discards, etc).
 14. The contractor will restore sample location points and surrounding areas to original conditions, e.g. backfill, grade and compact trench spoils, backfill direct-push and boring locations with bentonite and import soil.
 15. The contractor will provide miscellaneous field support for sampling activities including but not limited to receiving equipment, sample packaging, containers, labels and coolers from CIWMB contracted laboratory. Transporting or shipping by Federal Express, United Parcel Service or other overnight courier of equipment and samples to CIWMB staff, its contracted laboratory, or project sites may also be required.
 16. The contractor will install landfill gas monitoring wells and probes per 27 California Code of Regulations (CCR) Section 20925 (bored to depth of waste, multi-depth, gravel packed, bentonite sealed and finished with labcock valves and traffic rated vaults). The contractor will also have the ability to install continuous landfill gas monitoring systems.
 17. All of the contractor's field personnel and any subcontractor's personnel shall be 40-hour HAZWOPER trained and current on their 8-hour refresher courses.
 18. The contractor shall have adequate staffing to support the CIWMB workload including:
 - a. At least one registered Professional Engineer (PE) who is currently licensed through the California Board for Professional Engineers and Land Surveyors on staff;
 - b. At least one Registered Geologist (RG) who is currently licensed through the California Board for Geologists and Geophysicists; and
 - c. Staff with expertise in GIS, drafting and mapping;
 19. The contractor shall possess a current Contractor's License.

SECTION V DESCRIPTION OF WORK CONTINUED

General and Special Provisions

All work under this contract will be performed through work orders written by the contractor and approved by the contract manager. The contractor will initially receive a description of the work required that includes a work plan and other pertinent information. The contractor will then develop a work order, which includes a cost estimate for the work to be done including subcontractor costs. The work order authorizes the Contractor to perform work under Board staff guidance and/or supervision at the site described in the work plan. Work will be carried out in accordance with an approved work plan written by CIWMB staff.

CIWMB staff will coordinate with the contractor and negotiate any changes to the work plan. The contract manager may thereafter approve a work order to investigate the site based on the agreed work plan and any other project documents. Any work not described in the original work order or any costs exceeding the amount of the original work order must be addressed by the contractor in a work order amendment.

Equipment purchased through this contract will be the property of CIWMB and the State of California, unless otherwise specified in writing and approved by the CIWMB Business Administration Office (BAO) and the Department of General Services (DGS).

Work Orders

Work Orders shall include, but are not limited to, the following elements:

1. Introduction: Identify reference documents used to prepare the Work Order, summarize the site visit and contacts made, and discuss problems encountered. Identify landfills and recycling facilities to be used, material sources, haul routes and other relevant information.
 2. Project Supervision: Identify Contractor's key personnel and support staff assigned to the project. Include as a minimum by name the project manager, site superintendent, and subcontractor key personnel/contacts. Describe the organizational relationship for the project and responsibilities of assigned personnel.
 3. Project Work Elements: Briefly describe the remediation method for items of work identified in the Work Order or other items as identified by the Contractor that are required to complete the remediation, including mobilization/demobilization, site utilities and facilities, permits, and temporary environmental controls. Include work hours and days for these elements of the project.
 4. Project Schedule: Prepare a time schedule beginning with start of mobilization through completion of demobilization. Provide a timeline for all major items of work.
 5. Cost Estimate: Prepare a cost estimate that includes costs for each item of work, project supervision, site utilities and facilities, permits, mobilization, demobilization, and bonds. Develop costs for items of work as follows: labor/equipment hours multiplied by Contract rates including markups and surcharges; for materials, subcontractors, and special services show both actual cost and agreed markups in arriving at total cost. Provide all documentation necessary for evaluation and cost tracking for the remediation.
 6. Site Specific Injury and Illness Prevention Plan (IIPP): Prepare a site specific IIPP which identifies biological, physical and other hazards and provides for adequate and prescribed medical surveillance, site controls, monitoring, worker protection and training, decontamination, and emergency response procedures.
 7. The following forms and information will be required for each site cleanup:
 - a. Payment Bond;
 - b. Performance Bond;
 - c. Small Business/DVBE Participation Summary/Demonstration of Good Faith Effort with each Work Order; and
 - d. Recycled Content Certification.
-

SECTION V DESCRIPTION OF WORK CONTINUED

Control of Work

1. The CIWMB Contract Manager has the authority to determine the quality and acceptability of the following:
 - Work to be performed
 - Rate and progress of the work
 - Fulfillment of the services provided by the Contractor
 - Compensation for services provided by the Contractor

These decisions will be deemed final and enforceable by CIWMB Contract Manager when the Contractor fails to complete orders required by this Agreement.

2. The Contractor will designate a Project Manager who holds the following authority:
 - Act as the Contractor's Representative for work to be provided under this Agreement
 - Act as the Contractor's Representative regarding contractual matters relating to this Agreement

If during the course of the Agreement, it is deemed necessary to replace the Project Manager, CIWMB Contract Manager approval is required.

SECTION VI COST AND PAYMENT PROVISIONS

Payment

The Contractor receiving award of this agreement will be reimbursed in arrears for services satisfactorily rendered and approved by the CIWMB Contract Manager, as promptly as fiscal procedures will permit upon receipt by the CIWMB Contract Manager of itemized invoices in triplicate. Separate invoices itemizing all costs are required for all work performed under each Work Order.

Labor Rates

During Agreement negotiation, labor and equipment rates will be determined for Contractors and subcontractors. If a rate is not listed for a required service, the Contractor agrees to accept a fair and reasonable rate for that service.

The Contractor will be compensated for the cost of workers used in the actual and direct performance of the work. To the total of the direct costs computed as provided in the following subsection "Actual Wages," there will be added a markup to be negotiated, but not to exceed 33 percent. No markup shall be added to costs computed as provided in the following subsections, "Labor Surcharge" and "Subsistence and Travel Allowance." Compensation for prevailing wage employees shall be made at the appropriate rate for each classification as determined by the Director of Industrial Relations pursuant to California Labor Code Part 7, Chapter 1, Article 2, Sections 1770, 1773 and 1773.1 (rates available at <http://www.dir.ca.gov>). Contractor shall be responsible for any future adjustments to prevailing wage rates including but not limited to, base hourly rates and employer payments as determined by the Department of Industrial Relations. The Contractor is responsible for paying the appropriate rate, including escalations that take place during the term of the Agreement.

A mistake, inadvertence, or neglect by the Contractor in failing to pay the correct rates of prevailing wage will be remedied solely by the Contractor and will not, under any circumstances, be considered as the basis of a claim against the Department on the Agreement.

The cost of labor will be the sum of the following:

1. Actual Wages: The actual wages paid shall include any employer payments to or on behalf of the workers for health and welfare, pension, vacation and similar purposes.
 2. Labor Surcharge: To the actual wages, as defined in the above subsection, "Actual Wages," a labor surcharge will be added as set forth in the Department of Transportation publication entitled Labor Surcharge and Equipment Rental Rates, which is in effect on the date upon which the work is accomplished. Said labor surcharge shall constitute full compensation for all payments imposed by State and federal laws and for all other payments made to, or on behalf of, the workers, other than actual wages as defined above and subsistence and travel allowance as follows.
 3. Subsistence and Travel Allowance: The actual subsistence and travel allowance paid to workers shall be negotiated.
-

Office Support Employees

Compensation for various project management categories shall be determined during agreement negotiations. This compensation shall be the actual wages, plus any employer payments to or on behalf of the employees for health and welfare, pension, vacation and similar purposes, and include overhead and profit. Compensation for employees not previously identified shall be negotiated between the Contract Manager and the Contractor.

SECTION VI COST AND PAYMENT PROVISIONS CONTINUED

Contractor Owned Equipment

Contractor-owned equipment will be paid for at the rates listed for such equipment in the Department of Transportation publication entitled Labor Surcharge and Equipment Rental Rates, which is in effect on the date upon which the work is accomplished, plus a markup to be negotiated, but not to exceed 15 percent. Rates paid for equipment shall include the cost of fuel, oil, lubrication, supplies, small tools, necessary attachments, repairs and maintenance of any kind, depreciation, storage, insurance, and all incidentals.

Payment for equipment identified in a Work Plan and approved as necessary for the timely completion of a project, that will not be operated on a continuous basis throughout the project (e.g., water trucks and haul trucks), will be paid for in accordance with Table VI-1.

Equipment operated for overtime hours will be paid for in accordance with provisions specified in the Labor Surcharge and Equipment Rental Rates.

The hours to be paid for equipment that is operated less than 8 hours due to breakdowns shall not exceed 8 less the number of hours the equipment is inoperative due to breakdowns.

More than or equal to 30 minutes of operation shall be considered a full hour of operation. Less than 30 minutes of operation will not be considered as operated.

Table VI-1

Hours Equipment is in Operation	Hours to be Paid
0	4
1	4.5
2	5
3	5.5
4	6
5	6.5
6	7
7	7.5
8	8

If it is deemed necessary to use equipment not listed in the Labor Surcharge and Rental Equipment Rates, a suitable rate for such equipment will be established by Contract Manager. The Contractor may furnish any cost data that might assist in the establishment of such rate.

After commencement of work, should it become necessary to suspend work for more than two working days for reasons beyond control of the Contractor, the Contractor shall immediately notify CIWMB staff in writing. CIWMB staff will promptly investigate and determine whether or not to compensate the Contractor for idle equipment. If CIWMB staff determines compensation is warranted, CIWMB staff will determine whether to maintain the Contractor's equipment on site and compensate the Contractor for idle equipment charges in accordance with provisions of Section 8-1.09, "Right of Way Delays" in the Standard Specifications or direct the Contractor to demobilize the equipment. Contractor will be compensated for demobilization charges or idle equipment charges approved in writing by CIWMB staff, but shall not have claim to anticipated profit and overhead costs for work not performed.

Rental Equipment

Rental equipment may be warranted for remediation of certain sites. Payment for rental equipment at invoice rates may be allowed by Contract Manager after review of pertinent information provided by the Contractor. This information includes a minimum of three (3) quotes from rental firms. A separate allowance may be permitted for fuel and lube of rental

**Rental Equipment
(continued)**

equipment if those costs are not included in the rental agreement. This information shall be included in the Work Plan. A markup to be negotiated, but not to exceed 15 percent, will be allowed for this equipment. If allowed by the Contract Manager, acceptable equipment rates and agreement conditions will be included in the Work Order for site remediation.

**Small Equipment and
Tools**

Individual pieces of equipment or tools, such as disposable items or items that may be used on other projects, and having a replacement value of less than \$500, whether or not consumed by use, shall be considered to be small tools and not eligible for compensation under this Agreement.

Specialty equipment and tools, such as personal protective equipment (PPE), sampling containers, and safety equipment may be eligible for reimbursement if requested in the Work Plan and approved by the Work Order.

Materials

To the total of the direct costs of purchased materials a markup to be negotiated, but not to exceed 15 percent, will be allowed. Cost of materials will be the cost to the Contractor. Only materials furnished by the Contractor and required for the performance of work will be considered for payment. CIWMB staff reserves the right to furnish such materials as it deems advisable, and the Contractor shall have no claim for costs and markup on such materials.

Communication

The CIWMB may reimburse the Contractor for project-related cellular charges made by a construction manager while on a project if approved by the Work Order. A weekly rate of \$25.00 may be approved for these purposes only. All other phone charges by the Contractor or subcontractors are considered part of overhead costs and will not be reimbursed.

Subcontractors

When subcontractors are required in performance of the work and have been approved in the Work Order, the Contractor will be compensated for invoiced cost of the services plus a markup to be negotiated, but not to exceed 10 percent. This markup shall reimburse the Contractor for profit and additional administrative costs, and no other additional payment for performance of work by a subcontractor will be made under this Agreement.

**Non-Hazardous
Material Transport and
Disposal**

When required by the Work Order, non-hazardous materials designated for removal shall be excavated, minimizing unnecessary over-excavation or removal of clean material. Screening or other approved methods may be utilized to separate soil from refuse. The Work Plan shall include rates from licensed haulers for removal of material. Non-hazardous material removed from a site shall be disposed of at appropriately permitted facilities. Disposal costs shall be identified in the Work Plan. A markup to be negotiated, but not to exceed 10 percent, will be allowed for approved transport and disposal charges.

**Hazardous Material
Transport and
Disposal**

If any material encountered during the work is determined or is suspected to be a hazardous substance as previously defined, the Contractor shall notify CIWMB staff. If required by CIWMB staff or a Work Order any cleanup, packaging, transportation and disposal or recycling of that material shall follow all prescribed health and safety procedures. Haulers must have appropriate license to transport these materials, and the disposal site shall have permits appropriate for the types and volumes of these materials. A markup to be negotiated, but not to exceed 10 percent, will be allowed for approved transport and disposal charges for these materials.

SECTION VI COST AND PAYMENT PROVISIONS CONTINUED

Insurance

Contractor shall maintain the following insurance policies throughout the life of the resulting Agreement:

1. General Liability and Umbrella Insurance, with the following limits:
 - a. \$1,000,000 for each occurrence
 - b. \$2,000,000 general aggregate
 - c. \$5,000,000 umbrella or excess liability
2. Worker's Compensation Insurance, with the following limits:
 - a. \$1,000,000 for each accident for bodily injury by accident
 - b. \$1,000,000 policy limit for bodily injury by disease
 - c. \$1,000,000 for each employee for bodily injury by disease
3. Automobile Liability Insurance, including coverage for all owned, hired and non-owned automobiles, with single limit of liability not less than \$1,000,000.
4. Professional Liability insurance in an amount not less than \$1,000,000.00 per claim and \$1,000,000.00 in the aggregate.

The Contractor shall provide the Contracts Unit, within ten (10) days after notification of the CIWMB's intent to award the Agreement, Certificates of Insurance for each of these insurance policies. The Agreement will not be fully executed nor can work begin until these Certificates of Insurance have been provided to the CIWMB. The State of California, its officers, agents and employees shall be included as additional insured under the General Liability and Umbrella Liability Policies with respect to liability arising out of or connected with work or operations performed by or on behalf of the Contractor under the Agreement.

In the event said insurance coverage expires or is cancelled at any time or times during the term of the Agreement, the Contractor shall, at least thirty (30) days prior to said expiration or cancellation date, provide a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of the term of the Agreement. New certificates of insurance are subject to approval by the CIWMB. The Contractor agrees that no work or services shall be performed prior to the receiving of such approval. In the event the Contractor fails to keep in effect at all times the insurance coverage as herein provided, the CIWMB may in addition to any other remedies it may have, terminate the Agreement upon the occurrence of such event. The State of California will not be liable for payment of any premiums or assessments on any of these policies.

Other Services and Materials

CIWMB will reimburse the Contractor for other services, if authorized in the Work Order. Examples of other services include: obtaining permits and licensing fees for site remediation to comply with state and local regulatory agency laws, codes, regulations and ordinances, surveys, sampling and testing, report reproduction, over-night mail, materials and supplies; and other such costs determined reimbursable by CIWMB staff. A markup to be negotiated, but not to exceed 5 percent, will be allowed other services and materials.

Non-compensable Services

Compensation for overhead costs, office fax and telephone charges, pagers, miscellaneous incidentals and supplies will be deemed to be included in the mark-up percentages applied to labor, equipment, and material charges as noted above. Charges not reimbursable include such items as invoice preparation, project accounting, billing, photocopying invoices and billing information, and administrative overhead. Examples of non-reimbursable expenses are direct or indirect overhead incidental to providing the contracted services and cost of business and professional licenses and permits.

SECTION VI COST AND PAYMENT PROVISIONS CONTINUED

Records

The Contractor shall furnish completed daily work reports on acceptable forms to CIWMB staff for each day's work. Daily work reports shall itemize the materials used, labor and equipment hours of both Contractor and subcontractor employees and equipment.

A separate report will be maintained by CIWMB staff. At the end of each workday the work reports shall be compared and any discrepancies resolved. Resolved work reports shall be signed by the Contractor's site superintendent and a copy shall be provided to CIWMB staff. When these daily work reports are agreed upon and signed by both parties, they shall become the basis of payment for the work performed, but shall not preclude subsequent adjustment based on audits or reviews.

Material charges shall be substantiated by valid copies of vendors' invoices, which shall be submitted with Contractor's billings and shall include vehicle weight or load slips or record of measurement by vehicle number.

State Income Tax Withholding

Pursuant to California Revenue and Taxation Code Section 18806.1, independent contractors may be subject to one (1) percent State Income Tax withholding.

An independent contractor as defined in Black's Law Dictionary is:

"One who, in the exercise of independent employment, contracts to do a piece of work according to their own methods and is subject to their employer's control only as the end product or final result of work."

SECTION VII DEFINITION AND TERMS

Compliance With Government Code, Section 87100

Government Code, Section 87100 provides: No public official at any level of state or local government will make, participate in making or in any way attempt to use his official position to influence a governmental decision in which he knows or has reason to know he or she has a financial interest. Contractors that provide recommendations and advice that may influence decision-making are required to comply with the disclosure requirements of the conflict of interest laws promulgated under the Political Reform Act.

The prospective contractors and subcontractors, if any, shall disclose any present or prior (within the last two years) financial, business, or other relationship with the CIWMB. These disclosures will be made under penalty of perjury.

In addition to the disclosures required above, list current clients subject to any discretionary action by the CIWMB, or who may have a financial interest in the policies and programs of the CIWMB, and describe any current or planned work activities the contractor is performing for such clients. These disclosures will be made under penalty of perjury. The Proposer and its subcontractors (if any) will be required to file statements of economic interests with the CIWMB upon award of the Contract. The CIWMB will keep copies of the statements of economic interest and forward the originals to the Fair Political Practices Commission.

A determination by the CIWMB that a conflict of interest exists as a result of the disclosed relationships will be grounds for disqualifying a Proposer.

Public Contract Code Section 10162 - Questionnaire

In accordance with Public Contract Code Section 10162, the Proposer shall complete, under penalty of perjury, the following questionnaire:

Has the Proposer, any officer of the Proposer, or any employee of the Proposer who has a proprietary interest in the Proposer, ever been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state or local government project because of a violation of law or safety regulation? If the answer is yes, attach an explanation.

Yes No

Public Contract Code Section 10285.1 Statement

In accordance with Public Contract Code Section 10285.1, Proposer shall complete, under penalty of perjury, the following statement:

Has the proposer been convicted within the preceding three years of any offenses referred to in Public Contract Code Section 10285.1, including any charge of fraud, bribery, collusion, conspiracy, or any other act in violation of any state or federal antitrust law in connection with the bidding upon, award of or performance of, any public works contract, as defined in Public Contract Code Section 1101, with any public entity as defined in Public Contract Code Section 1100, including the Regents of the University of California or the Trustees of the California State University? The term "proposer" is understood to include any partner, member officer, director, responsible officer, or responsible managing employee thereof, as referred to in Section 10285.1.

Yes No

Noncollusion Affidavit (Title 23 United States Code Section 112 and Public Contract Code Section 7106)

In accordance with Title 23, United States Code, Section 112, and Public Contract Code 7106 if federally funded, or Public Contract Code 7106 if state funded, the proposer declares that the bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the bid is genuine and not collusive or sham; that the proposer has not directly or indirectly induced or solicited any other proposer to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any proposer or anyone else to put in a sham bid, or that anyone shall refrain from bidding; has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the proposer or any other proposer, or to fix any overhead, profit, or cost element of the bid price, or of that of any other proposer, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the bid are true; and, further, that the proposer has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid.

Note: The above Noncollusion Affidavit is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of the Noncollusion Affidavit. Proposers are cautioned that making a false certification may subject the certifier to criminal prosecution.

Recycled-Content Certification

Check this box if no products, materials, goods, or supplies were purchased with contract dollars and submit to your CIWMB contract manager.

This form may be completed by contractor, vendor, bidder, buyer, state-contracting officer, or state purchasing agent. The form must be completed and returned to the CIWMB with a row completed for each product purchased with contract dollars. Attach additional sheets if necessary. Information must be included, even if the product does not contain recycled-content

1. Postconsumer material comes from products that were bought by consumers, used, then recycled. For example: a newspaper that has been purchased and read, next recycled, and then used to make another product would be postconsumer material.

If the product does not fit into any of the product categories, enter "N/A." Common N/A products include wood products, natural textiles, aggregate, concrete, electronics such as computers, TV, software on a disk or CD, telephone

2. Product category refers to one of the product categories listed below, into which the reportable purchase falls. For products made from multiple materials, choose the category that comprises most of the product by weight, or volume.

Note: For reused or refurbished products, there is no minimum content requirement.

For additional information visit www.ciwmb.ca.gov/BuyRecycled/

Code	Description	Minimum content requirement
Product Categories (11)		
1	Paper Products - Recycled	30 percent postconsumer fiber, by fiber weight
2	Printing and Writing - Recycled	30 percent postconsumer fiber, by fiber weight
3	Compost, Co-compost, and Mulch - Recycled	80 percent recovered materials. i.e., material that would otherwise be normally disposed of in a landfill
4	Glass - Recycled	10 percent postconsumer, by weight
5	Rerefined Lubricating Oil - Recycled	70 percent re-refined base oil
6a	Plastic - Recycled	10 percent postconsumer, by weight
6b	Printer or duplication cartridges	a. Have 10 percent postconsumer material, or b. Are purchased as remanufactured, or c. Are backed by a vendor-offered program that will take back the printer cartridges after their useful life and ensure that the cartridges are recycled and comply with the definition of recycled as set forth in Section 12156 of the Public Contract Code.
7	Paint - Recycled	50 percent postconsumer paint (exceptions when 50 % postconsumer content is not available or is restricted by a local air quality management district, then 10% postconsumer content may be substituted)
8	Antifreeze - Recycled	70 percent postconsumer material
9	Retreated Tires - Recycled	Use existing casing that has undergone retreading or recapping process in accordance with Public Resource Code (commencing with section 42400).
10	Tire- Derived - Recycled	50 percent postconsumer tires
11	Metals - Recycled	10 percent postconsumer, by weight
